## Rate Bill to Be Amended to Agree With Pennsylvania Senator's Ideas.

## IS NOW CONCEDED

### Decisions of Inter-State Commerce Commission to Be Subject to Court Action.

### PRESIDENT WILL SIGN, TOO

SPECIAL TELEGRAM FROM
**L. W. STRAYER, Staff Correspondent.**

WASHINGTON, March 13.—An amendment to the Hepburn railroad rate bill, providing for court review of the decisions of the interstate commerce commission, will be adopted, and it will be substantially the clause proposed by Senator Knox of Pennsylvania. Conferences of senators on this question have gone far enough to determine this point. The proposition submitted by Senator Knox may not be adopted literally, but though the phraseology may be somewhat changed, it will be found to be substantially the same as that which he drafted.

A senator who voted in the committee on interstate commerce to report the Hepburn bill without amendment, is authority for the statement that the administration will have to back down from its position that there shall be no such amendment. Said this senator:

> I have canvassed the situation thoroughly and have found that it is useless to talk of passing this bill without the court review provision. Such an amendment will be adopted and we may as well make up our minds to it now as any later time. A court review provision will be put into the bill and it will go through in that form. And the President will sign it, too.

### Lodge Busy on Amendment.

The senator who made this statement would not permit the use of his name, but he is one of the leading members of the senate, and one who has stood with the President on this rate question. He has been out of the city for some time and upon his return he took occasion to talk with his colleagues and ascertain the exact situation. The quotation above gives in substance the result of his inquiries.

Senator Lodge is at work on his amendment, which provides punishment for railroad officials who are found guilty of not observing the terms of the proposed law. In his recent speech on the rate question, he called attention to the fact that the Elkins law does not provide for punishment of officials, except by fines. His amendment will provide for terms of imprisonment for those who defy the laws. Senator Lodge does not believe that fines will answer the need. A fine of a few thousand dollars, according to his idea, will not have the deterrent effect that an imprisonment provision will, and therefore he wants such a clause adopted.

### Tillman Wants More Discussion.

Senator Tillman, who is in charge of the rate bill in the senate, gave notice today that after tomorrow he would ask that immediately after the morning business each day, he would call up the rate bill, and he hoped senators who desire to be heard on this question will be ready to speak. The bill is now the unfinished business, and under the usual procedure it comes up every day after 2 o'clock. But Mr. Tillman insists that it must come up before that hour in order that more than one senator may speak on the subject in one day. There was no disposition to oppose this proposition. Tomorrow Senator Raynor of Maryland will speak, and from now on the senate will be the arena of the rate fight.

Senator Foraker, who is the leading opponent of the Hepburn rate bill, stated today that there would be no attempt upon the part of the opposition to delay consideration of the measure or introduce dilatory tactics. He and those who agree with him are willing to have the debate go on and get the question to a vote at the earliest possible moment. At present there is no indication of a vote for several weeks. The indications are that the rate bill will not become a law before June 1.

## EDUCATION INSISTED ON.

### Author Lewis Will Be Arrested Again for Refusing to Send His Daughter to School.

NEWPORT, R. I., March 17.—The arrest of Charles E. Lewis of Portland, Me., an author of means and a veteran of Sheridan's Rough Riders, has again been arrested by the school board on a charge of not sending his daughter to school or complying with the rules of the board regarding private instruction.

Mr. Lewis has resided here since last summer, when he came here in his yacht. He was arrested two months ago and found guilty of neglecting to have his daughter educated. He claimed he was educating the child privately at home, but he declined to submit his plan to the scrutiny of the school board. He paid his fine and said that he would leave town. He did not and as he has not yet complied with the law, the school board has ordered his arrest for the second time. Lewis is a magazine writer of note.

## JONESES WILL BE JEALOUS.

### Charge of Favoritism Can Easily Be Made Against Printers Who Take the Name of Smith.

NEW CASTLE, PA., March 13.—(Special.)—There will be many hundred "John Smiths" in the New Castle directory next summer, when agents of the Birch Directory Company of Akron come here to compile the data.

This is because the Typographical union has asked all union men to aid them in their fight against the directory publishers by refusing any information about themselves and families. The Trades Assembly has indorsed this, and hundreds have agreed to give their names as John Smith.

# THIRTEEN LEGS AMONG EIGHTEEN BOLD YEGG MEN

### They Play Poker, Drink Beer and Have Many Devices for Fooling the Public.

Eighteen arms and 13 legs were put into the North Side Central station last night. Attached to this odd number of pedals and "fins" were the bodies of nine "Yeggs." If the Bertillon system is applied, the combined length and weight of the aggregate can be obtained.

This may sound like the beginning of a Hans Andersen tale, but it simply means that the Allegheny police raided the headquarters of a gang of professional mendicants at Post alley and Scott street. Lieut. Kelsh and Detectives Johnson, England, King, Speer and Aikins were detailed to investigate this beggars' den. What they saw is enough to put a decided crimp into the sidewalk business they practice. Draw poker and craps were being played and a fresh keg of beer had been tapped. A "yegg" without any legs was seated upon the top of a table rolling out the "bones" with the skill of a Georgia darkey. He had to be lifted into the wagon, and the three others who had left their limbs in various part of the country, were given similar aid. Of the nine there were 5 strong, able-bodied men, without any physical deformity worse than dirty faces. But during their working hours they may have paralysis of the arms or legs, a Richard III. hump on their backs, or some other bodily distortion, calculated to excite pity and bring in small change.

The police found several thousand printed cards in the house. These were full of pathetic lines concerning the hard hand of fate and the possibility that such misfortune might overtake anyone at any time. In a cupboard the detectives came upon a supply of crutches, wooden legs, etc., from which could be drawn at any time any manner of fraud desired by those in the gang.

# SPELLING REFORM DOES NOT APPEAL TOGREAT AUTHORS

### Swinburne, Haggard, Shaw, Carr and Doyle See Nothing Admirable in New Scheme.

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1906, by New York Herald Co.)

LONDON, March 13.—The Standard this morning prints interviews with English authors on Mr. Carnegie's subsidizing of the spelling reform movement in America.

Algernon Charles Swinburne says: "It is a monstrous, barbarous absurdity."

H. Rider Haggard says: "The language written by translators of the Bible and Shakespeare is quite good enough."

George Bernard Shaw says: "It took the combined efforts of Peter the Great, Julius Caesar and Pope Gregory to revise the calendar. How, therefore, can Mr. Carnegie, with all his millions, and even possibly the assistance of Sir Henry Campbell-Bannerman, hope to revise the English language? Our ideas of grammar is good, our spelling is damnable."

Robert Carr says: "Any attempt to alter the spelling system is rot."

Sir Arthur Conan Doyle says: "An improved version might become universal, but it would cease to be the English language."

## MUST BE VACCINATED.

### Directors of Washington County Close Township School When Pupils Rebel.

WASHINGTON, PA., March 13.—(Special.)—The school directors of Carroll township have decided to close several schools unless the vaccination law is complied with. Following a stringent order to vaccinate or expel, the teachers of the Alexander school this morning refused to admit any pupils unvaccinated or unwilling to submit to vaccination.

Five, who had recently undergone the ordeal, entered the building and the remaining 45 pupils, acting on advice of their parents, refused to be vaccinated. As a result the school was closed and others will be shut down tomorrow.

## OLDEST DOORKEEPER DEAD.

### Moxley Always Maintained That John Wilkes Booth Was Not Buried.

BALTIMORE, MD., March 13.—(Special.)—Basil Moxley, for 56 years doorkeeper at Ford's opera house, died this morning of paralysis, aged 82 years. He was the oldest theater doorkeeper in the world, starting with the late John T. Ford at the Holliday Street Theater in 1849. He was probably known by sight to more people than any man in Baltimore.

He was pallbearer for John Wilkes Booth, the assassin of President Lincoln, and has maintained that it was not Booth's remains, but another's, substituted by Washington authorities, that lie buried in Greenmount cemetery here.

## FAVOR GAS FRANCHISE.

### Ordinance Goes Through Two Readings of the Johnstown Select Council.

JOHNSTOWN, PA., March 13.—(Special.)—The ordinance granting the United Fuel Gas Company a franchise for 30 years, to supply Johnstown with natural gas, went through two readings of select council tonight without opposition.

In the common branch the ordinance was referred back to the highways committee with instructions to inquire into the responsibility of the company seeking the franchise. The concern has Pittsburgh capitalists interested.

### Vetos Bill to Tax Non-Residents.

ALBANY, N. Y., March 13.—Governor Higgins today vetoed the bill providing for the taxation of personal property of non residents.

# LEADERS OF MINE WORKERS MEET TODAY TO PREPARE FOR COMBAT WITH OPERATORS

Supposition vs. Certainty.

## Both Sides Still Maintain That the Outlook Is Very Pessimistic.

## STAND PATTERS FIRM

### Rival Factions of Local Delegates Leave for Indianapolis Over Different Railroads.

### DISTRICT ELECTION TODAY

The national executive board of the United Mine Workers of America will meet in Indianapolis today to map out the work to be done by the post-convention which convenes tomorrow with a view of settling the differences between the organization and the bituminous and anthracite operators.

The question of rescinding the Ryan resolution will be the most important matter to come before the convention and unless it is repealed a joint conference with the operators will be an impossibility. It is conceded that, as no overtures for a joint conference of the miners and operators of the bituminous field have been made by either party, such a conference, if one is held, must come about as a development of the meetings of the oposing forces to be held in Indianapolis.

It is freely predicted that if neither side comes forward to make an overture for a joint conference that President Roosevelt will make another appeal to both factions to meet in common before they leave Indianapolis.

## HEAVY STORAGE OF COAL MAY INFLUENCE STRIKE

### Operators Will Have Limited Market for Several Months—Mitchell-Lewis Fight Enters Local Field.

On the eve of the opening of the post-convention of the United Mine Workers of America in Indianapolis the outlook for a harmonious conclusion remains very hazy from a Pittsburgh viewpoint. It is predicted that the miners will again go through the formality of asking for a 12½ per cent advance and then adjourn to await the meeting of the operators which is scheduled for Monday next. The voice of the majority of operators has been expressed publicly as against any wage advance, but the hope remains in some quarters that some basis of compromise may possibly be reached that will warrant a call for a joint conference.

However, the impressions that a strike will prevail in the bituminous field may in themselves cause a realization of the fear. This is based on the report that the accumulation of coal by many large industrial corporations and railroads has taken a market away from the operators for many weeks, and that the fact that the largest customers will be out of the market for some time has done much towards discouraging operators to pay an advance wage with prospects of a limited output.

### Refuse to Travel Together.

Delegates from the local district organization of the United Mine Workers will leave tonight for Indianapolis over two railroads. So bitter are the rival factions in the fight to oust Patrick Dolan that they refuse to travel together. At a meeting of the executive board yesterday the question arose as to which road they should travel over. Friends of Dolan are going over the Panhandle and the opposition over the Wabash. The executive committee was in itself divided, 3 to 3, on the proposition, and no "official" road was selected.

The special election for officers to succeed those ousted by the recent district convention begins today and the polls will close on March 24. On March 28 the convention will re-convene to hear the report of the tellers.

The campaign will be a bitter one and has resolved itself into a fight between Vice President Thomas L. Lewis and President John Mitchell of the national organization. Candidates for president of the district organization are Frank Feehan of Castle Shannon, and Edward McKay of Versailles, Pa.

### Bitter Fight Over Election.

McKay is being supported by the Lewis element and Dolan's friends, while Dolan himself is keeping in the backbround behind his assertion that the election is illegal and that he is still president. Miners from all sections of the district reported yesterday that they had been requested by the operators to vote for McKay, and Dolan's antagonists reported yesterday that they had received the assurance that if McKay was elected, Dolan would formally resign and withdraw from the legal proceedings which have entangled the local situation. The radical element, including the bitterest of Dolan's enemies, are lined up for Feehan. The latter represent the Mitchell followers who have become more firmly allied to the national president since he appointed the committee to take the affairs of the district out of the hands of the old regime.

For the 17 positions to be filled there are 91 candidates, executive board candidates numbering 56 with nine to elect. There are about 23,000 voters in the district organization.

## STRIKE WILL FIND MINERS NOT FULLY PREPARED

### Mistake Was Made in Not Levying Assessment Which Would Have Provided Ample Funds.

[SPECIAL TELEGRAM TO THE GAZETTE.]

INDIANAPOLIS, IND., March 13.—Though the leaders among the United Mine Workers of America affect to take a hopeful view of the situation in the anthracite and bituminous coal fields, and refuse to concede that a strike is inevitable, there is no question that they are taking a gloomy look into the future, and they feel that, with the crisis so near, they are woefully unprepared to meet its attendant complications.

# ALCOHOLIC SIGNS FAIL TO SHOW UP IN WARM PERUNA

### W. C. T. U. Disappointed at Failure to Demonstrate Truth of Dr. Deemer's Prognosis.

Peruna simply refused to be an object lesson to the Woman's Christian Temperance union last night, and pertinaciously declined to burn, although strong heat was applied to bring out the inflammable alcoholic and other gases alleged to be concealed in the liquid.

It was at a session of the Woman's Christian Temperance union of Allegheny county in the Second Presbyterian church. Mrs. E. J. Gibson read a paper on "Non-Alcoholic Medication," in which she warned against taking patent medicines, instancing Peruna as containing a large percentage of alcohol. M. H. Stevenson, former attorney for the Anti-Saloon league, talked on local option, in which he spoke of the "license court farce," and said: "The judges do the counting instead of the election board, as in a local option district. Judges are of a political character, and they stand by the people who stand by them."

Dr. S. J. Deemer had an alcohol lamp, the flame of which beat against a retort containing Peruna. The lamp burned a long time, long enough to liberate every inflammable gas in the medicine and gather it at the mouth of the tube which was to be lighted. During the experiment Dr. Deemer knocked the lamp down, but the Peruna boiled on. Finally the doctor touched a light to the tube, and the alleged gases would not burn. It was disappointing, but the president made the best of it by saying that only the knocking down of the lamp had prevented success.

A vote of thanks was given to Clerk of Courts Dodds, because he permitted the placing in his office of inscriptions, which every saloonkeeper applying for a license might read: "Woe unto the man that giveth his neighbor drink."

It was announced that the East End branch of the union had secured a list of all applications for license in the Nineteenth, Twentieth and Twenty-first wards, with the names of the signers, bondsmen and attorneys, and would publish the names in pamphlet form. The Mt. Washington branch has done likewise for the signers and bondsmen in the Thirty-second ward.

## HER SHARE OF GRIEF.

### Mrs. George Layton Is Sorely Stricken. Husband Gone; Two Children Dead and Three Ill.

LATROBE, PA., March 13.—Special.)—With two of her children lying dead at her home in Layton, her three other children critically ill and her husband mysteriously missing, Mrs. George Layton, is prostrated with grief. The husband, who was selling agent for a stove firm, left his home a month ago and investigation as to his whereabouts has been fruitless.

Last night his daughter, Edna, aged 9 years, died from pneumonia, and a short time later Sabrina, 2 years old, died from the same disease. Both are to be buried in one grave in the Perryopolis cemetery tomorow.

## CHOOSES PAINFUL DEATH.

### Girl Jumps from Roof and Is Impaled on Picket Fence, 125 Feet Below.

NEW YORK, March 13.—(Special.)—A pretty girl of 20, supposed to be Miss Minnie Briwitz, while on her way home from friends in Williamsburg, flung herself from the roof of a six-story tenement at 158 Hopkins street, Brooklyn, this afternoon, and was impaled on a picket fence, 125 feet below.

The girl had deliberately gone to the roof of the house, went to the edge of the coping and plunged downward. She is dying at St. Catherine's hospital.

# BOTH REVOLVERS AND KNIVES NEEDED TO PACIFY THEM

### Strenuous Scenes on a French Liner Results from Storm Which Creates Panic.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, March 13.—A terrifying experience at sea was reported by the officers of the French line steamer Hudson, which arrived here today. During the storm which swept the Atlantic last Friday afternoon and evening the 336 steerage passengers on the steamer became panic stricken and were quieted only after the captain and first officer had threatened them with revolver and knife.

Both the barometer and thermometer fell rapidly and a terrific gale rolled up great seas. When the storm was at its worst the steerage passengers became panic stricken and sought to go on deck, insisting that if they must die they wanted to met death in the open. The stewards and minor officers lost control of the passengers and appealed to the captain for assistance. Captain Juham and First Officer Mehausas, who were on the bridge, hurried to the steerage quarters and attempted to pacify the terrorized passengers. First they assured them that there was no danger, then they threatened them and finally drew revolvers and knives and threatened to use them unless the passengers became quiet. Order finally was restored. Soon afterward the storm abated. Captain Juham said that the storm, while it lasted, was the most severe he ever saw in his 30 years' experience at sea.

## MAFIA'S AWFUL WORK.

### Victim of Black Hand Is Shot Eight Times, Slashed With Stiletto and Then Drowned.

NEW YORK, March 13.—(Special.)—Hurled into the Morris canal near the Forest Hill golf links, in Newark, N. J., with a 16-pound stone tied to his body, after he had been shot eight times, slashed with a stiletto and his throat cut, the body of an unidentified man, evidently in good circumstances, was found today. The case is believed by the police to be a murder by Italians carrying out a Mafia vengeance.

Local detectives are of the belief that the man was the victim of a conspiracy, and that his death is due to Black Hand or Mafia vengeance. The fact that two pistols were used to kill the man establishes almost beyond a doubt, they say, that two men participated in the murder.

## PARTY LINES CAUSE GOSSIP.

### Farmers in Washington County Are in a Turmoil over "Rubbering" on the Telephone.

WASHINGTON, PA., March 13.—(Special.)—A whole township in the southeastern section of Washington county is in turmoil as a result of a party telephone system. A Farmers' Mutual Telephone Company was organized with more than a score of subscribers on the single line.

Each subscriber has a separate ring, every ring being heard in each residence. A general complaint of "rubbering" is made, and some farmers are taking the telephone out. It is alleged private conversations are heralded widespread and much damage done to reputations.

### Unidentified Man Plunges to Death.

NEW YORK, March 13.—(Special.)—More than 100 working girls watched an unidentified man leap to his death in front of a Second avenue "L" train early today at the station at Forty-second street. It is believed he deliberately took the fatal plunge, after destroying all papers which would lead to the discovery of his name and address.

# WIFE RESCUES HUSBAND'S BODY FROM INDIANS

### Mrs. Gilstrap Drives 40 Miles to Secure Remains of Deputy Killed by Outlaws.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

VINITA, I. T., March 13.—Up to 8 o'clock tonight, no word had been received from United States Marshal Darrough or any of his posse, which is pursuing the Wickliffe gang of Cherokee outlaws. The night is dark and rain is falling, and a courier would not be able to make his way from the Night Hawk country. The chase may last several days before the Indians are overtaken.

The body of Deputy Gilstrap was brought in this morning accompanied by his widow, who had driven through the hills 40 miles with it. Richard E. Carey, the other deputy who was shot through the chest, is still alive, but it is believed he cannot recover. Otis Tuttle, the deputy at first reported killed, is at the head of the posse chasing the outlaws.

The three Wickliffe boys are not horse thieves nor robbers in any sense as has been stated. They began their career by resisting arrest and now are charged with several murders, committed mostly in their attempts to escape.

The people of Indian territory and Oklahoma fear the possible ill effect this outbreak of outlaws will have on the statehood prospect. It has been the boast of United States officials and the people of the two territories that the wild days of this country passed away years ago.

## KISSING BEE FOLLOWS.

### Russian Escapes Salted Knout and His Countrymen Celebrate His Discharge.

NEW YORK, March 13.—(Special.)—Never before in the federal building was there such a kissing bee as followed the discharge today by United States Commissioner Shields of Felix Gadis, the Russian immigrant charged by the czar's government with the larceny of half a dozen imperial bonds, valued at 4,000 roubles. After kissing Gadis, after the custom of his country, his Russian friends turned on Elias Rosenthal, a lawyer, who obtained the prisoner's discharge and kissed him.

"It means the salted knout and the hot irons for me if the czar's officials can get me in a Russian prison," said Gadis several days ago, "to make me tell the names of certain revolutionists who met in Gerneral Lawonsky's house. If I am held I will kill myself."

## KANSAS INCORRIGIBLE GAS WELL LOOSE AGAIN

CANEY, KAS., March 13.—The great gas well six miles from here, which was capped yesterday with a huge iron hood, after it had burned without restraint for 17 days, consuming millions of feet of gas, burst forth again today. After having confined the fire for 12 hours, the hood was perforated today by the tremendous force of sand and flame beneath it, and soon became a heap of scrap iron.

## WIDOW-BRIDE IS IGNORANT OF HER HUSBAND'S PLANS

CHICAGO, March 13.—(Special.)—Mrs. Wilson Mizner, Charles T. Yerkes' widow, today disclaimed all knowledge of her young husband's whereabouts and movements. "Oh, I do not know where he is, or where he might be going," she responded impetuously to an inquiry based on reports reaching Chicago today that Mizner was arranging to come to Chicago Friday.

### Thirty-one Persons Drown.

ANTWERP, March 13.—Thirty-one persons were drowned today owing to equinoctial tides overflowing or bursting dikes on the Scheldt river.

the feeling is apparent that a mistake was made when the convention adjourned in February and the executive board did not levy the assessment of $1 a week for a strike fund. With approximately 300,000 members in the locals, such a levy would have brought into the national treasury $300,000 a week, or $1,800,000 in the six weeks intervening between the adjournment and March 31, when all contracts with the operators expire, and this sum, added to the money on hand, would have made a fund something like $2,500,000. There is more than $2,000,000 in the treasuries of the several district organizations and the locals, and with this sum at their command the leaders believe they could have put up a fight that would have been worth while.

A member of the executive board, speaking of the great cost of strikes, pointed to the report of Secretary-Treasurer Wilson at the recent national convention as evidence that a large sum would be necessary if the organization intended to force a suspension. The strikes to which are referred were in Alabama, Tennessee and Kentucky, where a total of 10,330 men were out, and these strikes have cost the organization since 1904 the sum of $800,437 57.

He said that with 300,000 miners out of work, and none contributing to the organization, at least $1,300,000 a month would be required, and the organization ought to have $5,000,000 on hand if it expected to succeed. This argument was made at the meeting of the executive board when the convention adjourned, but the members generally did not believe that the operators would hold out beyond April, and no special levy was made.

The presidents of the anthracite districts, who constitute the Shamokin scale committee that submitted the demands of the anthracite operators, arrived here today and are in conference with Mr. Mitchell tonight. One of the questions that will come before them is whether the refusal of the anthracite operators shall be considered at the convention here or at a separate convention of anthracite miners in Pennsylvania. The district presidents favor the former, as they contend that the matter is now one for all the miners of the country to consider and that the anthracite miners have a right to know what they are to be supposed to do.

They say also that the bituminous miners are equally interested with them in the outcome of all the conferences, and that the organization ought to dispose of the questions at issue in its general convention. It is not expected that the miners will recede from their demands, and the operators will be asked to confer with their scale committee again in an effort to reach an agreement, and it is possible that these conferences will last from Monday next till Saturday.

The operators are coming to the meeting with a determination to depose F. L. Robbins of the Pittsburgh Coal Company from leadership, and also to stand firmly against an increase in wages. The miners' leaders declare they will not recede from their position, and surface indications now are that there will be no agreement prior to April 1.

## HOPE TO AVOID STRIKE, BUT FEAR THE OPERATORS

### Miners Start for Indianapolis With Determination to Do the Best They Can.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WILKES-BARRE, PA., March 13.—Anthracite Mine Workers' delegates, headed by District President T. D. Nichols, Secretary John Dempsey, Board Members Carne, Gallagher, Llewellyn and Gongiaski, left here this morning for Indianapolis, where, after the convention has decided the soft coal situation, the scale committee will take up the question of whether there is or is not to be a strike in the anthracite region.

Few of the delegates would talk, but those who did expressed the hope that the operators would grant some of the demands made by the mine workers.

HAZLETON, PA., March 13.—The delegates from District No. 7 to the national convention of the United Mine Workers left this afternoon for Indianapolis. Most of them went uninstructed.

MAHANOY CITY, March 13.—The miners' delegates from the Schuylkill region started at noon today for Indianapolis over the Reading railway. They go uninstructed, but it is said will hold out for an eight-hour day, recognition of the union and an increase in wages.

SALINEVILLE, O., March 13.—William A. Savage, delegate to the joint convention of miners and operators at Indianapolis, left today to represent the miners of this district, pledged to stick to the original demand. His instructions are iron-clad, as are those of all the other delegates from this sub-district.

## INDIANA AGAINST RAISE.

### The Bituminous Operators' Association Decides to Give the Miners a Battle.

TERRE HAUTE, IND., March 13.—The Indiana Bituminous Coal Operators' association, by resolution adopted at the annual meeting tonight, opposed making any changes in the scale of wages for mining coal that will increase the cost of production above the scale made two years ago.

The action means, according to the operators, that unless the miners back down from their demands for increased wages there will be a strike April 1.

### Rockefeller and Prentice Resign.

NEW YORK, March 13.—John D. Rockefeller, Jr., and E. Parmalee Prentice, his brother-in-law, at the annual meeting of the Missouri Pacific railway today resigned as directors of the company and James Henry Smith and S. Davies Warfield were elected to fill the vacancies. The other retiring directors were re-elected.

## STANDARD LIMITS ITS INFORMATION

### Attorney General Hadley Receives Notification—Certain Witnesses Are Asked For.

### MUST HAVE TESTIMONY

[BY ASSOCIATED PRESS TO THE GAZETTE.]

KANSAS CITY, MO., March 13.—The Standard Oil Company, through Alfred D. Eddy of Chicago, its general western attorney, has in effect notified Herbert S. Hadley, attorney general of Missouri, who was in Kansas City today, that it will give him no more information in his suit to oust the Standard and its allied companies from the state of Missouri, than it is compelled to do.

Mr. Hadley, in discussing the Standard's position, said today:

"A week ago, when the testimony of H. Clay Pierce was to have been taken before Commissioner R. A. Anthony, in St. Louis, Mr. Eddy, attorney for the Standard Oil Company, stated to me there would be no further resistance on the part of witnesses already subpoenaed in New York to answering the questions that they had previously refused to answer. I then suggested to Mr. Eddy that if he would produce H. M. and W. H. Tilford and M. Van Beuren before Commissioner Sanborn in New York March 24, I would not, as a matter of convenience, file an application in the supreme court to bring them to Missouri.

Mr. Eddy promised to give an answer to this suggestion as soon as he could consult his clients in New York. He has informed me he did not feel authorized to make this arrangement. Consequently if service on them is not secured at the time the taking of dispositions is resumed in New York, I will apply to the supreme court for an order to compel their appearance in Missouri.

"The question of subpoenaing John D. Rockefeller did not enter into the discussion with Mr. Eddy. We have been and are still endeavoring to secure service on him, but there are other witnesses whose presence I am more anxious to secure."

The testimony of E. T. McCarthy, of the Mission Mining Company, of Quapaw, Indian Territory, brought forth more letters on oil rates, one from the Standard Oil Company's office at 26 Broadway, New York, and the other from the St. Louis and San Francisco railroads general offices. McCarthy said his mine was built over the Kansas line, six miles from Baxter Springs, Kan. He told of his effort to use oil from the Kansas field instead of coal at his mines.

E. L. Willhoyt, formerly an agent at Topeka, Kan., for the Standard Oil Company, but now an independent dealer with offices at Joplin and Springfield, Mo., testified today.

Mr. Willhoyt said while agent for the Standard at Topeka, he was instructed to watch all shipments of oil to that point, and to ascertain the name of the shipper and the point of distribution.

Willhoyt said by keeping track of the shipments made by their competitors, the Standard was enabled to know the names of every dealer who was buying oil from independents. "It enabled me," he said, "to go to each of my competitors and either tie him up to us with a contract or cut the price so he lost money on the oil he received from independent refiners."

I. N. Knapp, an oil producer and shipper of Chanute, Kan., was the next witness. He testified when the railroads raised the rate on oil from 10 to 17 cents from Chanute to Kansas City, it put him out of the shipping business.

## TRIAL OF ROBERT M'COY ON CHARGE OF MURDER

### Physicians and Others Testify on Behalf of the State—Evidence Is Circumstantial.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER, PA., March 13.—A net of circumstantial evidence is being woven about Robert McCoy, the Darlington township farmer placed on trial here yesterday before Judge R. S. Holt for the alleged murder of his crippled brother, Hugh McCoy on the night of December 19, 1905. Dr. W. W. Waterson was the first witness today. He told of being called to the home of the McCoy brothers at midnight. The doctor described the wounds in the murdered man's neck, laying stress on the powder marks and the beard being burned. He identified a shotgun he had seen in the McCoy home on the night of his visit. Several pictures and a plot of the McCoy house, showing bloodstains on the floor, and the position in which the murdered man sat when shot in reference to a window behind him through which it is testified the shot was fired, were exhibited.

Ex-Coroner J. R. Gormley, who was in office until the last of December, testified about the same as Dr. Waterson. Hon. I. E. Mansfield testified to visiting the McCoy place the morning after the murder and said the indications pointed to the shot having been fired from inside the house. James Pierce and Mary Gishbaugher testified to Robert McCoy having told them he wanted to visit his brother in Illinois, but was hampered by Hugh's crippled condition. Several witnesses testified they saw no signs of shattered glass inside the house near where the shot was supposed to have been fired through the window.

## ACTS REAL TRAGEDY.

### Actor Kills Himself on Stage Because Young Girl Would Not Love Him.

WASHINGTON, March 13.—William Thomas, aged 22, of Saginaw, Mich., a member of the chorus of the "Wonderland" company, performing at the Columbia theater here, committed suicide tonight by drinking carbolic acid while the play was in progress. Thomas was an admirer of Idra Gordon, aged 16, also a member of the company. The suicide was caused by disappointment because she would not reciprocate his attentions. After the show was over, Miss Gordon went to the hospital to which Thomas had been removed, and on seeing his body said: "I did not know he thought much of me. I did not mean to break his heart. He misjudged me."

The couple were in the property room of the theater when Thomas said: "Goodby, old girl," and drank the poison before she could stop him. The play was not stopped.

## GEORGE HOFF DISAPPEARS.

### Name Does Not Show on the Roster of West Point.

The East End police received yesterday a letter from Miss Annie Hoff of Millersburg, Pa., asking for information as to the whereabouts of George Hoff, who was picked up on the night of February 21. Hoff claimed to be a retired officer of the United States army and told the police and a saloonkeeper of the East End that he had seen service in the Mexican and the war of the rebellion. The saloonkeeper gave him a bed, and the police had arranged to buy the man, who said he was 82, a ticket to Harrisburg. A special officer was sent to the department of charities to get the old man a ticket to Altoona.

The following morning Hoff disappeared, and the police have not seen him since. Hoff's name does not appear on the list of army officers, since the founding of West Point, where he said he was graduated.

### Countess Asks Absolute Divorce.

PARIS, March 13.—Countess Boni De Castellane, accompanied by her lawyer, today appeared before Judge Bitte, president of the civil tribunal of the Seine, and asked for permission to amend the proceedings in her application for a separation from her husband, so the decree will give her absolute divorce. The application asked for a separate domicile and custody of the children pending the legal procedure.

## GERMS OF GREAT SLEUTH IN ROSENTHAL'S BOSOM

### Clothing Dealer Dispairs of Aid from the Police and Finds a Negro Wearing Vari-Colored Shirt Stolen from Him.

Samuel Rosenthal of 513 Overhill street has a clothing store, but Detective Superintendent McQuaide might increase the efficiency of his sleuth bureau by opening negotiations with him. Rosenthal had Policeman McAvoy arrest Ben Ganes, an alleged negro burglar, in Wylie avenue last night. The immaculate Ben is now in durance vile, because of his fondness for shirts resembling in appearance the waistcoats of Timothy Woodruff. It was the shirt that was the clue.

According to Rosenthal's story, his house was entered on the night of January 16, when a big negro removed $40 from Samuel's pants pocket, and threatened the owner of the money with instant death if he squealed. A shining revolver added emphasis to this promise. Samuel remained silent.

A shirt spotted like a leopard and with the stripes of a zebra, went with the money. It was part of Rosenthal's wardrobe. The day following the burglary Rosenthal told the police of it, but they never caught the thief. Lately he has been doing some Hawkshaw work on his own hook. He spied the shirt last night, and very logically decided the man who wore it was the same as he who had disturbed his slumbers weeks ago. The prisoner denies any guilt.

## NEITHER SIDE CAN GET MAJORITY OF SELECT

### Small Attendance at Caucus of Republicans of Upper Branch of Councils.

A meeting of some of the Republican members, members-elect and holdovers of select council met last night in the office of Charles Stewart in the Farmers Bank building, to discuss the organization of the upper branch. Those present were Charles Cavett, T. O. Atkinson, Charles Stewart, C. C. Schad and W. H. Weber.

A meeting was held last week in the same place attended by 12 members of the new select council. Dr. E. R. Walters was one of those who attended the former meeting. Dr. Walters and Mr. Stewart are both candidates for the Republican nomination for the presidency of the select.

Neither the Republicans nor the Democrats have been able to muster a majority of the upper branch at their caucuses. Fully half of the members of select, it is stated, refuse to enter either party caucus and this tends to make the contest for the control of councils, particularly select council, uncertain.

According to some Republican city officeholders, the select members from their wards refuse to enter a caucus because by so doing they hope to hold their friends in office under the Guthrie administration.

## THIEVES SEEK TREASURE IN ANCIENT MANSION

### W. H. Lee May Have Lost Money He Never Saw and Knows—Floor Ruined.

[SPECIAL TELEGRAM TO THE GAZETTE.]

RICHMOND, VA., March 13.—"Your house has been entered and a pot of money stolen," was the purport of a letter received by W. H. Lee, a descendant of Gen. Robert E. Lee, from an old negro who has charge of the Lee farm in York county.

As soon as Mr. Lee heard of the robbery he returned to his home and there found that a great square had been cut out of the dining-room floor, the oak sills that have been there since the house was built in 1640, having been sawed through, a hole five feet in depth yawning underneath.

On the floor of the secret chamber could be plainly seen the marks of the pot. A son of Mr. Lee found an old silver coin near the hole.

"Stories have been going around ever since I can remember about buried treasure on our place," said Mr. Lee, "but the same is true of all other houses. The thieves did a hundred dollars worth of damage to my dining-room floor."

## HUNDREDS OF VICTIMS BURIED WITH CEREMONIES

### French Mine Disaster Blamed to the Operating Company by Workman Who Speaks at Funeral.

[SPECIAL CABLE TO THE GAZETTE.]

PARIS, March 13.—There were hundreds of funerals today at the town surrounding Courrieres, where the mine disaster on Saturday resulted in the loss of more than a thousand lives. A delegation of socialist deputies from the French chamber was present and speeches were made by M. Selles and M. Lamendin, who said they would begin a suit against the company in the name of the victims.

A workmen's delegate made a violent speech at one of the funerals against the company, saying the miners were victims of the ignorance of the engineers and crying: "Down with capital!" and "Down with the assassins!"

Latest figures show that there were 1,212 victims of the explosion.

The American chamber of commerce has subscribed $2,000 for the relief of the sufferers. Mr. McCormick, United States ambassador to France, headed the list.

A mining engineer named Francis Laur, whose dispatch, however, has not been confirmed, telegraphs today's issue of the Journal from Lens his absolute conviction that a number of miners are still alive in distant parts of pit 3. Cavings-in in the pit hinder operations. If alive, the dispatch says, the men may be able to live for three days.

## FEAR MOB VIOLENCE.

### Gov. Gooding May Call Militia—Workmen to Hold Protest Meeting to Arouse Sentiment.

CALDWELL, VA., March 13.—Under a heavy guard, Moyer, Maywood and Pettibone, who have been indicted for the murder of Former Gov. Steunenburg, were removed today from the state prison in Boise to the Canyon county jail, in this city, against the protests of Gov. Gooding.

To forestall any efforts at rescue Sheriff Nichalos has sworn in dozens of deputy sheriffs, who will patrol the jail night and day. If this protection is not sufficient Gov. Gooding will call out the militia.

NEW YORK, March 13.—The industrial workers of the world and the Socialist Labor party will hold a parade and protest mass meeting tomorrow night in Union square in an endeavor to arouse sentiment in favor of the officials of the western Federation of Miners, who were arrested in connection with the murder of Gov. Steunenberg of Idaho.

## FIRE RUINS BUILDINGS.

### Eleven Firms Are Burned Out and Loss Is Estimated at About $350,000.

### Freight Destroyed.

NEW YORK, March 13.—Fire, which originated tonight in the five-story brick building 15 to 19 East Fourth street, and running for six numbers in Lafayette street, completely destroyed that building and spread to the adjoining five-story building at 11 and 13 East Fourth street. Six firms occupied the first building and five the last. The main floor of the former was tenanted by the American and Westcott express companies.

The amount of freight stored there by the express companies was large, as this was one of their many shipping points in this city. Other firms occupying this building were: C. H. Tenney, hat manufacturer; Fex, Lederer & Co., and Schwartz, Dobrner, Cohen & Co. It is believed the loss is $300,000. The damage done in the second building amounted to $50,000.

## PLANS FOR FUNERAL OF MISS ANTHONY

### Young Women Students Will Act as Pallbearers—State Senate Adopts Resolution.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ROCHESTER, N. Y., March 13.—The speakers at the funeral of Miss Susan B. Anthony, which will be held at 2 o'clock Thursday afternoon at the Central Presbyterian church, will be Dr. C. C. Albertson, pastor of the church; the Rev. William C. Gannett, Miss Anthony's pastor; William Lloyd Garrison of Boston; Mrs. Carrie Chapman Catt of New York, who succeeded Miss Anthony as president of the National Suffrage association, and the Rev. Anna Shaw. The body will lie in state for three hours prior to the funeral. Young women from the University of Rochester will act as pall bearers.

Many telegrams of condolence from all over the country came today. In a message from Mrs. Mary Wright Sewall of Indianapolis, honorary president of the International Council of Women, Mrs. Sewall requested that she be informed of the hour the funeral is to be held in order that a memorial service may be held in that city at the same time.

ALBANY, N. Y., March 13.—The senate today adopted a resolution of condolence on the death of Susan B. Anthony, in which "The distinguished character of her service during the 86 years of her life" was referred to, making her "one of the most famous and remarkable women of her time."

"Because of her unceasing labor," continues the resolution, "undaunted courage and unselfish devotion to many philanthropic purposes and the cause of equal political rights for women, her death creates a loss which will be mourned, not alone in this country, but throughout the world.

"Therefore, resolved, (if the assembly concur), that the sympathy of the people of the state be extended to her family in their bereavement."

## MOORE BUYS ANOTHER AERIAL LADDER TRUCK

### Lets Contract for $5,500—Apparatus Purchased by J. O. Brown, Costing $10,000, Is Idle.

Notwithstanding the city's unfortunate experience with an aerial ladder truck, costing $10,000, which was purchased when the late J. O. Brown was director of public safety, Director Moore is following in the dead director's footsteps. Moore and Mayor Hays yesterday awarded a contract to the American La France Company of Elmira, N. Y., for an 85-foot aerial ladder truck to cost $5,500. They also let a contract for a smaller service hook and ladder truck to the Combination Ladder Company of Chicago for $2,100.

The aerial ladder truck which Director Brown purchased, and which was twice broken and repaired, is lying idle and as useless as a pile of junk in the Tunnel street stable.

## KILLED IN SNOW STORM.

### William Crutchian Is Run Over By Freight Train at Hays Station. Other Violent Deaths.

Blinded by the snow, William Crutchian, aged 35, a car inspector, was killed at Hays station yesterday morning on the Union railroad. He was walking on the tracks with his head bent to keep the snow from striking his eyes. He failed to see the train and was run over. He lived at 16 Glenwood avenue, Glenwood.

P. M. McKelvey of Altoona, a conductor on the Pennsylvania railroad, died at the Mercy hospital last night from injuries received yesterday afternoon by being run over by a train on the Island avenue crossing of the Ft. Wayne railroad, Allegheny. He was 40 and single.

William Polpash, aged 30, of Elizabeth, died at the McKeesport hospital last night from injuries received in the Patterson mines, at Elizabeth yesterday afternoon. His legs were crushed by a fall of slate.

The body of the woman who was drowned on the steamboat Thomas Lysle at Braddock last Saturday, was identified at the morgue last night as Mrs. Christine Dempsey of Cincinnati, by Simpson Morgan, pilot of that boat. The woman was 28 and a widow.

The man who died at the Allegheny General hospital on Monday morning of injuries received in a railroad accident at Tarentum on Sunday night, was Conrad Sheets, aged 35, and married, a steel worker of Natrona.

Nezevat Aranidvic, aged 42, a Slav, died at the Pasavant hospital yesterday at noon from injuries received by being run over by a train on the Baltimore & Ohio near Bessemer station at 7 a. m.

### Cleveland Detective Says the First Mrs. Reynolds Is in McKeesport.

Jacob Bentz, a Cleveland detective, is authority for the statement that Mrs. J. H. Reynolds No. 1 and her 3-year-old daughter are now living in McKeesport. He claims to have seen and talked with the woman and her child, and that Mrs. Reynolds exhibited a marriage license.

Cleveland and Pittsburgh detectives are looking for H. J. Reynolds, who, until a few days ago held a responsible position with the Corrigan Iron Ore Company of Cleveland. He is accused of having married four women all under the same name.

## HIGHWAYMEN CONFESS WHEN CONFRONTED WITH VICTIM

Special Officers Freeborn and Beebe last night arrested Marion John of 97 Amanda avenue and Joseph White of 128 Zara street, Knoxville, on a charge of highway robbery. They were identified by Albine Clingsnitzer of Morgan street as the men who assaulted and robbed him of $70 Saturday night at Arlington avenue and South Eighteenth street. Both men confessed after facing their victim. The latter was so badly choked while putting up a battle against his assailants that he cannot talk, and it is feared he will lose his voice entirely.

### New Oil Well Looks Promising.

BUTLER, PA., March 13.—(Special.)—In the Coylesville fourth sand field 10 miles east of Butler, former Congressman Joseph B. Showalter has drilled in a well on the Flick & McCrea farm which is flowing 100 barrels a day. The well came in Saturday. The Hinchberger Company's well on the Chris Steigner farm south of Coylesville is holding up at 50 barrels a day.

## COX HIT AGAIN IN TAFT'S LETTER

### Secretary of War Emphasizes His Belief in Non-Partisanship in Municipal Affairs.

### ALSO SPEAKS FOR PRESIDENT

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CINCINNATI, O., March 13.—President Theodore Roosevelt and the Hon. William H. Taft were tonight unanimously elected honorary members of the Roosevelt Republican club of this city. This club is a new organization formed after the recent election as an instrument for the maintenance of a Republican organization, "opposed to bossism and machine politics."

In a long letter of acknowledgement and acceptance of the honor for himself and President Roosevelt, Secretary Taft makes some striking statements. Referring to the recent defeat of George B. Cox as a political leader in this city, the secretary says that this is a great step toward good municipal government, "but its benefit may be largely lost if the people pat themselves on the back with the pleasant idea that the machine is broken up and that the future will take care of itself. The truth is that the victory will be worse than ruitless unless some means are devised to make its effects permanent. It is idle to hope that people may be aroused at every political contest to defeat machine slates, unless there are counter organizations made up of young men actuated by the patriotic desire to select only good candidates."

He advises against the club becoming a "better than thou" association, which, he says, would defeat its own object by its exclusiveness and lack of practical sense. Continuing, he says:

"The assistance of men of honesty and character who were associated, more or less, with the machine when it seemed all powerful, but really rejoice now at what seems its downfall, ought not be rejected, if you find it offered in good faith.

"The members of such a club as the Roosevelt club although an orthodox Republican organization may very well decline to support the candidates of its own party if such candidates are plainly lacking in the qualifications according to the standard which they may properly set for the selection of public officers. Still it is well to use a wise discretion in bolting. The important question will always be in what way you can secure and exercise the greatest influence for good, and you cannot afford in practical politics (and there are no other politics) to ignore the strength which adherence to regularity gives you as a club in working reforms within the party.

"The conduct of municipal affairs has no natural relation to the conduct of national affairs and while it does not seem possible to eliminate from municipal elections the system of nominating party tickets, there ought certainly to be cultivated a much wider spirit of independence at municipal elections in the scratching of improper candidates selected by either party than is likely to be ever exercised with reference to state or national elections."

After reciting that the club can accomplish much more by selecting those best qualified for candidates for public office, and not simply because the candidate may be a member of the club, he concludes as follows:

"That the club will always resist and expose corruption, and be active in the promotion of reform in public affairs and it will follow practicable and sensible methods of organization for the purpose of achieving practicable political objects, and its members will work with the effort worthy of a great cause, it will certainly assist in attaining that which you declare to be your final purpose; to-wit, the inculcation, maintenance and furtherance of high ideals of American citizenship."

## LIGHT COMPANY TRIES AGAIN IN BELLEVUE

### Council Wants to Reopen Old Roads Leading to River—Question of Grade Crossings.

An ordinance granting a franchise to the Pennsylvania Light, Heat and Power Company, was introuced in Bellevue council and a movement started to obtain a road to the Ohio river last night. The light ordinance is similar to the one passed after a stormy scene in the old council and vetoed by former Burgess David Martin. It provides for the expiration of the franchise at the end of 25 years and the payment by the company of a pole tax or a linear tax on conduits. The borough also has the option of purchasing the system at intervals of five years.

A letter was read from Superintendent E. T. Whited of the Pennsylvania Company relative to the re-establishment of the roads which formerly led to the river. He stated the crossings had not been in use for 20 or 30 years and the relocation of grade crossings would not be practicable. He doubted if the railroads could be required to make any changes in their tracks by the laws of Pennsylvania. A resolution "that the engineer and solicitor be instructed to assert our rights" was carried.

## PROPOSITION MAY BE COSTLY.

### McKeesporters Worrying Over Resolution That Slips Through Councils.

McKeesport is earnestly discussing a resolution introduced in McKeesport Monday night permitting the appointment of "any alderman" to conduct the police court hearings "each and every" day. When the resolution was read, the members with one exception, Richard Hampson in common, voted for it without discussion. He was assured there was nothing wrong, but changed his mind after meeting.

In introducing the bill Chairman Archie Duncan said he did so at the request of Mayor-elect W. H. Coleman, who is with the Pittsburgh ball team and cannot be seen. The city stands to lost not less than $4,000 in costs. The mayor's salary is now $2,000, and aside from the police court hearings, his duties are not onerous.

## ROUCH CHARIVARI PARTY.

### Besiege H. J. Mossburg's House and Fire More Than 300 Shots.

H. J. Mossburg of Perryopolis is trying to identify some of the crowd of men who besieged his house last week. Mossburg's son Enos had been married, and the old man, Enos and the latter's wife were returning from church at night when a crowd of 50 men met them at the door of the house.

The crowd let fly a volley of stones, hitting the elder Mossburg on the leg. He got his revolver and fired in the air. This incensed the crowd and several got shotguns. More than 300 shots were fired, and when morning broke the house and trees in the front yard were riddled with shot. The besiegers exploded five sticks of dynamite and broke nearly every window in the house.

## COLLECTION OF CITY TAXES BEGINS TODAY

The collection of the March installment of city taxes begins this morning in the city treasurer's office. The clerks in the assessors' office completed their work last night and turned their books over to the treasurer. Taxpayers will have until the end of the month to secure the 5 per cent discount on the September installment paid in advance. Requests for statements from the larger taxpayers will be made out and mailed in the order in which they are received.

## CANNON MASTER AND CAN CONTROL

### Statehood Bill Is Subject to the Action of the Speaker of the House.

### LOOPHOLE IS DISCOVERED

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, March 13.—Speaker Cannon is tonight complete master of the destiny of the statehood bill. If the Republican caucus set for Thursday afternoon develops a lack of votes in the house to stand to the last ditch against the senate amendments, the statehood bill will never be laid before the house.

For two days the aspirations of Oklahoma and the Indian territory to become a state have hung on a slender thread. If the statehood bill remained "on the speaker's table" there was hope. With the bill in this position and enough insurgent votes united with the Democrats to accept the senate amendments, a tussle for control was impending at any time. That the bill should have this status when it reached the house, was the studied design of senators who sought to amend it. With this in view the house rules were scrutinized carefully that no amendment might be made which would necessitate sending the bill to the house committee on territories, where it could be securely entombed forever in a pigeon-hole of Chairman Hamilton's desk.

But the senators did not accomplish their purpose. Today the desired amendment which sends the bill to the committee was discovered. The house bill provided that sections 13 and 33 of each township in the state should be set aside for school purposes. The senate amendment to this provides that if these lands contain minerals, lieu selections may be made. To grant other lands than those provided in the house bill constitutes "the disposition of government property," which in effect changes the charge upon the treasury and makes it necessary for the committee to again take jurisdiction.

The bill is still on the speaker's table, where it will probably remain until Monday, when it will go to the committee.

## LETTER IS A JOKE.

### "Black Hand" Epistle Is Sent to Magistrate Kirby by Brother Officer.

Magistrate James J. Kirby:

Get out of the Ninth ward at once as you value your life. Get out at once if you value your safety, as well as that of your family. Make Malichi Burns alderman of the ward and your Jew friend constable. Do this at once or the consequences will be most fatal to you. You are doomed!

"THE BLACK HAND."

The above letter was received by Magistrate Kirby yesterday morning, and it was sent by Special Officer Edward Dunn as a practical joke. Kirby has always ridiculed the idea of the police that there were members of the "Black Hand" society in this city. Dunn, in order to see how Kirby would act if he received a threatening letter, sent him one. Kirby traced the letter to Dunn immediately.

### Kills Himself Before a Mirror.

FRANKLIN, PA., March 13.—(Special.)—Charles R. Bahle, chef at the Exchange hotel, shot himself before a mirror today and died instantly. Infatuation for a married woman is given as the cause of the suicide. It is alleged he had been paying her attentions and the husband recently interposed. The affair, it is said, culminated in a heated argument at the woman's home last night.

### Christian Endeavorers to Meet.

Members of the Allegheny County Christian Endeaver union are making preparations for the coming of Van Ogden Vogt, general secretary of the United Society of Christian Endeavor, who will be in the city next Monday. Mr. Vogt will preside at a ministers' meeting at 2 p. m. at the Y. M. C. A. building; from 4 to 6 o'clock a conference will take place in the Fourth Avenue Baptist church; at 7:45 a meeting will be held at the Third United Presbyterian church, Diamond street.

NEEDLESS ALARM.

Here's a poor man coughing away his lungs—at least, so his relatives think.

It's cough, cough; hack, hack, hack; all day and sometimes all night.

"Must be consumption," think the alarmed ones.

And, of course, there is always a possibility that they may be right.

But in most cases they're wrong; because Dyspepsia is so much more common than Consumption.

And Dyspepsia causes chronic Cough, just like Consumption.

The dyspeptic cough, it is well to remember, can be quickly cured by Stuart's Dyspepsia Tablets.

No need to be alarmed about it, unless you make up your mind to neglect it.

Then, indeed, you must look out for danger; for the Dyspeptic Cough often grows into a Consumptive Cough if neglected, by the constant lung irritation which it causes.

So the best way is to waste no time, but begin at once the use of these famous little tablets, the timely use of which has saved many a sick person from ending in a consumptive's grave.

Remember, however, if you please, that Stuart's Dyspepsia Tablets will positively NOT cure Consumption, but prevent it.

Of course, they can always be depended on to cure all the other symptoms of indigestion.

They are a universal cure, for one universal disease.

They cure nothing else; but what they do, they do thoroughly and well.

Stuart's Dyspepsia Tablets are the result of the most thorough investigation into the inside causes and the cure of Indigestion that has ever been attempted.

They have solved a problem, the answer to which a hundred thousand physicians in America are today groping for in vain.

They cure the most severe, long-continued chronic, complicated cases of Indigestion that can be found. They are far ahead of the most modern medical practice, because the most successful physicians of the day, in the cure of diseases of the digestive organs, are using Stuart's Dyspepsia Tablets as a basis for their success.

They stoop to Stuart's to conquer.

And Stuart's lift them up, out of the rut.

If, therefore, you are a victim of this dread disease, which counts its victims by the million, brace up and take new heart, for you cannot fail to cure your trouble if you will only put your faith in this great remedy, Stuart's Dyspepsia Tablets.

They are positively, frankly, truly, a sure and permanent relief.

Try them.

# DISPUTE OVER BANQUET BILL

### Council Committee Wants Larkin to Pay $5,000 for Entertaining Congressmen.

### CONTROLLER ON THE WATCH

There will be a hot time in Controller Larkin's office today if the resolution is approved by the finance committee directing the controller to pay $5,000 to the special committee of councils for the entertainment of the congressmen who were in Pittsburgh last week. Common Councilman John J. McKelvey is chairman of the committee. He introduced in councils a resolution which directs the controller to countersign and issue a warrant for $5,000 to his committee.

The resolution takes the matter out of the hands of the controller and gives Chairman McKelvey's committee the power of paying the bills and to expend the entire sum without first making an accounting to the controller.

It is customary for all bills against the city to be certified to the controller, sworn to in his office and paid by him after examined and approved. The controller is determined that this rule shall be adhered to.

It is claimed there should be a balance of $1,800 or $2,000 after all expenses, including the banquet in the Hotel Annex, are paid. It was reported yesterday that the Pennsylvnaia railroad had presented a bill of $694 for transportation for the congressional party from Washington and return and for the special train which carried the party on a tour of the local industries. Director Bigelow said last night the bill of the railroad would not be over $240, and he hoped to arrange it so that the railroad would not charge anything. On former occasions when the city secured special trains for the rivers and harbors committee of congress and the Filipino commission the railroad made no charge.

It has been 10 days since the congressmen left the city, but not a single expense account has yet been filed at the controller's office. City Clerk Minnemeyer, who was secretary of the entertainment committee, was asked yesterday why the bills had not been filed and he said they had to be adjusted. Asked what the banquet cost, he replied the hotel charged a "flat rate of $3,600, which included the expense of housing the congressmen and furnishing them a sideboard." He said the balance of the $5,000 appropriation would be utilized to cover other expenses.

"We had to stock the train which brought the congressmen from Washington and gave them a ride around the city in automobiles the day after the banquet," said the city clerk.

The controller's office will make a comparison of the hotel bill of $3,600 with charges for the hotel entertainment of the rivers and harbors committee of congress and the Filipinos when they were the guests of the city. It is said the $3,600 rate is reckoned at $10 a plate for the banquet, while the price paid for former banquets is said to have been $7 a plate, including food, flowers, wine and cigars. At the postoffice banquet seats were provided for 351 guests. Not more than two-thirds or three-fourths of that number was present. The bill of fare was not elaborate and the wine, which is the chief item of cost in banquets, was dispensed in limited quantities.

The committee of councils which made the arrangements for the entertainment of the congressmen was composed of Chairman J. J. McKelvey, William Brand, J. J. Mathews, Robert Porter, S. J. Wainwright, Jr., P. B. Kearns, and S. G. Lennox.

## MISS MARTHA LEWIS WILL NOT RESIGN UNDER FIRE

Miss Martha E. Lewis, secretary of the Sunday school of the Mary S. Brown Memorial Methodist Episcopal church who is accused by some of the members of the Sunday school board with owning stock in the Pittsburgh Brewing Company, will not resign under fire. To those who would oust her from the position she says "Prove it," and the committee appointed to "investigate" will probably encounter some difficulty in obtaining the desired information. Although the committee will begin its work at once, it is stated that no further official action will be taken until the next meeting of the board, on April 2.

### Henderson Starts for Wheeling.

NEW YORK, March 13.—Charles A. Henderson, former premier of the defunct International Mercantile agency, who was arrested last Friday, today waived extradition and started for Wheeling, W. Va., in the custody of police officers from that state. Henderson was indicted at Wheeling on the charge of swindling in the sale of mercantile agency stock.

### Says Husband Kidnaped Boys.

Mrs. Frederick T. Smale of Mill street, Wilkinsburg, whose husband shot Claude W. Barnhart in a bedroom in the Smale home last Thursday, announced yesterday that Smale had kidnaped their two boys Sunday night and disappeared. She thinks he has taken them to Canada, his former home.

# BIGELOW SAYS LIGHT REPEALER IS A JOKER

### Director States Ordinance to Abolish Duquesne Franchise Is Only Bit of Humor.

"It is a joker."

That is what Director Bigelow said yesterday when he was asked what he knew about the ordinance repealing the franchise of the Duquesne Light Company, which was introduced in common council Monday night by John Taylor of the Twenty-first ward. Mr. Bigelow laughed when he spoke.

"Will the repealer pass the corporations committee tomororw?" the director was asked.

"Oh, no, it is only a joker," the director responded. "The only bill I am interested in is the Duquesne Street Railway Company ordinance. It gives up a new and shorter line to Highland park. The company did not ask for it. I went to the company and proposed it. I think the corporations committee will approve it and I see no good reason why it should not pass councils."

John S. Weller, attorney for the Duquesne Light Company, gave out a statement yesterday saying the company regarded the Taylor repealing ordinance as ridiculous.

"The courts have held time and again that such a franchise as we have is a contract and no attack can be made on the franchise until the two years are up and it is known whether we have lived up to the terms of the contract," said Attorney Weller.

A special meeting of the corporations committee has been called for this afternoon to consider the traction ordinance, but the Duquesne light repealer is not expected to pass. The finance and public works committees are also called to meet this afternoon. It is stated an effort will be made to withdraw from a sub-committee of the finance committee the ordinance establishing the bureau of miscellaneous collections with a superintendent at $4,500 a year. The position is supposed to be intended for Councilman A. G. Roenigk.

## ELECTS W. J. BRENNEN.

### He Is to Be Solicitor for the Central Board of Education.

W. J. Brennen was last night elected solicitor of the central board of education at $500 a year, special allowance to be made for extra work, but the pay not to exceed $2,000. The recommendation was adopted.

Messrs. Gosser, Jamison, McMillan, McKelvey and Reinecke were appointed a committee to confer with the officers of the Pittsburgh Junction railroad in relation to the portion of the Magee site the railroad intends to take. Superintendent Samuel Andrews reported an enrollment of 42,957 pupils in February, with an average attendance of 36,469. This is an increase of 679 in enrollment and 951 in average attendance over February, 1905. The Kindergarten association reported that during February 38 schools were operated with 75 teachers. The enrollment was 1,871; the average attendance, 1,102, and the cost to the city $3,500. The Industrial school committee met after the board adjourned and decided that hereafter no teacher would be engaged who had not had a two-years' school course. This does not apply to teachers now employed.

## JEWELRY PEDDLERS' RUSE SENDS THEM TO WORKHOUSE

Joseph Anderson of Philadelphia and Samuel Anderson of Cleveland, arrested by South Side police Monday night for selling bogus diamonds, were fined $50 and costs yesterday. As they were without funds, the men were sent to the workhouse for 90 days. When trying to dispose of the diamonds they would exhibit a clipping from a New York newspaper, which contained the story of a big diamond robbery, and those who read the clipping were allowed to infer the articles shown by the men were some of the stolen gems.

## SNOW BALLS AND LEAP FROG END IN BROKEN LEG FOR BOY

The old saying "Boys who throw snow-balls will get into trouble," was exemplified yesterday at Wylie avenue and Duff street where a crowd of lads were making white spheres and hurling them at pedestrians. Samuel Gaterwood, colored, aged 10, living at 5 Flava street, was stooping to gather material for another missile when William Schaltz tried a leap-frog stunt over his companion's back. Young Gaterwood fell backward and in striking the pavement had his right leg fractured above the knee. As it was purely an accident young Schaltz was not arrested.

### Grand Opera Sale Satisfactory.

The sale of seats for Pittsburgh's grand opera season, which opens at the Nixon theater Monday, March 26, is progressing most satisfactorily. The second day of the single seat sale showed no diminution, and all day long there was a line of purchasers. The sale continues to be a general one, thus showing the excellence of the repertoire outlined by Mr. Conried. The repertoire for the week's engagement is as follows: Monday, "The Queen of Sheba;" Tuesday, "Carmen;" Wednesday matinee, "The Marriage of Figaro;" Wednesday evening, "Loghengrin;" Thursday, "La Boheme;" Friday, "Die Walkuere;" Saturday matinee, "Don Pasquale," followed by "Haensel and Gretel;" and Saturday evening, "Faust."

# P. R. R. TO TAKE OVER NEW LINES

### Stockholders at Annual Meeting Indorse Plans of Management for Improvements.

### INCLUDES ALLEGHENY VALLEY

THE PITTSBURGH GAZETTE BUREAU,
Press Building.
PHILADELPHIA, March 13.

It took just 26 minutes for the shareholders of the Pennsylvania Railroad Company, a corporation with total assets appraised at $577,070,825 33, to transact all the business which came up for discussion and disposition at the yearly meeting today in Horticultural hall. During the less than half hour of meeting, however, the shareholders adopted the annual report, indorsed the present management and contemplated improvements, declaring in favor of merging into the Pennsylvania system of three railroads—the Allegheny Valley railway, Southwest Pennsylvania Railway Company and the York Haven & Rowenna railroad.

They also approved a resolution, offered by Capt. John P. Green, to issue from time to time the balance of the authorized stock not required for the exchange of the present outstanding convertible bonds for the purpose of carrying out the agreements for the absorption of the three companies. The balance of the stock is $18,000,000 and in the authorization of its issue it was pointed out by Gen. Louis Wagner, chairman of the meeting, that this did not mean that the capital stock of the company was to be increased, but merely authorized the putting out of the stock already provided for as needed.

### Approve Agreement.

Capt. Green called the attention of the shareholders to the general remarks in the report relative to the acquisition of the corporate property of the Allegheny Valley, Southwest Pennsylvania and York Haven & Rowenna Railroad Company. He then offered resolutions approving the agreements entered into by the Pennsylvania with the companies.

The agreements entered into by the Pennsylvania were dated October 10, 1905; December 27, 1905, and February 15, of this year, for the Southwest Pennsylvania, York & Rowenna and the Allegheny Valley, respectively. For the comparatively small block of outstanding stock of this last company, Pennsylvania stock was offered in exchange on a basis of one and one-eighth to two of Allegheny Valley, holders of which stock will hold a special meeting tomorrow to approve or disapprove of the merger.

The three new roads, the Allegheny Valley, Southwest Pennsylvania and the York Haven & Rowenna, have a total aggregate mileage of 412.67 miles. The Southwest Pennsylvania was built as a feeder for the Pennsylvania and branches out from the main line at Greensburg, extends through the coke region to Connellsville and Uniontown, and forms a connection with the Monongahela division.

### Improvements for Pittsburgh.

The York Haven & Rowenna is a link of about five and a half miles in length in the low grade freight line, which is now nearly completed, from York Haven on the Northern Central, by way of Columbia, to Glen Loch on the main line.

The Allegheny Valley railway forms the connection, through its river and low grade divisions, between the main line at Pittsburgh and the Philadelphia & Erie railroad at Driftwood. It also furnishes, through its line to Oil City and the Western New York & Pennsylvania railway, a direct route to Buffalo, Rochester and other points. The terminals at Pittsburgh are of great value, and the road running along the Allegheny river makes tributary to it a largely developed territory devoted to steel and other manufacturing industries.

While the expenditures last year ran up into the millions, the work of improvements will continue. Among the expenditures for the current year in the report is the extension of the four-track system on the middle and Pittsburgh divisions, and the necessary revision of the alignment and grades incident to it. When finished this will complete the four-track road between Pittsburgh and New York, with the exception of two three-track sections, one of seven miles between Spruce Creek and Tyrone Forge and one of three and a half miles east of Conemaugh. This, however, Mr. Cassatt says, will not obviate the necessity for the construction of relief lines for the Pittsburgh and New York divisions.

The annual meeting of the stockholders of the Pennsylvania to elect four directors for a term of four years will be held Tuesday, March 27. The retiring directors are Effingham B. Morris, T. Dewitt Cuyler, James McCrea and Lincoln Godfrey. It is expected that they will all be re-elected.

The year 1905 was the most prosperous one in the history of the Pennsylvania, the gross earnings of all directly operated lines being $133,921,992 23. The total assets amount to $577,070,825 33.

## Dress Ideas for Grand Opera.

The fashionable event of Pittsburgh is the week the Metropolitan Opera Company stops here. It will be a week of the gayest dressing, a week in which fair women will vie with each other in displaying their most fashionable garments. Men will also observe the proprieties of the occasion, and the correctly groomed man will be the rule instead of the exception.

Many women and many men who attend the opera have yet to select their clothes. This notice is intended to advise all interested that we are in a position to furnish them with everything that is correct. Gentlemen are notified that in dress suits we can fit the largest man as well as the smallest.

For women, in our Wrap and Suit Departments, there will be found a fascinating collection of both wraps and gowns, both from Paris and from the best designers in America. Elegance and style are the dominant features. There are lingerie dresses with beautiful embroidery and handwork that can be bought for small figures. Each dress has its own individuality. Then there are the wraps that typify luxury and elegance. An especially fine showing is made in broadcloth wraps in pastel shades, also handsome lace wraps. The gowns start at $25.00 and reach $350.00. The wraps start at $25.00 and reach $200.00.

While hats as a rule are not worn to the opera, yet there may be some women who would like to select a hat for the occasion. Our Millinery Department is quite ready to show new styles in straw and braid and in lace and chiffon hats. Prices from $10.00 up to $50.00.

The Millinery Department is also replete with dressings for the hair—aigrettes, jeweled ornaments, etc.

For men we point to our unexceptional array of full Dress Suits and Tuxedo Coats for the evening functions, and Prince Albert Suits for the afternoon occasions. Our Clothing Department is in a position to assure perfect fit in either style of dress and immediate delivery. The Full Dress Suits begin at $38.00 and reach $45.00; Tuxedo Coats, $22 and $25. Prince Albert Suits are not sold as full suits, only coat and vest, because the Prince Albert Suit must always have contrasting trousers; Prince Albert Coat and Vest, $25.00 to $38.00. Contrasting Trousers, $5.00 to $12.00.

Men's Telescope Opera Hats are passe. The correct form is now the Silk Hat. Our Hat Department has a fine collection of Silk Hats at $6.00, $8.00 and $10.00.

Of course, for those little touches of dress that are so becoming women will go to the Neckwear Counter, the Ribbon Couuter and the Glove Counter, while men will find their belongings in ample variety in the Men's Furnishing Store.

***Very pretty ornamental Scarfs are exhibited at the Women's Neckwear Counter—gold and silver trimmed white and black Scarfs, imported from Cairo, Egypt. As a throw-over for head and shoulders they are just the thing.***

### "The Ideal" Robe for Auto and Driving.

*Prices Begin at $7.50 and Reach $30.00.*

We are the sole agents in Greater Pittsburg for this robe. It is not only the most useful, but the most sensible robe ever constructed. It comes in 28 different materials, and these materials include rubber, leather, whipcord, woolen and box cloths. In this vast range it is possible for an owner to match his machine. All colors represented.

In this lap robe, designed for the auto driver, all the objectional features of lap robes heretofore shown have been overcome. There is a separate place for each foot, so constructed that foot levers can be operated freely and in full view of the driver. Feet can be removed instantly. Bottom of foot protected from weather by rubber sole. So constructed by shaping to the legs that walking is not only possible, but easily accomplished. Ample leg play at all times. Does not necessitate removal when getting out of car. Goes around waist and can be fastened with straps if desired. Made of one piece, preventing wind and water from getting under the robe.

### Women's Raincoats, $10.00 and Up to $28.00.

Every woman should own a raincoat. There is more practicability about a coat of this nature than any other garment a woman could put into her wardrobe. The raincoat is never put away, Summer or Winter; it is serviceable every day of every month in the year, if not as a raincoat, then as a cold weather coat or a dusty weather coat.

We think we have about the best collection of raincoats for women in the greater city. There are many different styles. Some have semi-fitted backs and loose fronts, others have tight-fitting backs and half-fitting fronts. We show them in either cravenetted cloth or in tailor made styles. Then we have the more dressy styles, those in which box pleats, side pleats, tucks and stitched straps are the features. Some have plain tailored sleeves and collars, while others are handsome in their collarless effects. All have breast and side pockets.

All the materials are cravenetted, which means that water drops off them like off feathers. The colors are tan, oxford olive and some neat stripes and plaid effects.

At $10.00. Raincoats of oxford or tan cravenette; double-breasted, loose front, half-fitted backs, with belts; front is finished with side and breast pockets; full sleeves, turn-over cuffs.

At $15.00. Raincoats of fine cravenette, oxford, olive, tan; half-fitted front and tight-fitted back; back is also pleated; front finished with flat pockets on each side; full tucked sleeves, turn-over cuffs.

### New Hosiery in Spring Styles for Women.

Notwithstanding our hosiery buyer is now in Europe looking over the various new styles being brought out, we are daily receiving large invoices of various grades of Spring hosiery for women. From the good stocking at 25c to the luxurious silk stocking at $15.00 a pair is a big leap, yet that is the range of prices in this department. It can be well attested that every good grade of stocking can be found here for the most popular of prices.

Women's fine French Silk Stockings, plain black, plain white, colors with self clocks, black, white and colored lace stockings, white and black lace boots embroidered in self-color, black embroidered in contrasting designs, $3.00 a pair and up to $15.00.

Women's pure black Silk Hose, with cotton feet, $1.50 a pair.

Women's white and colored Silk Hose, $2.00 a pair.

### Lenten Fare.

### Some Suggestions as to Preparations of Fish, and the Necessary Articles.

*Creamed Codfish—*

1 tablespoonful butter,
1 tablespoonful flour,
⅛ teaspoonful white pepper,
1 pint hot milk,
½ pint shredded codfish.

Melt the butter, add flour, pepper and slowly add the hot milk. Cook 5 minutes, add fish, well drained. If the fish is not salty enough, add a little salt. Pour in the center of a hot dish and put a border of mashed potatoes. Sprinkle chopped parsley over the dish and serve hot.

*Boiled Fish—*

To boil nicely without breaking, fish should be of uniform thickness. Lay the fish on a plate in center of a cloth and tie the corners loosely together. Boil hard 5 minutes, then cook slowly for 15 minutes to each pound. Serve with egg sauce.

*Fried Fish—*

Fish may be skinned, boned and cut in small pieces or fried whole if desired; wash and dry, roll in flour; season with salt and pepper, or you may roll it the same as for fried oysters. Cook in deep fat. Cooking slowly in a small amount is much better. Serve with drawn butter sauce. Stuffing for baked fish:

1 cup soft bread crumbs,
¼ teaspoon salt,
1 teaspoon chopped parsley,
⅛ teaspoon white pepper,
1 teaspoon lemon juice,
1 teaspoon chopped onion, scalded,
4 level tablespoons butter,
1 teaspoon chopped pickle,
Milk or egg to moisten.

So much for the recipes, now to some of the utensils that help them to a finish, and other things that are required for preparation of fish.

Fish Planks, with nickel tray, $2.75, $3.25, $4.00.
Fish or Steak Planks, 50c, 65c, 85c, $1.00, $1.25.
Individual Fish Moulds of tin, 20c each.
Tin Fish Moulds, 35c, 50c, 65c, 85c, $1.25, $1.50, $2.00, $2.25, $2.75.
Copper Fish Moulds, $1.85, $2.00, $2.50, $2.75.
Blue and white porcelain Fish Moulds, 40c, 60c, 85c, $1.25, $1.50.
Fish Broilers, 50c, 60c, 85c, $1.00.
Fish Turners, 35c each.
Fish Kettles, $3.15, $3.25, $3.75, $4.00, $4.80.

Fish Scissors, $1.75 each.
Timbale Cups for Fish Timbales, 90c, $1.00 dozen.
Sardine Lifters, 75c each.

### The National Steam Cooker.

All housewives know what steam cookers are, how they are built on the telescope order, and how they are about the most convenient cooking vessel that can be used.

We are demonstrating the National Steam Cooker in our West Basement, the cooker that is specially adapted for oil, gas and gasoline stoves.

It cooks entirely by steam. Fairy tale as it may seem, one can cook kraut, onions, cabbage and puddings at the same time without any one of them partaking of the odor or flavor of the others. It cooks well but never burns.

If interested in a good and inexpensive cooker, make it a point to go down to the West Basement when in the store.

The prices are $1.35 and $2.00.

### The Nemo Corset.

Perhaps you have noticed that the people who manufacture this corset are telling Pittsburg women a lot about it in some of the Pittsburg papers. It is the right kind of a corset or you may be sure it would not be in our Corset section.

It is a self-reducing corset, with such new points as the new relief strap, the new graduated front steel and the new double garter attachment.

For tall, stout women we have a new model of this excellent corset—312—and the price is only $3.00. No. 515 at $5.00.

### Lithograph Pillow Slips, 25c.

Today we will have on sale, first floor, East Store, a lot of new Spring Lithograph Pillow Slips. The tops alone are worth 50c, yet we intend selling, today, top and bottom, neatly stitched together, at 25c for the complete slip.

Designs are "Smokers," "Should Old Acquaintance Be Forgot," "Bachelor," "Auto Girl," "Foot Ball," etc.

### Akme Carpet Cleaner.

Cleans the carpet without taking it up. Does its work effectually. Makes old carpets look like new. About as little trouble as any bit of work anyone ever undertook to do.

And it costs only 25c a package!

We will show you how it's done if you will look in upon our demonstration now going on in our West Basement.

### Wednesday, March 14, 1906.

Premier Sarrien has succeeded in filling his cabinet and it will begin its official duties today. In a manner its first work will be to take up the unfinished business of its predecessor, the separation of church and state. In just what manner the policy of the Rouvier cabinet in enforcing the law may be modified is not made clear, but there is definite assurance there will be no retrocession on the main question.

Russia took another step forward yesterday when the government issued orders to governors of provinces that persons arrested for political offenses must be confronted with the charges within 24 hours and allowed to make explanations. Expedition in the trials of political prisoners is also insisted upon. Since there have been over 70,000 political arrests in Russia during the past six months, and a large proportion of the prisoners have not been granted a legal trial, the sweeping nature of the proposed reform is apparent.

School directors in Carroll township, Washington county, threaten to close several schools because a majority of pupils refuse to be vaccinated. In one school five have submitted and 45 have been excluded. We do not believe the law will permit the closing of the school, though it would seem no more than fair to deprive the five of education that is denied to the 45. It is a queer tangle that has arisen from the effort to make vaccination compulsory by indirection. The next legislature will have an important duty to perform.

Today Argentina buries its "beloved president," as Dr. Manuel Quintana was universally called by his fellow citizens. Argentina has been unique among South American republics in the stability of its government since Quintana's election. It seems at last to have passed the era of revolutions. Its people are peaceful, industrious and prosperous. The late president played an important part in the upbuilding of his country and it is believed his successor, Vice President Alcorta, will continue his beneficent policy.

Uneasiness is being manifested in some quarters because the governor has not proclaimed a special election to fill the vacancy in congress caused by the death of George A. Castor, representative for the Third district. The mandate of the Constitution of the United States is cited to prove the duty of the governor. It may be noted the Constitution does not fix the time for proclaiming such elections. The framers of the Constitution left that to the discretion of the governors, being wiser than the carping critics in Pennsylvania.

Fear of a general coal strike is spreading, despite the efforts of the Pittsburgh Coal Company to effect a compromise. This fear is expressed in orders for storing coal and in a slackening of industrial operations and orders. Unfortunately, the miners do not appear to see these sinister signs, or to appreciate their significance. They seem as indifferent to the possible sufferings of their families as a majority of the operators are to the menace of other industries. A month ago nearly everybody had faith in ultimate agreement; now it is the few who hope.

Among the many expressions of regret over the death of Susan B. Anthony are numerous tributes from those who could not approve the principles to the advocating of which she devoted her long and busy life. While Miss Anthony's name was associated principally with the woman suffrage movement, her earlier years were spent in advocating many needed reforms which were effected. Her methods of promulgating her favorite idea were never offensive or sensational, but dignified and womanly, and her intellectual endowment was of a very superior character.

An Iowa political doctor has brought forward a bill for the killing of "incurables." It is more drastic than the one introduced in Ohio. The legislators of both states will begin by killing these incurably crazy bills. The doctor in politics has his own ideas about compulsory legislation, and when it is not designed to earn a fee for the physician it does set him up as the final authority. Looking backward over the mistakes of the doctors, buried and unburied, it will be a long time before the remainder of humanity will consent to accord the medical man the attribute of infinite wisdom.

## The Dying Councils.

As the last days of the present councils and administration approach, there is an obvious effort to finish up the jobbery. Incidentally there is friction between those who have been held together heretofore by the "cohesive power of plunder." In some degree the record is being exposed as it could not be exposed by outsiders and the public is permitted the hope that disagreements will prevent anything being done until the new councils come in.

While it is not expected the new councils will measure up to highest ideals, there is reason to believe they will prove much better than those nearing their end. A formidable number of men of character and integrity were elected to each branch last month. These may not be sufficiently numerous to carry measures by their own votes, but their influence will prevent such prevalence of jobbery as has characterized the past three years.

Public sentiment is prepared to support the better element. In fact public opinion has been educated to a higher plane than in the past. Free franchises were once regarded as proper—even as beneficial and progressive. Not so now. The people of Pittsburgh well understand the value of the privileges they have to grant and no party may safely ignore the demand for just compensation and for better public service.

## Answering Questions.

While the decision of the supreme court that corporations may not enjoy the immunity granted to individuals by the Constitution is important and far-reaching, it is less radical than some of our contemporaries make it appear. It does not mean that corporate managers can be haled into court and compelled to answer any question not germane to the case in hand, for the purpose of eliciting information to be used in some other contemplated proceeding.

In the opinion by Justice Brown it is made clear the purpose of the court is to compel proper publicity of corporate affairs, hence an official of a corporation may not refuse to answer a question germane to a legal inquiry on the plea it might tend to incriminate the corporation. In fine a corporation may be incriminated by compulsory testimony of its officers. A witness need not give testimony that might tend to incriminate himself, and he may refuse to answer questions on the ground they are not germane to the case under consideration, the point being subject to judicial determination.

This decision will be welcomed by the public generally as a long step in advance toward regulative publicity in corporate affairs, without the intervention of new legislation. Publicity is widely recognized as one of the most powerful remedies for established corporate abuses. In this exact aspect the decision is important enough without attributing to it applications the court never intended should be made.

## Caleb Powers' Case.

By the decision of the federal supreme court the case of Caleb Powers is remanded to Kentucky, but the opinion carefully points out unless justice is done there the court of last resort may entertain a writ of error. In the course of the opinion cognizance is taken of the manifest unfairness of the circuit court trials of Mr. Powers and pointed reference is made to the persistent exclusion from juries of all persons of the same political faith as the defendant.

This decision will disappoint the friends of Caleb Powers who had abandoned hope of getting a fair trial in Kentucky. At the same time it contains some encouragement. Those malevolent persecutors of the former secretary of state who have defied decency in their efforts to hang him for the assumed crime of being a successful Republican—and for no other reason—are warned against repetition of the injustice that has shocked the whole country. Mr. Powers may be again tried before a Kentucky court, but the trial must be fair.

In reality this is all Caleb Powers has ever asked. He has desired a fair trial, no more, no less. Conscious of his innocence of the ugly charge brought against him, he has been sure a fair trial could result only in acquittal. Yet he may well shudder at the prospect of again facing a prejudiced court and malignant prosecution.

## What Annapolis Needs.

An intelligent and sensible report on hazing at the Annapolis naval academy was made yesterday by the sub-committee which has been investigating the subject for several weeks. The situation that would result from strict construction of the regulations and the expulsion of all convicted offenders may be realized from the statement that 281 members of the three upper classes have been guilty of hazing. A large sum has already been spent upon their education by the government and most of those who have been among the hazers are bright students with excellent marks in their classes. The loss caused by their expulsion at this stage in their career is apparent. Much that has been termed hazing, it appears, was but the mildest form of practical joking and, however silly it may seem to children of a larger growth, inflicts no suffering on its victims. There has also been more or less cruel hazing, and its perpetrators should be punished, but as the sub-committee points out, graduated punishment, to fit the offense, is needed.

Cadet officers, whose influence over the others is naturally great, are blamed for encouraging their younger companions in the practice. It is agreed the cadet officers are a power for either good or evil more potent than even the academy officials themselves. A better sentiment now prevails among these youthful officers, which is expected to assist in placing hazing under the ban. The situation is evidently not nearly as serious as has been asserted and present evils can be eradicated without difficulty.

## Candidates for Governor.

"Take Stewart, or Lose," is the caption and burden of a communication received from Comrade John W. Frazier of Philadelphia. Mr. Frazier insists the Republican party of Pennsylvania must nominate Justice John Stewart of Franklin county for governor. While we agree with all Mr. Frazier says of the high character and personal fitness of Judge Stewart for this high office, we cannot subscribe to his opinion that no other candidate can win. The Republican party roster is rich in names of men who would make successful candidates for governor of Pennsylvania this year.

Western Pennsylvania, alone, can offer many who might be nominated and elected. There are Judge Joseph Buffington and Congressman John Dalzell of Allegheny; Ernest F. Acheson of Washington; Josiah V. Thompson of Fayette; Robert S. Murphy of Cambria; C. W. Stone of Warren and W. R. Andrews of Crawford. These have all been frequently mentioned. There are others in the background who are equally well qualified and popular.

In other portions of the state the supply of good material is as abundant. Former Lieut.-Gov. L. A. Watres of Lackawanna; M. E. Olmstead of Dauphin; W. W. Griest of Lancaster and many others suggest themselves readily to the minds of Western Pennsylvanians, in the event the claims of their section are not to be recognized. Any one of these men ought to be able to defeat any Democrat Col. Guffey can name for the place, though none may be regarded superior to Justice John Stewart of Franklin.

In short the Republican party of Pennsylvania is not in a bad way. It was defeated last year by a concentration of all the sore-heads within the party, and all of the elements of opposition outside, on one candidate. The campaign was one of malevolent misrepresentation, favored by accidental circumstances. This year the atmosphere is clearer. The Republicans have cleaned house effectively and have regenerated their party. The man who will be nominated by it for governor this year will be chosen by the people for that honor. It will be his Democratic opponent who will be named by the boss in complete and absolute control of that party. There is no visible reason why the Republican nominee of this year shall not be elected by an overwhelming majority.

### WISDOM OF THE BRAHMIN.

Be that which is past no longer thy concern,
But see thou dost the things which still thou has to learn.

If thou resign thyself at what thou canst not change,
Thou wilt gain strength for that which is still new and strange.

My perfect fellow-men I'd view with sore dismay;
They would be dull, indeed, and often in the way.

But natural and frank, and somewhat narrow, too;
Not morbidly inclined, nor bent with grief and rue.

Thus would I ask of life to show them unto me;
Thus in the books I read would I my neighbors see.

If life brings to my view men made of different clay,
I bear it. Books with such I promptly put away.

Adapt thyself unto the world, and it will send
Thee many things to cheer thy pathway to the end.

# The World's a Stage and We the Players

## Gossip of Men and Things on Both Sides of the Asbestos Curtain.

By
Charles M. Bregg.

In the death of poor Ed Morgan a restless unhappy soul has found quiet in the silence of the grave. Morgan was, I believe, an Englishman. I have no biographical data at hand as to his antecedents and early career on the stage. He was always a queer fellow. That is what his associates said of him even in his younger days on the stage, when he first attracted public attention as the young spy in "The Heart of Maryland." It was not until "Ben Hur" and later "The Christian" that Morgan became generally known as an actor of striking individuality. In the former play he originated the name part, and in the later he was the most famous of the many John Storms, playing the role for a long time opposite Viola Allen.

These were also the days when Morgan began to manifest those traits and habits that made him one of the most unpopular men among his fellow players, as it also brought about in the end his physical and mental undoing. Of highly-strung nervous terperament, and of morbid disposition in his attitude toward life, poor Morgan was one of those unhappy individuals who is consumed by the very fires that warm and preserve others. His stage career was not without its honorable achievements, but the license and even the inspirations of free, untrammeled Bohemia turned to poison in his blood and became the vampire that slowly consumed him.

* * *

Nor was the process so slow after all. Two years ago when Morgan played David Rossi to Sarah Truax's Donna Roma in "The Eternal City" at the Alvin theater in this city the insanity that finally drove him to frenzy and to death had begun to manifest itself. No other than a crazy man or one bereft of all sense of manhood would have acted as Morgan did then and has subsequently. Without the knowledge of the real cause of these actions that subsequent events afforded, Morgan was severely criticised by those who knew of the facts. He made the most brutal assaults upon Miss Truax, driven thereto seemingly by jealousy of her popularity. He would abuse her under his breath during the recitation of lines in their scenes together. So intolerable did this become that Miss Truax in despair threatened to leave the company.

It is now believed that Morgan was really insane, and one is disposed to draw the mantle of charity over deeds that then seemed to be absolutely without excuse. It is a pathetic history of weakness, and strength, of fine powers of mimicry and of physical and moral self destruction to make abortive all that equipment.

* * *

Incidental to Morgan's last days it is interesting to know that recently the poor fellow wandered half dazed into Pittsburgh. Two weeks before his death Morgan started for Chicago to see his wife, who is Helen Bertram. When his train reached Union station in this city the actor left his Pullman and strolled across the tracks. He spoke to the gate keeper and began a rambling conversation which lasted until the train pulled out of the station. When it was discovered that he was a through passenger the railroad officials made arrangements to send him on to Chicago by a later train. While waiting Morgan must have remembered the hotel at which he formerly stayed while playing in this city. He went there and in a dazed fashion asked for a room and said he wanted to borrow an overcoat.

So queer were his actions that the manager believed him to be intoxicated, and for some gross violation of the hotel rules he was roundly scolded by the manager. So peculiar and annoying were his actions that the manager, who finally suspected that there was something wrong with the man, sent for his own overcoat and gave it to him out of kindness of heart. Morgan went away. Whether he went to Chicago or not is not known, but the hotel manager received his overcoat in a few days by express, and only later discovered the identity of his strange guest.

Morgan's poor blighted life touched others and left a scar. His first matrimonial venture was an unhappy one and there was much publicity given his marital troubles at the time a divorce was secured. He afterward married Helen Bertram, a singer of note in musical comedy. Miss Bertram seemed, by the way, to be especially unfortunate in the choice of husbands in the profession. She married E. J. Henley at the time that brilliant actor was starting down the long road that ended in insanity and death. To pass through a simillar experience so soon after her widowhood was an ill stroke of fate not usually meted out to a woman.

The insidious and deadly dangers of stage life found vivid example in both Morgan and Henley. High nervous tension, the burning of the candle at both ends through the ambitions that consume the players, lead in both instances to the formation of habits that acted as added fuel to burn and destroy body and mind. The stage, not more than any other profession, perhaps, furnishes striking examples of this self-destruction. That the cases in which genius and talent, as in Morgan's sad end, are thus ruthlessly destroyed should prove a valuable lesson and warning is hardly compensation for the loss of such valuable men.

There are some serious echoes of the little Forrest reminiscence that I published in this column last Friday rumbling through my mail. Between the lapses of biographies and the slips of memory that crept into that article I fear I have offended some of the better memories that read The Gazette. It was stated in that article that Forrest temporarily retired during a period from 1863 to 1871. This was bad biography, according to my friend Thomas Boyle, who says he saw Forrest in the opera house in this city (not the present one) in 1868. It was, says Mr. Boyle, in 1865 that Forrest discovered John McCullough, and the two actors toured the country together. Mr. Boyle also says that Forrest's last week in Pittsburgh was played in the present Grand opera house and that "Metamora" was not used at all, but the repertoire consisted of "Hamlet," "Othello" and "Richard III.," the last named play furnishing the role in which the distinguished tragedian said farewell forever to Pittsburgh theatergoers.

There are other corrections in Mr. Boyle's excellent letter which space forbids comment upon. I am glad to have the old theatergoers pit their memories one against the other. By this means we youngsters of the present generation will learn something about a time when theatergoing was an intelligent and desirable art, rather than a dissipation in lingerie and laughter.

* * *

Another correspondent writes:

"Your Forrest article a few days ago recalls to my mind an unfortunate incident in the Pittsburgh experience of the great actor. Mr. Forrest on one of his visits to this city, I do not now recall the time, but it was at the height of his fame, refused to play a Saturday night engagement on the ground that he did not care to play to a 'check shirt' crowd. Saturday night was the time when all the mill workers went to the theater and the audiences on that night were never so select as on other evenings, though they were very intelligent and quite as appreciative. The actor was evidently in a bad humor and let fall the unfortunate objection without realizing in how bad a light it placed him. The effect was to bitterly estrange for a time some of Mr. Forrest's most ardent admirers. He himself afterward realized the mistake he had made and apologized earnestly for it. I do not think a grudge was held long against him, and perhaps the incident is forgotten by very many."

One can easily imagine Forrest doing just that sort of foolish thing in one of his tempers. He was a man of most erratic and irritable disposition, blazing into wrath one minute and doing you a kindness the next.

# Good Stories of Pith and Moment.

## Chat and Anecdote of Entertaining and Instructive Character.

CULLED FROM VARIOUS SOURCES.

### Plenty of Room.

A visiting bishop in Washington was arguing with a senator on the desirability of attending church. At last he put the question squarely:

"What is your personal reason for not attending?"

The senator smiled in a no-offense-intended way, as he replied:

"The fact is, one finds so many hypocrites there."

Returning the smile, the bishop said:

"Don't let that keep you away, senator. There's always room for another one."—Philadelphia Ledger.

### The Bait in Danger.

Joseph Jefferson was a strong believer in early marriages and he never missed an opportunity to impress his convictions upon young men. In an address at Yale he said:

"I abominate bachelors. The older they grow the more conceited they become. I was talking to one and I asked him why he did not marry. He parried the question by telling me about different young women he had known, and finding fault with each one. But it appeared that all of them had married.

"'You are in danger of getting left,' I said to him. 'You had better hurry up before it is too late.'

"'Oh,' said the bachelor, 'there are just as good fish in the sea.'

"'I know that,' I said, 'but the bait—isn't there danger of the bait becoming stale?'"—Everybody's Magazine.

### He Knew All About It.

"What do you understand by a cataract?" the new teacher of No. 2 asked Willie Straw. The answer came promptly: "It's the fire injine down at Daleville Corners," he said, in breathless haste to impart his knowledge. "But it leaks some, and it isn't half so good looking as the 'Torrent,' either. You just wait until parade day, and you'll see her, teacher."—Youth's Companion.

### Mistaken for Gas Lighters.

It was a Cleveland maid of all work who was helping her mistress to prepare dinner. Macaroni was produced with a view to converting it into pudding. (They do that in Cleveland.) The cook glowed with surprise as she beheld the long white sticks. But when they were carefully placed in water she gave a choking gasp.

"Did you say, missus?" she said, in an awed voice, "that you are goin' to make puddin' out of that?"

"Yes, Jane," was the reply, "that is what I intended to do. Have you never seen macaroni cooked before?"

"No, ma'am," answered the cook, "I ain't. The last place I was at we always used them things to light the gas with."—Cleveland Plain Dealer.

### Took Him at His Word.

"The late Bishop Thomas Frederick Davies of Detroit," said a Detroit man, "once told me an interesting story of an elopment. He figured in this elopement as the officiating clergyman. It was in Philadelphia, during his rectorship of St. Paul's.

"It seems that the proprietor of one of the largest dry goods houses in Philadelphia had noticed for some months the melancholy attitude of his head clerk, a young man whom he held in high regard.

"The clerk's pallor and increasing leanness, his frequent sighs and absentedness, worried the millionaire proprietor. He questioned the young man daily. And finally the clerk admitted that he was in love.

"'Well,' said the head, 'marry her. Your salary is big enough.'

"'Ah,' said the clerk sadly, 'you don't understand. She belongs to one of the first families of Philadelphia, and her father is a millionaire.'

"'Well, maybe he wasn't when he married. You have a good position and a good name. You are a fair match for any girl,' said the other.

"'It's no use,' sighed the clerk. 'Her parents would not listen to me for one moment.'

"'Then,' said the head, 'elope with her.'

"'Do you advise that?' the clerk asked excitedly.

"'Certainly I do. Is she——? Do I know her?'

"'Yes. She will be at your dance at Devon tomorrow night.'

"'Well, see here,' said the head. 'I'll have my coachman out in front of my gate at 9:30. Rush the girl off into town and marry her. I'll arrange with a clergyman for you.'

"'By jove,' said the clerk, 'I'll do it.'

"And he did. The next night Dr. Davies performed the ceremony and an hour or two later the millionaire found his daughter missing and was telegraphing in every direction to the young couple to come home and all would be forgiven."—Providence Journal.

# Quiet Observations on Ways of the World

## The Automobiling Craze Threatens to Fully Rival That of the Bicycle.

By
ERASMUS WILSON.

If you don't believe that the automobile craze is rivaling the bicycle craze of a few years ago, you have only to attend an automobile show, or exposition, to become convinced and converted.

And if you don't watch out you will become infected, and they do say that when you get the fever sure enough, you will not hesitate to disconnect yourself from a thousand or two in order to gratify your feverish impulses.

Some of those who contracted the fever and have taken the treatment, say the cure is certain. It is most effective, they say, when you undertake to run the machine yourself on a long jaunt. Naturally you will be ambitious to show your friends how easy it is for you to climb hills, skim over country roads, and to make record runs.

* * *

Things usually go well with you until you get into some lonesome place several miles from town, blacksmith shop or farm house. Then it is that your machine is most likely to go lame—throw a shoe, as it were, or pick up a nail or thorn, or get cramps, maybe, or the thumps, or heaves, or something similar to common equine disorders.

This is where the fever begins to break, and the chances are that by the time some accommodating farmer has dragged your machine home with a pair of the same noble animals you have been abusing as cheap and practically worthless stock, your temperature will be near normal, except under the collar.

It is possible that your temperature may become sub-normal, which is commonly regarded as a fatal condition. In your case it may mean nothing worse than a revulsion of feeling toward the machine, and an offer to sell to the first junk man who will take the thing off your hands as first-class scrap.

But if you can manage to control your revulsive feelings until you have become convalescent, you may decide to employ an expert to sit in the front seat, while you take your ease among the cushions.

* * *

They say that while a good man may regret having disassociated himself from a goodly pile of his honestly acquired money, his keenest remorse is on account of the language he used while coaxing a balking machine to act decently.

A balking horse, you know, is apt to excite unkind, if not downright evil thoughts; but a balking automobile, particularly if it balks at a critical time and place, at the psychological moment, as it were, simply compels a man, even a highly moral man, to cut loose and say things that fairly scorch the atmosphere.

Naturally such a man, after regaining his equilibrium, feels inclined to exclaim in the language of the Bowery, "t'ell wid de bloomin' whizz cart!"

It is sad enough to lose your good money, but to lose your good name is worse, while to lose your self-respect is too bad entirely, all of which is possible with those who contract automobile fever of a malignant or pernicious type.

* * *

Had you seen the surging, jamming crowds pushing and shoving into Mechanics Exposition hall, Boston, last Saturday night, and had tried to live, move and have your being after having been carried in on the tide, you might have concluded that all the people of this generally well-mannered town had the fever in its most virulent form.

Such a conclusion would have been too hasty, for the hall isn't half filled tonight. But they say this is the off night of the week, following as it does washday.

To see the beautiful and comfortable looking machines, and to hear the clever salesmen, and salesladies, tell of their gentle, tractable habits, their perfect innocence, and their wonderful speed, to say nothing of their bold defiance of steep hills, is apt to give one a touch of the fever—more than apt, if one has the price handy, or even creditable credit to offer.

And they say the fever is spreading.

Boston, March 12, 1906.

# CASUAL GLIMPSES AROUND THE CITY

## Notes About People and Events in Which Pittsburghers Are Interested.

Simultaneously with a sharp decline of South African stocks, kaffirs, etc., in England, comes the news that Pittsburghers and Pittsburgh machinery are combining to make a serious effort to replace Brazil at the head of the diamond mining industry. A party of Brazilian concessionaries registered Monday at the Fort Pitt and spent the last two days in making contracts for mining machinery, dredges and electrical plants. The party consists of Charles O. Taylor of Wellsville, N. Y., William G. Zirkell, a German Brazilian, and Louis Esteverao of Brazil. Yesterday was spent in completing contracts for a 1,600 cubic yard dredger and materials for an immense electrical power plant that will utilize a waterfall on the Jequitinonaha rived, a tributary of the Amazon. This machinery upon its arrival at Rio Janeiro will have to be carried overland by railroads, portages, streams and by carries over 500 miles.

"If Brazil wrests the diamond supremacy away from South Africa, which I firmly believe it will," said William G. Zirkell, a German, who ran away from home 20 years ago, and is now a Brazilian hidalgo, "it will be solely through the aid of machinery and Pittsburgh will be able to add another triumph to her long list. Only by machinery can the mines be worked. Brazil has the laziest natives in the world, and natural fertility encourages them in their sloth. When Dom Pedro freed the peons 30 years ago and they promptly proved themselves too lazy to work, Brazil was producing 30,000 carats of fine diamonds yearly with only crude hand labor. The opening up of the South African Rand at this time spoiled the diamond market, and the old families, finding labor untrustworthy, went to other localities to engage in coffee planting.

"Twelve years ago Meyer & Co. secured the concession of 3,000,000 acres. On the 23,000 acres we control it now costs $16 a ton to mine the diamond gravel. With machinery manufactured in Pittsburgh it will be only 15 cents a ton and will do away with native labor entirely. Diamonds in the rough run about 16 carats to the ton, and these stones sell for $20 a carat at the mine.

"Not only on our 23,000 acre sub-lease from the government, but throughout the whole country is the diamond fever spreading in the belief that modern American machinery, dredges, water power plants and other labor-saving inventions will do away with the Brazilian bugaboo—native labor, and make Brazil the greatest mining country of the world."

### Among the Travelers.

W. W. Fletcher, a mill owner from Nottingham, England, the great lace center, is at the Anderson.

"Gen." J. S. Coxey of the once famous "army" but now once more a sedate silica sand merchant of Massillon, registered yesterday at the Colonial. "They laughed my views to scorn," said Coxey, with a twinkle in his eye, "but I notice that the 2-cent mileage laws are gaining headway in the country and slowly leading to state ownership. Chicago is going to vote on municipal ownership of street railways this spring, but how are they going to raise the money? The only solution is my own—that of a government bond issue to be paid within 25 years, without interest, by giving over 4 per cent of the yearly profits to the government."

* * *

### Lobby Chatter.

The regular monthly meeting of the Quiz club, composed of local clergymen and laymen, was held at the Hotel Henry last night.

A meeting of talking machine manufacturers from all portions of the country is scheduled at the Fort Pitt today.

"The Homeless 26" will give a banquet at the Hotel Schenley on an appropriate day this month—the 26th.

Both partners of the firm of Mathieu & Lafourcade, oil importers of Bordeaux, France, were at the Hotel Duquesne yesterday. "France is importing 2,000,000 barrels of crude and refined oil from the United States yearly," said M. Mathieu. "Do not imagine that we are not acquainted with the might of Standard Oil in our country. A syndicate of importers have taken over all that company's product, and six other big importers, ourselves among the number, stood a chance of being frozen out unless we sought other sources. Consequently we are importing 100,000 barrels yearly from the independents of Texas, and are here to arrange for greater shipments of crude oil, on which there is less duty, to be handled by a French refinery which we contemplate."

* * *

### Independents Place Pipe Order.

T. C. Henry, Jr., who registered yesterday at the Hotel Henry from Cherryvale, Kan., has come to Pittsburgh to place an order for 101 miles of four-inch pipe for the Uncle Sam Oil Company, an independent concern that has been fighting the Standard Oil interests in Kansas for a year. This means an outlay of $125,000 by the independent concern, in which over 800 Pittsburghers are financially interested.

"These 101 miles of pipe," said Mr. Henry yesterday, "are in the nature of a rush order, for we will use them to complete the remainder of the pipe line between our present refinery at Cherryvale and the immense one almost completed in Atchison. Over 80 miles of piping are already laid, and we expect to have the line in operation within four months. The Cherryvale refinery and the one in Tulsa, I. T., have now a capacity of 700 barrels a day, which in no way meets the demand. The Atchison refinery will soon be turning out 3,000 barrels daily."

* * *

### Scenes in the Stations.

Col. Samuel Moody, general passenger agent, Pennsylvania lines west, went to Chicago last night to attend a monthly meeting of the Central Passenger Agents' association.

Patrick Gilday, president of District No. 2, United Mine Workers of America, accompanied by all the district officials, went through Pittsburgh last night to attend the convention which opens in Indianapolis with a board meeting today. "The central district is flatly determined to have an increase of wages," said Gilday, "and will not be satisfied with any small sop thrown to it. The strike situation is threatening. Miners are hoping against a strike, but are bravely preparing to meet one just the same."

* * *

### Preparing for Summer Vacation.

W. C. Causland of the Carnegie Steel Company has placed an order for a 50-foot cabin launch for use in Canadian waters. The launch will be furnished throughout like a modern dwelling, and the cooking will be done by electricity. The Oakmont Motor Boat Company will build the craft.

### Studies Pittsburgh Telephones.

George Wolf, part owner of the largest telephone manufactury in Germany, arrived in Pittsburgh yesterday to attend the meeting of the Pittsburgh branch of the American Electrical Engineers held in Carnegie hall last night. Mr. Wolf, who has factories in Berlin and St. Petersburg, came here at the invitation of W. W. Dean, vice-president and chief engineer of the Dean Electric Company of Elyria, O., who has made arrangements with the German manufacturer to exploit American patents in Europe through the medium of agencies in all the principal cities.

"I would say that Germany is just seven years behind the United States in telephony, just as you yourselves are several years behind Sweden in this line," said Mr. Wolf yesterday at the Hotel Henry. "In Germany we still cling to the old-fashioned separate battery for each subscriber. I think that this backwardness is solely on account of government ownership of telephones, which has killed healthy competition and new ideas. I submit this fact to the advocates of municipal ownership.

"I return to Berlin on Thursday and my talks with Pittsburgh manufacturers will cause me to interest the postoffice—the telephone system is a branch of that department—in the common battery and harmonic systems in vogue here. In Germany the government fixes a flat rate of $50 per telephone, regardless of business, residence or number of calls. There is no limited service. The American Bell Company, operating under a German firm name is well represented in Germany and has built two large exchanges for the government. In Hamburg the largest exchange in the world will soon be completed, with a capacity for 80,000 telephones. It is built on the Swedish system, by which one large exchange handles all the calls of a city."

### Similarity of Government.

The Jersey farmers are demanding of the legislature now in session, a law which will enable the trolley companies to carry freight, for Jersey like Pennsylvania, has in the past been governed largely by the railroad corporations.—Reading Times.

### The People Who Kick.

Written for the Gazette:

The north Wind does blow and we will have Snow,
And what will the people do then?
Oh, they will kick and they'll scold at the Snow and the cold
And long for the Summer again.
But when Summer comes back with its heat and its wrack,
They'll growl at the terrible Heat;
You may fry, you may freeze, you never can please
The people who kick with both Feet.

# LESLIE CANNOT GO TO CAPITAL

### For Political Reasons City Chairman Cannot Make a Social Visit in Washington.

### CAMPBELL, STATE BOSS

Politicians are sometimes prevented from doing the things they would like to do. Republican City Chairman Leslie finds himself in this predicament. He desires to make a social visit in Washington and cannot, because he fears being accused of going to the capitol on business connected with the appointment of the Pittsburgh postmaster.

Leslie went to New York last night. During the day he told some of his friends that he would like to visit Washington, see congress in session and meet the local congressman. It happened that on Monday he declared he would not accept the Pittsburgh postmastership if it were offered to him. A trip to the national capitol so soon after this announcement might cause some suspicious politician to doubt the sincerity of the Leslie declaration. As a result, Washington has to be scratched from the intinerary of the city chairman.

Loudon Campbell has decided to be a state boss. He has been various things. There was a time when he met all comers in the prize ring. Tiring of that slow life, he found engagement as a chauffeur. In January he found time again hanging heavily on his hands and he made a dash into politics. On this occasion he figured with several other men as the organizers of the Roosevelt party.

The party indorsed the candidacy of George W. Guthrie for mayor and opened headquarters at Johnny Elmore's. When Campbell was not busy running an automobile, he operated the party. In the grand roundup on February 20, the count gave the Roosevelt party 131 votes in the city. This will entitle it to two district registrars under the personal registration act.

There was a Roosevelt party in Allegheny. It is not of record whether this organization belonged to Campbell or the appeliation was appropriated by Jimmy McKay. On the North Side the Rooseveltians fought for Charles H. Kirschler for mayor. They polled 122 votes and will get three registrars.

Campbell finds the local field too small. Yesterday he patented the Roosevelt appellation for the state and is entitled to make a nomination for governor, lieutenant governor, auditor general, secretary of internal affairs, 32 congressmen, 25 state senators, 207 representatives and numerous district judges. Joined with him in the enterprise are Frank Brown, William Sims, John Donahue and D. A. Wayne, all of Pittsburgh. Campbell will now own the title for the entire commonwealth and he is ready to offer its columns to any reform movement that has the O. K. of Johnny Elmore.

Former Senator Magee thinks the suggestion of Col. A. J. Logan for chairman of the Republican city committee should command attention.

"He cannot be identified with any faction," said he, "and it seems to me that when the party appears to be drifting toward dangerous factionalism, it would be well to place him or some man like him at the head of the city committee."

Friends of District Attorney Stewart say he will not be a candidate for reelection. This will leave in the field for the Republican nomination Charles A. O'Brien, Harry L. Goehring, L. B. Cook and Assistant District Attorneys Robb and Grimes. W. A. Magee, Jr., says he will seek the nomination. John Marron is being groomed for the place by the Good Government, Civic, Democratic and Citizens parties.

Register Stone yesterday announced the appointment of Select Councilman Joseph Werry of McKeesport as assistant marriage license clerk to succeed Clerk Walker, and Samuel M. Graham of Boston, Pa., to succeed Joseph Cable.

## CASTLE THEIR ONLY HOPE.

### State Executive Committee of Prohibition Party Issues Call for State Convention.

PHILADELPHIA, March 13.—The state executive committee of the Prohibition party at a meeting here today decided to hold this year's state convention at Harrisburg on May 23 and 24. Greensburg, Oil City and Philadelphia made a strong effort to get the convention.

A statement issued after the meeting, announcing the date of the convention, says: "The members of the committee were a unit in deciding the logic of the situation demands the nomination of Homer L. Castle of Pittsburgh for governor."

### Arnold Daly's Engagament.

In the presentation of the Bernard Shaw comedies, "You Never Can Tell" and "Candida," by Arnold Daly's company at the Belasco theater next week, Pittsburgh theatergoers will enjoy the unusual experience of seeing a young American actor who is a star, but who does not assume that position in the company or in his production. "Candida" will be presented on Thursday evening and at the Saturday matinee.

**Italian Filet Lace.**

A network of square meshes on which the pattern is darned in with counted stitches, like needlework tapestry.

It is difficult to trace the origin of lace, for the reason that the art has been from the earliest time so closely associated with needlework, that it is impossible to fix a clear line of demarcation between its similar effects of incut work and embroidery.

In the mediaeval days the absence of roads and the lack of suitable outdoor amusement caused the women to while away their leisure indoors the best way they could; so they sewed and they did rare embroidering, and we hear of the openwork and cutwork arts of the needle.

With the arrival of the renaissance, the Venetian, Vinciolo, received the exclusive privilege of making and selling collarettes which Catherine of Medici introduced.

Vinciolo wrote a book giving patterns and instructions. He dedicated his work to Louise de Vandemont, the neglected queen of Henry III., and one of his illustrations, the first on record, 1587, is described as of lacis, the subject in squares with counted stitches, like the pattern for worsted work of the present day, and it is perhaps safe to assume that Italian filet work began at or about this time and was the direct development of mediaeval drawnwork.

We ask attention to a showing of genuine hand-made Filet Italian Lace Curtains at $37.50, $50, $55, $75, $95, $125 and $175.

# CZAR URGES ALL TO STAND BY LAW

### Russian Officers Resign Rather Than Go Further in Steps to Pacify Revolutionists.

### MANY CONVERTS TO NEW SECT

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ST. PETERSBURG, March 13.—It is rumored that the officers of a guards' regiment, upon receiving orders to go to the Baltic provinces to participate in the "pacification" of the country, met and resigned in a body.

Ugly reports of another general railroad strike in Moscow are also current. The government is taking exceptional measures and battalions of sappers are being massed at Moscow to take the places of strikers, and military trains are held in readiness at the various stations to proceed in any direction.

Emperor Nicholas, in receiving a deputation of Tula peasants, who presented him today with a loyalist address and an ikon, made the following significant remarks:

"Do not allow yourselves to be influenced by the enemies of public order who are going through the villages exciting the peasants. Do not take the law into your own hands, but deliver the agitators to the authorities, by whom they will be judged with all severity."

The returns from the peasants' elections continue generally to show the selection of elders, priests and village scribes to represent them at the district conventions, but there are notable instances of apathy or of a demand for a complete, new electoral plan. At Ardatoff only 83 out of 1,300 small farmers participated, and in the provinces along the Volga almost without exception the peasants continue to elect new men. The full returns from the workmen's election at Moscow show that 65 per cent participated and that they most elected moderate Liberals.

The government has sent a circular to the governors instructing them that persons taken into custody for political offenses must within 24 hours of their arrest be confronted with the charges and allowed to make explanations. The circular also generally insists on expedition in the trials of political prisoners. This step on the part of the government is the result of the tremendous outcry raised against the arbitrary action of the local authorities in arresting suspects and holding them without trial or exiling them by administrative order. Over 70,000 persons have been arrested in European Russia since the government entered on its active campaign against the revolutionists.

This city, which thus far has been singularly free from the carnival of robbery and murder prevalent in the interior cities, was the scene today of a daring robbery in broad daylight. A dozen men armed with revolvers entered a government spirits distillery on the Schlusselburg embankment, held up the employes and rifled the safe.

ROSTOFF ON THE DON, RUSSIA, March 13.—With the advance of spring there are symptoms of a reappearance of agrarian troubles. In a number of places the peasants are refusing to plough the land for the proprietors.

### HOW THE CZAR SUPPRESSES REBELLION

This picture illustrates one of the many terrible scenes taking place in Russian Baltic provinces, where troops are crushing the spirit of independence by burning every farm building wherein arms and ammunition are found.

## MAKE NEW APPLICATION FOR A SUBWAY CHARTER

### Attorney A. O. Fording Appears Before State Board and Declares Proposed Tunnel Will Be One Mile Long.

Attorney Arthur O. Fording, counsel for the Pittsburgh Subway Company, appeared in Harrisburg yesterday, before the state board of underground and elevated street railways, composed of Gov. Pennypacker, Secretary of the Commonwealth McAfee and Attorney General Carson, and made a renewed application for a charter for the company. After hearing Mr. Fording the board reserved decision.

At the previous hearing granted counsel for the subway company, the state board recommended that the application for a charter be amended by specifying the dimensions of the proposed subway. This was done yesterday when Attorney Fording announced to the board that the company proposed to establish a tunnel one mile long, 38 feet wide and 13 feet high, which will have its terminal at the intersection of Smithfield street and Oliver avenue.

Former Senator John S. Weller, who appeared before the board in opposition to the application at the previous hearing, was not present yesterday, and no one appeared to oppose the application.

## DOWIE IS LEFT ALONE.

### It Is Reported Prophet and His Wife Have Separated and the Latter Disposes of Furniture.

CHICAGO, March 13.—John Alexander Dowie, head of the Zion church, and his wife, have parted, accordong to a story printed today. It is declared the last message of Dowie to his home was ignored, and that Mrs. Dowie has thrown in her lot with the ordinary followers of Zion. It is asserted that Mrs. Dowie has said to her friends that she has been deceived as to the real condition in the church.

Mrs. Dowie yesterday called in brokers, who made an inventory of the furnishings of the Dowie home in Zion city, which is decorated in a most expensive manner. She said she desired to sell everything for the good of the church, and that when the furnishings had been sold, the house itself, was at the disposal of the society.

## GENERAL MILLER WILL ACT AS THE RECEIVER

FRANKLIN, PA., March 13.—(Special.)—Hon. George Maloney today announced he will not act as receiver for the General Manifold Company and Judge Criswell thereupon appointed Gen. Charles Miller, who made the application for a receiver. The general's enemies have been inclined to blame him for the present plight of the company. In a statement issued by him today he says over-capitalization and a lack of working capital are responsible for the present conditions.

### Maxine Elliott.

Charles Dillingham, Miss Maxine Elliott's manager, has been prominent as a producer for several years, and has shown himself to be one of the most astute and progressive managers in the theatrical business. He has had so far but two out-and-out failures. His remarkable success probably comes as much from ability to select good plays as from a rare skill in securing the right stars to head his companies, and adequate support for these stars. Miss Elliott will be seen at the Nixon next week in "Her Great Match."

## The Death Roll.

### Mrs. Joseph M. DeVinney.

Mrs. Sarah A. DeVinney, aged 68, wife of Joseph M. DeVinney, died Sunday night at the family home, Third avenue and Fifth street, New Brighton. Mrs. DeVinney is survived by her husband, who is a traveling agent for the Sherwood Bros.' pottery; three daughters, Mrs. E. S. Brubacker, New Brighton; Mrs. W. C. Martin, Marshall, Pa., and Miss Berthe M., at home; and three brothers, Capt. William Graham of Bellevue, Frederick Graham of Sewickley and James Graham of Ballston, Pa. The funeral will be held at 2 o'clock this afternoon.

### W. B. Speer.

W. B. Speer, aged 24, is dead in Fayetteville, Tenn., where he had gone for his health. He was a jeweler in McKees Rocks, and a member of the Presbyterian church. He is survived by his parents, Mr. and Mrs. Andrew B. Speer of McKees Rocks, and two brothers, Dr. A. R. Speer of Braddock and Dr. H. B. Speer of Carnot. The body will arrive in McKees Rocks today.

### Mrs. Michael McBride.

Mrs. Sarah M'Bride, aged 70, wife of Michael M'Bride, died Tuesday evening at the family home, 2417 Sarah street, South Side, after a lingering illness. She was born in Ireland and for the last 18 years had resided in Pittsburgh. She was a member of the Holy Cross Roman Catholic church. Her husband and six children survive her.

### Obituary Notes.

R. M. Brisbin, aged 22, died at the home of his parents in Clark street, Wilkinsburg, yesterday afternoon, from pulmonary trouble.

Mrs. Minnie Jackson, aged 55, widow of Capt. Gardner Jackson, died Monday at the home of her daughter, Mrs. C. F. Niemick, 2018 Perrysville avenue, Allegheny. She was born in the Manchester district and resided there the greater part of her life. Mrs. Jackson was a member of the German Lutheran church. A daughter and two sons survive her.

## GREAT ENTHUSIASM FOR THE ORCHESTRA

### Take Cleveland by Storm and Furnish Great Concert Music.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, March 13.—The practice of giving operas as concert music received its highest expression tonight when Gounods "Faust" was sung under the direction of Emil Paur. The concert was the seventh and last in the symphony concert series here, managed by Mrs. Adella Prentiss Hughes.

Six of the seven concerts have been given by the Pittsburgh orchestra. The two leading choruses of Cleveland united for this performance, and the soloists were Mrs. Ford, Miss Wheat of Pittsburgh, Mr. VanHoose, Mr. Witherspoon, Mr. Hughes and Mr. Sadler. Mr. Paur entered heartily into the preparatory work, holding several rehearsals here during the past month.

The largest audience ever assembled at a concert in Cleveland was present tonight, and the greatest enthusiasm prevailed. Too great credit cannot be given Mr. Paur for an interpretation of the orchestra score, which was most beautiful, not the cut and dried thing that one hears from fatigued players, but one full of life and color and very dramatic. The chorus and singers all felt the glow from the conductor so that a really admirable result was secured at all points.

Mrs. Ford or Marguerite was very fine. Witherspoon as Mephisto showed great talent. The Faust of VanHoose was vocally beautiful. Miss Wheat as Marta and Siebel brought credit on her city. Mr. Hughes as Valentine reached the highest point in his career. The concert is a happy augury for next year, when even more and greater plans will be announced in which the Pittsburgh orchestra will be the dominating factor.

## GAS IS TURNED OFF, BUT THE METER STILL WORKS

### Sub-Committee of Councils Makes an Investigation at Municipal Hospital. Refuses to Pay Bill.

The meter at the Municipal hospital that measures the natural gas furnished by the Philadelphia Company is said to be automatic. When a bill for gas for six months amounting to $1,287, or over $200 per month, was presented to Controller Larkin, he refused to pay it. It was presented to councils and a subcommittee of the finance committee was appointed to investigate.

The sub-committee went to the hospital, had the gas turned off, and while standing in front of the meter 40 minutes the dial showed a consumption of 20 cubic feet. The gas was next turned off at the curb, the valves sealed and 24 hours later the reading showed 2,005 feet had been consumed.

At a meeting of the sub-committee in the controller's office yesterday the company offered a rebate of $25.20, but this was refused. A report will be made to the finance committee today.

### Go to Washington to Protest.

DETROIT, March 13.—A. A. Schantz, B. W. Parker and Capt. Duncan Ninholsen, representing Detroit passenger steamship lines, left today for Washington to join similar delegations from other lake ports, to oppose the Golden bill, upon which there are to be committee hearings within the next few days. The vesselmen object to the provision that 55 per cent of the deck crews of passenger vessels must be able seamen of three years' experience.

### Finds Italians Guilty of Murder.

WARREN, PA., March 13.—(Special.)—After being out 17 hours the jury today returned a verdict of "guilty of murder in the first degree" against Frank Gerardi, Peitro and Antonio Frucci, who were charged with killing Raphael Farenio, an Italian contractor, three weeks ago. Farenio was shot while being pursued through the streets of Tiona by four Italians.

## TO TREBLE VALUATIONS OF RAILROAD PROPERTY

### Gov. Dawson Has a Project Which Will Increase Tax Receipts of West Virginia.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, March 13.—Trouble for the railroad companies which traverse the state of West Virginia is foreshadowed in the visit to Washington of Gov. William M. O. Dawson, who came here to forge an entirely new weapon against common carriers.

West Virginia has a new law relating to the assessment of property for taxation. It requires that property of all kinds shall be appraised at its full value. The last assessment of railroad property in the state was under the old law, and was made in 1904, when the valuation was put at about $36,000,000. The United States census bureau recently issued a bulletin showing the actual valuation of railroad property in West Virginia to be $202,000,000.

Gov. Dawson has asked the director of the census to permit two of his experts to go to West Virginia to assist the state board of equalization and assessment in making a reappraisement of railroad property, which will mean an early increase in the taxes so far as the railroad companies are concerned.

Some of the West Virginians now in Washington believe the assessments will at least be trebled.

### Three Suspects Are Fined.

Three suspects, who gave their names as Samuel Gardner, Allegheny; Harry Robinson and Arville Hurd, Mars, were arrested yesterday morning by detectives of the railroad company. Their arrest is the outcome of recent robberies on the railroad tracks above Millvale. They were fined $5 and costs by Justice Gardner.

### Mayor-Elect Will Make Address.

Mayor-Elect George W. Guthrie has accepted an invitation to address the Pittsburgh Association of Credit Men at the regular meeting and dinner of the association in the Union club tomorrow night. The organization is composed of prominent business houses and manufacturing concerns in this district who cooperate for protection against fraudulent creditors.

### WASHINGTON NEWS NOTES.

The senate confirmed the nomination of Isador Sobel to be postmaster at Erie, and J. F. McCaskey, postmaster at New Martinsville, W. Va.

The house committee on interstate and foreign commerce decided to make a favorable report on the Townsend joint resolution providing for an appropriation of $50,000 to enable the interstate commerce commission to investigate railways and monopolies under the Tillman-Gillespie joint resolution. The Townsend resolution also corrects other defects in the Tillman-Gillespie resolution pointed out by the President.

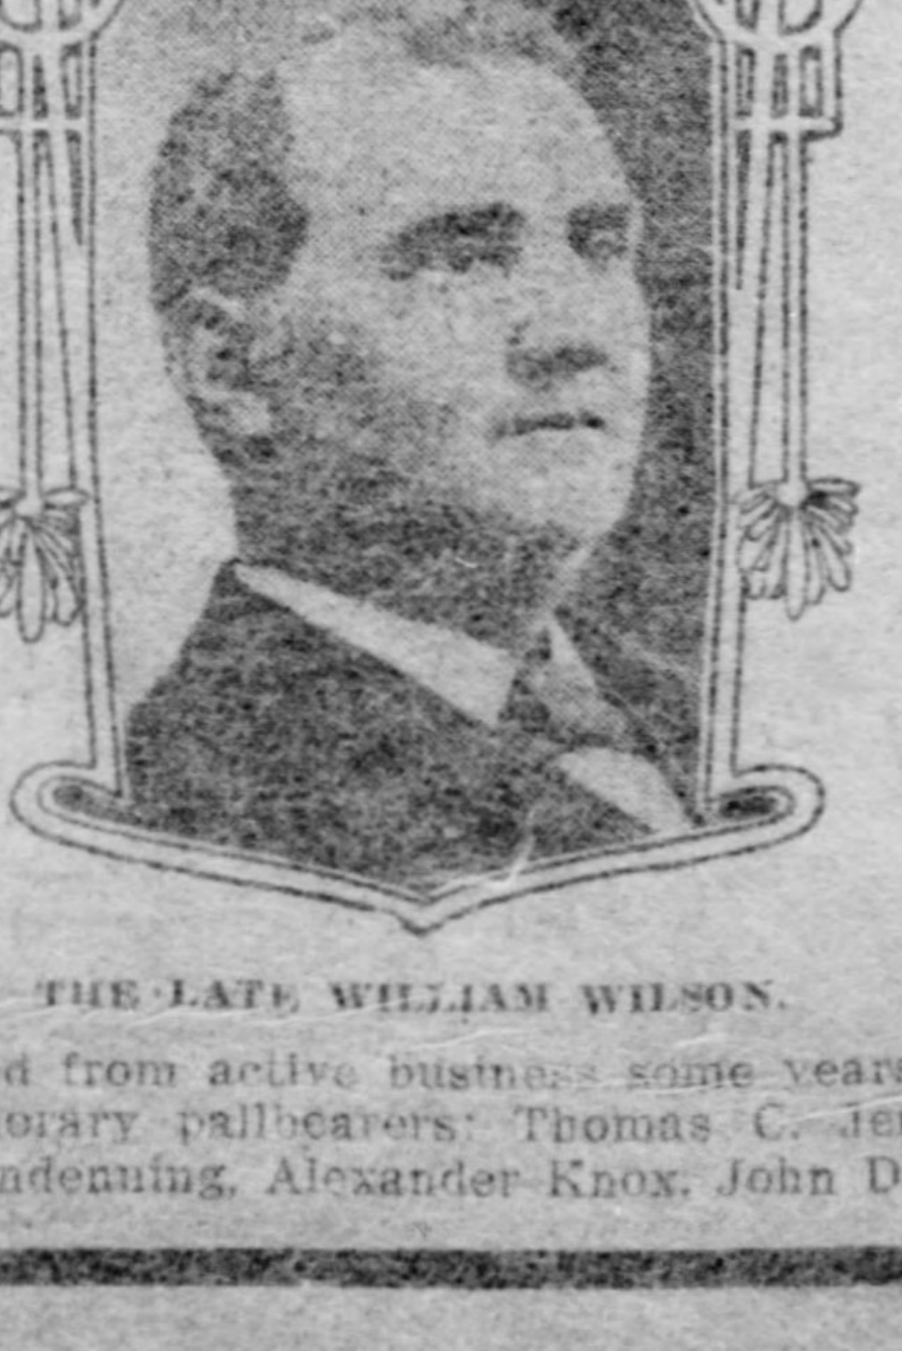
Senator Lodge expects to draft an amendment to the house railroad rate bill to restore the penal clause of the interstate commerce act, which was repealed by the Elkins anti-rebate law.

In discussing the appointment of a postmaster for Pacific Grove, Cal., with Representative Needham of California, President Roosevelt informed Mr. Needham that, all other things being equal, he preferred to give preference in such appointments to soldiers of the civil war, and said that to the office under consideration, he probably would appoint M. H. Stansbury, an ex-union soldier, instead of J. A. Bell, a business man who has been indorsed by the Republican organization.

Senators Knox, Foraker and Bailey have been appointed a sub-committee of the committee on privileges and elections to draft a bill making it a felony for national banks to contribute to campaign funds. They will take under consideration all of the bills introduced bearing upon this subject, and report one to the committee. It is the unanimous sentiment of the committee that some such measure should be enacted into law.

Secretary of War William H. Taft will today confer in New York with his two brothers and decide whether to accept the position on the United States supreme bench offered him by President Roosevelt. Many of his friends are urging him not to go on the bench because he has a good chance of being the Republican candidate for President in 1908.

## ARRANGEMENTS FOR THE WILSON FUNERAL



THE LATE WILLIAM WILSON.

The funeral of William Wilson, one of the most prominent and wealthy citizens of Allegheny, will be held this afternoon at 3 o'clock. Services will be held at his late home, Ohio and East Diamond streets. Mr. Wilson is survived by his three children, Nelson C., Aubrey P., and Mrs. Jean Mehard. The interment will take place later in Uniondale cemetery. The body of Mr. Wilson will be laid away in the magnificent vault which he and his two brothers, John C, and Alexander, who survive him, built some years ago. Mr. Wilson and his two brothers, known as the firm of John Wilson & Bros., were in the horse business all their lives, but retired from active business some years ago. The following will be the honorary pallbearers: Thomas C. Jenkins, Samuel McKnight, Arthur Clendenning, Alexander Knox, John D. Thompson, William A. Ford.

## SPECULATORS ARE ANGRY AT DECISION

### Chicago Traction Stocks Fall Rapidly After Full Text of Opinion Is Received.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, March 13.—Prices of the Chicago traction stocks suffered severely today on both the New York and Chicago stock exchanges. In New York the price of Union Traction common stock broke almost in half, dropping from 11⅛ to 7⅝. The preferred stock, which closed last night at 46, declined to 30. West Chicago showed a decline of 15 points from a close of 55 last night, and North Chicago was down 23 points. There were no sales of the stock of the Chicago Railway Company yesterday, and the last quotation prior to the opening of the stock exchanges today was 193½. It changed ownership today at 170. On the exchange here the break in the prices of traction stocks was attributed to the rush of small holders who desired to get rid of their stocks at almost any price.

A wrong interpretation placed on the first reports of the supreme court decision aroused much wrath among local bankers today. Several prominent brokerage houses were thrown completely on the wrong track by the first reports, which declared that the decision was in favor of the companies. The amount of money involved was not great, but from the flood of angry and perplexed messages which were rained on Chicago brokers today it was evident that a great many people had been sadly puzzled by the decision. It is estimated by local financiers that the decision of the supreme court has wiped out franchises belonging to the Union Traction Company valued at anywhere from $60,000,000 to $85,000,000.

### NEWS NOTES OF NEARBY TOWNS.

NEW CASTLE—Mrs. Kate Stanton of this city has just returned here after having been married Saturday evening at Canton, O., to her former husband, John C. Stanton, from whom she was once divorced. He is now critically ill at the Canton hospital.

UNIONTOWN—Mrs. William Wineburner, who prosecuted her husband on a charge of desertion and nonsupport, lost her case, the jury assessed one-half the costs on her and she was sent to jail in default of payment. Her husband is in jail for the other half.

WASHINGTON—Fire was discovered in the new Sixth ward school building. Pupils started to rush from the building but the doors were locked and no one was allowed to leave until the fire drill was started, when the rooms were quickly emptied without a panic.

HAGERSTOWN, MD.—George Claggett Funk, worth $50,000, and one of the best-known farmers of Washington county, committed suicide at his home, near Hagerstown, by swallowing carbolic acid Tuesday. Continued ill-health is believed to have impaired his mind.

YOUNGSTOWN—As a result of the strike of puddlers at the Valley plant of the Republic Iron and Steel Company, it was necessary at noon to shut down the finishing departments on account of the lack of steam, which the puddling furnaces supply. This throws out of work 1,500 men.

CONNELLSVILLE—Anna, the 15-year-old daughter of David Trump, died last night of cerebro-spinal meningitis, resulting from injuries inflicted at the base of her brain by a water-soaked snowball. Officers are investigating, and if the father of the dead girl will consent, prosecution will likely follow.

WASHINGTON—Henry Stockman, who shot and killed Joseph Kolosky, a Lithuanian, while the latter was robbing a company store at Ellsworth mines shortly after midnight Monday morning, was exonerated from blame Tuesday afternoon by a coroner's jury, who decided that the slaying was justifiable homicide.

UNIONTOWN—The pardon of Owen R. Brownfield, who has served nearly a year in the penitentiary on a charge of embezzlement, has been signed by Governor Pennypacker and Brownfield is expected to return at once to his home in Fairchance. Brownfield was formerly clerk in the Fayette county commissioners' office.

NEW CASTLE—Judge Porter Tuesday afternoon ordered a recess in the trial of Tom O'Toole, charged with the murder of his brother-in-law, Roy Barber, to give Sheriff Ayres time to scour the country and secure citizens to act as jurors in court tomorrow. The sheriff is ordered to bring in 120 men for possible jury service.

UNIONTOWN—The Uniontown & Bridgeport Traction Company has been formed by John S. Skully, Jr., and J. S. Rogers of Pittsburgh, W. R. Brown of New York, D. E. Mitchell of Lebanon, Tenn., and W. L. Gans of Uniontown, to build a street car line from Uniontown to Bridgeport, Pa., about 12 miles. The capital stock of the company is to be $600,000.

### Orpheus Club at Avalon.

The program for the second concert of the Orpheus club's first season, to be given in Avalon's borough hall tomorrow evening, under the direction of Prof. W. A. Lafferty, is a very pleasing one. Dan. T. Beddoe, the well-known tenor, will be the soloist, and will sing the prize song from Wagner's "Meistersinger" and "Cielo-e-mar" from Ponchielli's "Gioconda." The club chorus is scheduled for nine songs. Mrs. Lafferty will be the accompanist.

### MARRIAGE LICENSES.

The following marriage licenses were issued yesterday:

Charles Wagner, Elizabeth Stein; William G. Winterburn, Margaret McCaig; all of Pittsburgh.

William Gorring, Emma Hendrichs, West Park.

Peter Brown, Laura Reese, Altoona.

Theodore G. Straub, Clairton, Anna Sendlosky, Blair; Richard Angenstein, Findleyville, Annie Lutz, Bethel township; Frank Carey, Allegheny, Mary Schoots, Pittsburgh.

# TANNER PLEADS CAUSE OF THE AGED VETERAN CLERKS

## Protests Against Removing Government Employes from Service Because They Have Passed the 65-Year Mark

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, March 13.—"Corporal" Tanner, commander-in-chief of the Army of the Republic, has written a letter to Representative James A. Tawney of Minnesota, chairman of the house committee on appropriations, protesting vigorously against the action of Mr. Tawney's committee in recommending the enactment of a law reducing the compensation of government clerks after they have attained the age of 65 years. "Corporal" Tanner writes particularly in behalf of his comrades of the civil war, many of whom now employed in the government service would be affected seriously by the proposed reduction in compensation.

Corporal Tanner ventures the assertion to Mr. Tawney that "you won't find a Confederate soldier behind your bill," and that incidentally pays a tribute to a Confederate brigadier who refused to permit a single one of the union veterans to be disturbed when he had the power to remove them. In the letter Corporal Tanner writes:

"Were the same rule be applied to those in high as well as low places, three members of your committee would have been debarred from signing it; the distinguished speaker of the house, so active that many people fear he must be reckoned with in 1908, would have to withhold his approval unless you hurry the bill through before May 7, while of the 13 members of the senate committee on appropriations, who have the last guess at this bill, east of the White House, whose average age is 67, all but four, two Democrats and two Republicans, and they by a tight squeeze, would be rescued from consideration of your automatic 'time register', upon his arrival at the northern wing of the capitol.

"According to the best estimate we can make, 730,000 of the union army are now living. Providence has blessed these men with a vast aggregation of sons and sons-in-law, and I cannot be far out of the way when I assert that the survivors of 'the vanishing army' and their allied domestic relatives aggregate nearly or quite 6,000,000 adults in this land. Few of this number but, directly or indirectly would be affected by the proposed legislation."

# PANAMA SUPERVISORS MUST LIVE ON ISTHMUS

## Reduction of Commission from Seven to Three Members and Revision of Salaries.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, March 13.—Reduction of the membership of the isthmian canal commission from seven members to three, and provision that the officers of the administration shall be upon the isthmus, instead of in Washington, will be provided for in the canal act soon to be presented by the senate canal commission. The first draft of that act has been prepared and it is not probable that it will be materially changed.

The restriction of the present law which make it necessary that there shall be representation of the engineer corps of the army and of the navy upon the commission will be removed.

The officials and employes who serve in Washington or this country shall be paid according to the prevailing scale of wages in the government's executive departments, and that there shall be an increase on a percentage basis for those working in different capacities on the isthmus. The bill will provide that the President shall fix the salaries of members of the commission and of engineers, but that the salaries and wages for other officials and for laborers shall be determined by the commission.

The bill will contain specific declaration that the laws of the United States shall not apply to the canal zone unless expressly so provided. For the purpose of extradition of criminals the canal zone is declared to be territory of the United States.

The members of the senate committee are unanimously in favor of building the canal under the contract system. With regard to the question of the type of canal, the sentiment seems to trend strongly in favor of the sea level project.

## M'KEE TAKES CHARGE.

### Executive Director of Chamber of Commerce Enters Upon Duties—John Eaton Preparing Statement.

Logan McKee, the newly elected executive director of the chamber of commerce, entered upon his dual duties as secretary-executive director of the organization yesterday morning. George H. Anderson, the former director, was at the offices of the chamber yesterday attending to private affairs.

John Eaton, who was succeeded in the presidency of the organization by Maj. A. J. Burchfield at the annual election, announced last night that he would have a statement ready for the public during the latter part of the week, explaining the causes that led up to the "resurrection" that overthrew the regular ticket at the recent election. Directors of the chamber of commerce deny the report that a movement is on foot to merge the chamber with the Merchants and Manufacturers' association, but declare that both organizations will hereafter work in harmony to the interest of both and to the interest of the city.

### Discovery of a Robber in the Basement of a Store Leads to Complication of Affairs.

BELLEFONTAINE, PA., March 13.—(Special.)—For about a year some one had been systematically robbing the store of E. T. Roans, despite the watchful vigil of the owner. This morning two clerks who were on watch heard a noise in the cellar, and going downstairs found a man filling two baskets.

The clerks overpowered him, and discovered he was Edward Brown, Jr., from whom the storerooms were rented. Brown was turned over to an officer and later released under a bail of $500. Charles Brown, a cousin, at whose home large quantities of groceries were found, was also arrested on the charge of receiving stolen goods. The arrest has caused a sensation, as Edward Brown is a member of one of the most prominent families in town.

## FIND PLAYWRIGHT DEAD.

### Louis DeLange Is Found With His Throat Cut After Struggle Is Heard in His Room.

NEW YORK, March 13.—Louis De Lange, a playwright, whose home was formerly in Philadelphia, was found dead in his room today when his brother went to awaken him. He was formerly an actor. DeLange was also known as Louis Delange Moss. The police believe he met his death by foul play.

They base their suspicions on a statement made by the dead man's sister-in-law, Mrs. Alexander C. DeLange. She says she heard the playwright come home and go to his room. Some one accompanied him. Shortly after he entered the room Mrs. DeLange heard sounds of quarreling, and thinks that she also heard a scuffle.

### Report on Allegheny Tenements.

Mary A. Markey and G. A. Pannier, tenement house inspectors of Allegheny, yesterday submitted their second annual report to Superintendent McLaughlin of the bureau of health. It shows that during the fiscal year ended February 28, 1906, 535 houses were inspected; that the number of tenants located in the houses was 1,897; that there were 429 violations of the health laws; that 216 notices were served and that 274 tenements were reinspected. It was necessary for the inspectors to institute suits against a number of violators. The report states that the conditions of the tenements have greatly improved since the tenement act went into operation.

### H. K. Porter Is on Committee.

WASHINGTON, March 13.—The National Consular Reform convention convened here today. The delegates represent a large number of commercial bodies. It is proposed to create a permanent national committee on consular reform to supplement and make effective the work of the convention, to consist of one member from each organization in the United States favorable to consular reform. George H. Barbour of Detroit was elected president. H. K. Porter of Pittsburgh was appointed one of the members of the executive committee.

## CITES FIGURES ON PROFIT.

### "Homeless 26" Replies to Railroad Manager Who Contends Mileage Rebate System Is Unprofitable.

The "Homeless 26," the local association of commercial travelers which is waging warfare against the Pennsylvania lines with a view to secure the abolition of rebate system on mileage books, directed a letter to J. R. Wood, passenger traffic manager of lines, last night, answering his letter defending the present $10 deposit system.

The local organization pointed out the fact that if the company's figures showing a sale of 216,000 books annually was correct, that $2,160,000 was received in $10 deposits. The cost to the company in conducting the bureau was claimed to be $40,000 in the two years and nine months in which the tickets have been in use. During this time $59,400 has been received in interest at a 4 per cent rate, or two and three-quarter times the annual interest, showing a profit of $19,400, or nearly 50 per cent. The local organization, after citing these figures, points out that the undertaking has not only been profitable, but that the profit of the other six railroads sharing in the distribution is not included.

### New Cabinet Definitely Constituted.

PARIS, March 13.—The new cabinet has been definitely constituted, as was predicted. It will hold its first formal meeting Wednesday morning and will appear before the chamber of deputies in the afternoon.

ROARING NOISES IN THE HEAD

With very few exceptions, roaring, hissing and other noises in the head, the forerunners of impaired hearing and deafness, are caused by catarrhal inflammation of the middle ear and unless this cause is removed, total deafness, first in one and then in the other ear, is certain to follow. But if sufferers will send a two-cent stamp to pay postage, Pretzinger Bros., Chemists, Dayton, O., will send a free sample of Pretzinger's Catarrh Balm which will prove that every form of catarrh and catarrhal deafness can be positively cured. The first application gives relief. Read what grateful people who have used this remedy say about it.

"I write this to let you know that my head is all right now, for which I thank you ever so much. I am past 76 years old and the doctors here could not stop the thundering noise in my head, which bothered me for six years, and this winter it got so bad that it would not let me sleep until I used your balm.

STRONGEST IN THE WORLD

THE MONEY REMAINS AT HOME

When you buy Life Assurance from the Pittsburgh Agency of The Equitable Life, the money remains right here in Pittsburgh, helping to increase the general prosperity of the city.

During the year 1905 the Pittsburgh Agency paid out $3,608,542.58 in loans, death claims, dividends, etc. During the same period it received $2,873,641.29—

The difference between these two amounts shows quite a handsome balance in favor of the people of this community—

The Equitable, appreciating the conservative value of Pittsburgh securities, has invested over $8,600,000 here—

The Equitable, therefore, so far as actual benefit to Pittsburgh is concerned, is distinctly "your home Society"—

No other assurance organization contributes so much to the prosperity of the city—

To the Germans of America

YOU Germans have cut a big figure in the populating and upbuilding of America. There are over twelve millions of you here, and you have done things and done them mighty well. Combined, you are a tremendous energy and a tremendous power.

You are thinkers and workers, and you are a peace-loving, home-loving, home-making people, with clean ideals and honest purposes. This is why you have cut so big a figure in America.

Munsey's Magazine For March

which is still on sale, tells you all about yourselves and your great record in this new world. In education, in finance, in trade, in the professions, in music and art, and in the great business enterprises of the country you have made yourselves felt, not only here at home, but the world over.

The Germans in America is the third in our Great Series of Race Articles. The first, in the January Munsey, was on The Jews in America. The second, on The Scotch. The fourth, The Irish, then The English, The French, The Dutch, The Canadians, The Welsh, The Scandinavians, The Spaniards, The Italians, and finally The Americans in America.

There Is No Better Magazine At Any Price

The March number of Munsey's Magazine is the best we have ever brought out. If the price were fifty cents instead of ten we couldn't well have made it better. Indeed, in the quality and readableness of its articles, the cleverness of its stories and the beauty of its presswork, with illustrations in black and white and in color, it outclasses all other March Magazines.

On all news stands, at 10 cents, or from the publisher. By the year, $1.00.

# IN PERIL OF HIS LIFE

BY EMILE GABORIAU

Author of "THE MYSTERY OF ORCIVAL," "FILE NO. 113," Etc.

(Continued from Yesterday.)

Jacques made no reply. His elbows resting on the table, his face in his hands, he remained motionless, absorbed in thought. What should he do? Should he follow his first impulse, tear the veil aside, and proclaim the truth? That was a doubtful policy, but, also, what triumph if he succeeded! Should he adopt the views of his counsel: employ subterfuges and falsehoods? That was more certain of success, but to be successful in this way—was that a real victory? Jacques was in a terrible perplexity. The decision he formed would decide his fate. Suddenly he raised his head, and asked, "What is your advice, M. Magloire?"

The great advocate of Sauveterre looked grave. "I have had the honor to place before your mother all that my young colleague has just told you," he said somewhat curtly. "M. Folgat has but one fault—he is too cautious. The physician must not ask his patient what he thinks of his remedies: he must prescribe them. It may be that our prescriptions do not meet with success; but, if you do not follow them, your are most assuredly lost."

Jacques hesitated for some minutes longer. These prescriptions, as M. Magloire called them, were painfully repugnant to his chivalrous and open character. "Would it be worth while," he murmured, "to be acquitted on such terms? Should I really be exculpated by such proceedings? Would not my after life be disbraced by unjust suspicions? I should not come out from the trial with a clear acquittal; I should have escaped by a mere chance."

"That would be still better than to go, by a clear judgment, to the galleys," said M. Magloire, brutally.

This word "galleys" made Jacques bound. He rose, took several strides up and down his cell, and then, stopping short in front of his two advocates, exclaimed "I put myself in your hands, gentlemen. Tell me what I must do." Jacques had at least this merit—if he once formed a resolution he was sure to adhere to it. Calm now, and selfpossessed, he sat down and said, with a melancholy smile, "Let us hear the plan of battle."

This plan had been for well-nigh a month M. Folgat's one great thought. All his intelligence, all his sagacity and knowledge of the world, had been brought to bear upon this case, which he had made his own, so to say, by the almost passionate interest he felt in it. He knew the tactics of the prosecution as well as M. Galpin-Daveline himself, and he knew its weak and its strong side even better than the investigating magistrate.

"We shall proceed," he began, "as if no such person as the Countess de Claudieuse existed. We know nothing of her. We shall say nothing of the meeting at Valpinson, nor of the burnt letters. That being so, we must next look, not for the manner in which we spent our time, but for our purpose in going out on the evening of the crime. Ah! If we could only suggest a plausible, a probable purpose, I should almost guarantee our success: for this is the turning point of the entire case, on which all the discussion will take place."

Jacques did not seem to be fully convinced of this fact. "You think it will be so," he said.

"Unfortunately, it is but too certain; and, if I say unfortunately, it is because here we have to meet a formidable argument, the most decisive, in all respects, that has been raised, one on which M. Gadpin has not insisted (he is much too clever for that), but one which, in the hands of the prosecution, may become a terrible weapon."

"I must confess,' said Jacques, "I do not very well see——"

"Have you forgotten the letter you wrote to Mademoiselle Denise the evening of the crime?" broke in M. Magloire.

Jacques looked first at one, and then at the other of his counsel. "What," he said, "that letter?"

"Overwhelms us, my dear client," rejoined M. Folgat. "Don't you remember it? In that note you told your betrothed that you would be prevented from spending the evening with her owing to business of the greatest importance, which could not be delayed? Thus, you see, you had predetermined, after mature consideration, to spend that evening in doing a certain thing? What was it? The prosecution says that this important business was to 'murder the Count de Claudieuse.' Now what can we say? Mademoiselle Denise has not handed your letter to the prosecution, but the latter is aware of its existence. M. de Chandore and M. Seneschal have spoken of it in the hope of exculpating you, and have even mentioned its contents. And M. Galpin knows it so well, that he has repeatedly mentioned it to you, and you have confessed all that he could desire." So saying the young advocate looked among his papers; and referring to the reports of Jacques' examination by the investigating magistrate, speedily showed him that such was the case.

Jacques was dumfounded. But all prisoners are equally surprised when they are told of what they have stated in their examinations. There is not one who does not exclaim—"What, I said that? Never!" And yet he has said it, and there it is written, and its authenticity is guaranteed by the culprit's own signature.

Such now proved the case with Jacques. The questions referring to the note he had written to Denise, and the "important business" he had to transact on the night of the crime had been put to him so skilfully, and at such long intervals of time, that he had totally forgotten them; and yet now, when he recalled his answers, he had to acknowledge that he had confessed his purpose to devote that evening to a matter of great importance. "This is fearful!" he cried. And overcome by the terrible reality of M. Folgat's apprehension, he added—"How can we get out of it?"

"I told you," replied M. Folgat, "we must find some plausible explanation."

"I am sure I am incapable of that."

The young lawyer seemed to reflect a moment, and then remarked—"You have been a prisoner while I have been free. For a month now I have thought that matter over. Tell me where was your wedding to be?"

"At my house at Boiscoran."

"Where was the religious ceremony to take place?"

"At the church at Brechy."

"Have you ever spoken about it to the priest?"

"Several times. One day especially, when we discussed the matter in a pleasant way, he said jestingly to me, 'I shall have you after all, in my confessional.'"

M. Folgat almost trembled with satisfaction, and Jacques saw it. "Then the priest of Brechy was your friend."

"An intimate friend. He sometimes came to dine with me without any ceremony, and I never passed him without shaking hands with him."

The young lawyer's joy sparkled in his eyes. "Well," he said, "my explanation is growing quite plausible. Just hear what I have positively ascertained for a fact. From 9 to 11 o'clock, on the night of the crime, there was not a soul at the parsonage at Brechy. The priest was dining with M. Besson, at his house; and his servant had gone out to meet him with a lantern. Now why should you not have gone to see the priest at Brechy, my dear client? In the first place, you had to arrange the details of the ceremony with him, then, as he is your friend, and a man of experience, and a priest, you wanted to ask him for his advice before taking so grave a step, and, finally, you intended to fulfill the religious duty of which he had spoken, and which you were rather reluctant to comply with."

"Well said!" observed the eminent lawyer of Sauveterre approvingly—"very well said!"

"So, you see, my dear client," continued M. Folgat, "it was for the purpose of consulting the priest at Brechy that you deprived yourself of the pleasure of spending the evening with your betrothed. Now let us see how that answers the allegations of the prosecution. They ask you why you took to the marshes. Why? Because it was the shortest way, and you were afraid of finding the priest in bed. Nothing more natural; for it is well known that the good man is in the habit of going to bed at 9 o'clock. Still you had put yourself out in vain, for when you knocked at the door of the parsonage nobody came to open it."

Here M. Magloire interrupted his colleague, saying, "So far, all is very well. But now there comes a very great improbability. No one would think of going through the forest of Rochepommier in order to return from Brechy to Boiscoran. If you knew the country——"

"I know it; for I have carefully explored it. And the proof of it is, that, having foreseen the objection, I have found an answer. While M. de Boiscoran knocked at the door, a little peasant girl passed by, and told him that she had just met the priest at a spot called the Cafourche des Marechaux. As the parsonage stands quite isolated, at the end of the village, such an incident is probable. As for the priest, chance led me to learn this; precisely at the hour when M. de Boiscoran would have been at Brechy, a priest passed by the spot I have mentioned; and this priest, whom I have seen, belongs to the next parish. He also dined at M. Besson's, and had just been sent for to attend a dying woman. The little girl, therefore, did not tell a story; she only made a mistake."

"Excellent!" said M. Magloire.

"Still," continued M. Folgat, "after this information, what did M. de Boiscoran do? He followed the wood, and hoping every moment to meet the priest, he walked as far as the forest of Rochepommier. Finding at last that the peasant girl had—purposely or not—led him astray, he determined to return to Boiscoran through the woods. But he was in a very bad humor at having thus lost an evening which he might have spent with his betrothed; and this made him swear and curse, as the witness Gaudry has testified."

The famous lawyer of Sauveterre shook his head. "That is ingenious, I admit; and I confess, in all humanity, that I could not have suggested anything as good. But—if there is a 'but'—your story sins by its very simplicity. The prosecution will say, 'If that is the truth, why did not M. de Boiscoran say so at once? What need was there for him to consult his counsel?'"

M. Folgat's expression indicated that he was making a great effort to meet this objection. After a while, he replied, "I know but too well that that is the weak point—and a very weak point too: for it is quite clear that, if M. de Boiscoran had given this explanation on the day of his arrest, he would have been released instantly. But what better can be found? What else can be found? However, this is only a rough sketch of my plan, and I have never put it into words till now. With your assistance, M. Magloire, and with the aid of Mechinet, to whom I am already indebted for very valuable information, with the aid of all our friends, in fine, I cannot help hoping that I may be able to improve my plan by adding some mysterious secret which may help to explain M. de Boiscoran's reticence. I thought, at one time, of calling in politics and of pretending that, on account of the peculiar views of which he is suspected, M. de Boiscoran preferred keeping his connection with the priest at Brechy a secret."

"Oh, that would have been most unfortunate!" broke in M. Magloire. "We are not only religious at Sauveterre, we are devout, my good colleague—excessively devout."

"And I have given up that idea."

Jacques, who had hitherto kept silent and motionless, now suddenly raised himself to his full height, and cried, in a voice of suppressed indignation, "Is it not too bad, is it not atrocious, that we should be compelled to concoct a falsehood! And I am innocent! What more could be done if I were a murderer?"

He was perfectly right; it was monstrous that he should be absolutely forced to conceal the truth. But his counsel took no notice of his indignation; they were too deeply absorbed in minutely examining their system of defense.

"Let us do on to the other points of the accusation," said M. Magloire.

# LOCAL CONCERN SELLS LARGE LUMBER YARD

## Nicola Brothers Company Disposes of Cleveland Property for $275,000.

The Nicola Bros.' Company has sold its big wholesale lumber yard at Cleveland for about $275,000. The yard is one of the largest in the Forest city and is on the Cuyahoga river, where for years the company has been carrying on a very large lake and railroad lumber trade. Included in this purchase are the planing mill, dry kilns, sheds and all equipment of the yard.

The purchasers are C. A. Krauss, Jr., and E. A. Krauss of the Lake Shore Saw Mill and Lumber Company; George S. Gynn of the Cleveland City Lumber Company, and J. A. Melcher of the Lorain Street bank of Cleveland. All these men are large dealers in lumber and will retain the Cleveland yard for a wholesale distributing point.

The sale of the Nicola property was negotiated by E. C. Brainerd, who has been for the past few years hardwood manager of the company at Pittsburgh. Mr. Brainerd will leave the employ of the Nicola Bros.' Company April 1 to enter the real estate business in Pittsburgh for himself. He will also pay special attention to timber lands and lumber properties, and this is his maiden sale in this line.

### To Consider Annexation Problem.

The executive and campaign committees of the Good Government party of Allegheny will hold a meeting tomorrow evening to consider questions arising out of the proposed consolidation of Pittsburgh and Allegheny. The meeting was called for tomorrow because George L. Cruikshank, the chairman, will be obliged to go east on Friday.

## SUGAR AND STARCH

### Please the Palate, but Sometimes Play Hob With Digestion.

Sugar and starch, as found in ordinary food are intended to supply energy and strength, keep up steam to drive the human machine, and this they do if properly digested.

But when the digestive apparatus has had too much work crowded upon it, or when it becomes weakened from any cause, the food decays (there is no other word so expressive) in the stomach and intestines, and not only produces gas to distend the stomach and crowd and weaken the heart, but promotes other disease conditions which develop into serious liver, stomach and sometimes heart trouble.

It is important that the food present the sugar and starch to the stomach in such form that they may be readily digested and pass to the nerves and blood to energize the machine without overtaxing the organs.

Grape-Nuts food does this perfectly. It is prepared by mechanical (not chemical) processes, similar to those through which food passes in the healthy human digestive machinery, and is, when taken into the system, pre-digested, soluble and easily assimilated. It is made of wheat and barley, and as it comes from the package, is adapted and grateful to even the weakest stomach of adult or babe.

A lady writes from Woonsocket, R. I.: "Grape-Nuts," she says, "is truly a wonderful food. I have been practically living upon it for the last four months, and I am stronger today, both physically and mentally, than I have been before for years.

"For some 12 or 15 years I had lived on sweet and starchy foods until my digestive organs were almost worn out, and I had been troubled for a long time with nervous dyspepsia or indigestion in its worst form. Everything I ate fermented and I belched gas from my stomach most of the time.

"My doctor advised me to try Grape-Nuts and so I began using it three times a day, and it has done wonders for me. It has strengthened my muscles, toned up my nerves and rested my brain. The headaches that used to punish me have disappeared.

"I have gained strength to work and power to think. Grape-Nuts is worth more to me than all the medicine in the world.

"When my baby was cutting his teeth this summer I cured him of his bowel trouble by feeding him Grape-Nuts soaked in milk." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

# METER EMPLOYES BEING LAID OFF

## Guthrie and Larkin May Lock Horns Over the Plan to Stop the Waste of Water.

## CONTROLLER EXPECTS A FIGHT

The entire force of meter employes in the bureau of water, including 22 plumbers, 15 inspectors and 30 or 40 laborers, are being laid off temporarily by Supt. Shepherd, pending a settlement of the controversy with Controller Larkin regarding the installation of meters. The controller's order goes into effect tomorrow, after which, he has said, he will not pay any bills for water meters or for expenses incurred by installing them.

Mayor-elect Guthrie has not expressed himself publicly on the subject of water meters, but it is claimed the meter advocates count on turning him to their side when he assumes office. Controller Larkin said yesterday he did not expect the meter fight to stop. Director Bigelow may try to have the matter settled before he goes out of office, but if he does not it will devolve upon his successor.

Supt. Shepherd of the water bureau is seriously discussed as a probable appointee to the directorship of the department of public works, and it is a foregone conclusion that if he is appointed he will do his utmost to install meters in every house in Pittsburgh.

The water meter advocates are pointing to the statement on water meters recently issued by Major Gillette, chief of the bureau of filtration of Philadelphia. He states that if it is possible to stop the waste of water in Philadelphia, which he claims can be done by the introduction of meters, the city can save $4,000,000 in the construction of the filtration system. He points out that the object of meters is to do away with useless waste of water, that the waste is enormous and aggregates in cost millions of dollars which the people have to pay in pumping and filtering. He says the waste amounts to more than half the water pumped. The cost is levied on the landlord, but is collected from the tenant in rent. It is claimed by the meter advocates that the same thing is true of Pittsburgh. The water bureau states that the water pumped daily is 250 gallons per capita, which is larger than any other city in the country.

Water bureau officials say they can show the use of meters will reduce instead of increase the cost of water to households. They say the meters will also reduce the cost of maintainance of the water bureau by stopping the waste which, in turn, will cut in half the amount of water now pumped by Brilliant station.

Controller Larkins' suspicions are aroused about an ordinance authorizing the employment of an additional assistant engineer, a transitman, a rodman and two chainman in the bureau of water. He thinks it is intended to permit the transfer of men from the division of water meters to keep them on the payroll. He was informed yesterday that three inspectors were overseeing the work of building one small sewer on St. James street where he thought one was enough.

## GRAND JURY RETURNS.

### Indicts George Bolden on a Charge of Shooting a Borough Constable at Rankin.

The grand jury yesterday returned a true bill against George Bolden, charged with shooting William Sullivan of Rankin, a borough constable, and D. K. B. Sullivan of Braddock on February 16. Two indictments charging felonious assault were returned against Bolden. Other true bills were: Felony, Barbara Nosberger; false pretense, A. W. Holland; A. Preatrok; entering a building, Loyd Landen, et al.; perjury, O. J. Coyne, Martin Dabilo, "Mick" Malick; aggravated assault, M. Paleo, James Herbert, P. B. Bloom; larceny, James Engel, L. Kowiczka, Peter Huntzberger, et al., George McCheeney, T. J. Fay, George Dale, Jacob Barb; felonious assault, Frank Schmidt, M. Larkovitz; receiving stolen goods, I. Idgent; assault and battery, John Wilk, "Mike" Hart, David Scotland, Rose Remele, D. E. Brown, Charles Cohen, Dennis McIntyre; misdemeanor, Theodore Connell, William Benchle.

### Controversy Over Police Force.

A preliminary injunction has been issued at the suit of the borough of Duquesne against Harry Graw and others, as a result of a fight over the policing of the borough. It is asserted that on March 5 the borough council appointed H. H. Flister chief of police and named other members of the force to take the place of Harry Graw and the old force, who refused to give up keys, badges, etc.

### Heinrich Conried Is Acquitted.

NEW YORK, March 13.—Heinrich Conried, director of the Metropolitan opera house, was acquitted of a charge of violating the law regarding Sunday theatrical performances. Verdi's requiem mass was the production upon which the charge was based.

# LEISHMAN DELAYED BY OFFICIAL DUTY

## Minister to Turkey Finishing Important Affairs Before He Comes to Pittsburgh.

[By Associated Press to The Gazette.]

WASHINGTON, March 13.—It is said at the state department that John G. A. Leishman, the American minister to Turkey, who is soon to visit his home in Pittsburgh, after a visit en route in Paris, was really granted leave of absence nearly a year ago, but as he had several matters of importance pending before the porte, which he desired to deal with himself, his departure from Constantinople was delayed.

His last reports to the state department show that while he has not been able to entirely conclude the consideration of these matters he has made much progress particularly in the case of the claims of American colleges in Turkey to be placed on an equal footing with the French and Belgian colleges, so far as relates to the free admission of books and supplies.

One of the most interesting matters, however, that relating to the case of Vartanian, the naturalized American, held under sentence of death for murder, and involving the right of the American legation to be present at the trial and otherwise exert its good offices, no conclusion has been reached.

The American contention has been much strengthened by the Belgian minister, who has come forward with a similar demand for exemption for a Belgian citizen, Edward Jores, who is also under arrest in Turkey, charged with participation in the same crime as that of which Vartanian stands convicted.

### Measles and Typhoid Tie.

Fourteen cases of typhoid fever and of scarlet fever, 14 of measles, seven of pneumonia, two of chickenpox and one of whooping cough were the contagious diseases reported to the Pittsburgh bureau of health yesterday.

### Mr. Carnegie Gives Y. M. C. A. $10,000.

RICHMOND, VA., March 13.—Andrew Carnegie, who arrived here today en route for Hot Springs, Va., gave $10,000 to the railroad Y. M. C. A. here and increased his library offer to the city by $100,000, making it $200,000.

# SUTMEYER WILL IS UNDER FIRE

## Children Claim Their Mother Had No Power to Bequeath Principal of Big Estate.

## JUSTICE IS TAUGHT LESSON

A contest was begun before Register Stone yesterday, involving the estate of the late Henry Sutmeyer, a former wealthy Alleghenian. The personalty is valued at about $40,000. There are also big realty holdings, not involved in the present proceedings, but in an equity suit begun by Mrs. Eliza Young, through Attorneys Rodgers, Blakeley and Calvert, against her brothers and sisters, for partition of the land. Attorney Leander Trautman represents Mrs. Sarah E. Larimer of Denver, Col., one of the daughters, while Jackson & Lang represent the other children of Sutmeyer.

Sutmeyer by his will left his entire estate to his widow for life, and on her death to his children. Mrs. Sutmeyer died at the home of her daughter, Mrs. Young, and left her estate to the children of Mrs. Young. This the other children of Sutmeyer allege is the estate left for life to Mrs. Sutmeyer, their mother, and at her death to them, while the grandchildren of Mrs. Sutmeyer allege that what she left them is the earnings and accumulations of Mrs. Sutmeyer during her lifetime and which they allege she had a right to will as she pleased.

Jennie U. Sutmeyer and the other children of Mrs. Sutmeyer filed a caveat against the probate of their mother's will, alleging undue influence, and asserting she had no power to bequeath the principal of the Sutmeyer estate. The questions raised will be finally determined in the supreme court. After proving the will yesterday, the hearing adjourned until tomorrow.

Judge Kennedy and a jury in criminal court yesterday showed what they thought of aldermen and justices of the peace who send petty cases to court. John Massey of Braddock, was charged with stealing eight bottles of beer; he showed he had only borrowed them and had returned them to Mike Kundrat on the day the information was made; also that Justice Miller had certified the case to the grand jury knowing these facts. The foreman arose and asked the court if Justice Miller could be taxed with the costs. Judge Kennedy told them to use their judgment. Massey was acquitted and the justice will pay the costs.

Jessie Lewis, a negro coal hauler, pleaded guilty to attempting to criminally assaulting the 8-year-old daughter of John Dignan of Homestead, and was sentenced to one year to the workhouse. Two women were in court who testified that he had made similar attempts on their little daughters.

Melvin E. Steen, a clerk at the McCormick steamship agency, pleaded guilty to stealing tickets worth $250. He was sent to Huntingdon. Ida Morgan, colored, was sent to the workhouse for a year for cutting Bessie Hall of Basin alley. Other cases were: George Harrara, larceny, 18 months to the workhouse; Munroe Cobbs, aggravated assault and battery, 90 days to the workhouse; George Galya, assault and battery, fined $75 and costs; Joseph Stoddo, aggravated assault and battery, $50 and costs and four months to the workhouse; Mike Sick, larceny, one year to the workhouse; Jessie Wilson, burglary, three years to the penitentiary.

The Guarantee Title and Trust Company has answered the equity suit of Thomas Rinaker, receiver of the Enterprise National bank, against it, Lemert S. Cook and D. L. Patterson. It is admitted that the company possesses the stock certificate over which the suit results as collateral for a note of Cook's, which, it is alleged, the trust company took before maturity and without notice of any claim of ownership of the stock other than the holder of the certificate. The receiver's right to the possession of the stock is called in question, and the court is asked to dismiss the suit.

William H. Cox sued Gothard Wyss and V. Wyss-Thalman for $41,500, and from the same defendants the Beaver Valley Brewing Company demands $160,000. The allegations are practically the same in each case, it being alleged the defendants violated an agreement to give the plaintiff a release of liens on the brewing company, while it is claimed both defendants filed liens against it. On account of this, it is alleged, the plaintiffs were unable to sell the balance of the treasury stock within the specified time.

A jury found Banker Eli Dowler of Braddock guilty of maintaining a nuisance in the shape of a building projecting over an alley way. The jury fixed the depth of Dowler's ground at 135 feet 2 inches. This will compel him to move back almost two feet further than the borough claimed.

A petition in bankruptcy was filed by Fred L. Fast, a broker of Pittsburgh. He gives his liabilities as $35,547 and his assets as $54,361. The unsecured claims amount to $45,632.

An involuntary petition was filed by A. D. Bane and others against the Sanatarium Company of Manhattan, Pa. The claims amount to $500.

Genze H. March, a traveling salesman of Corydon, Pa., filed a petition in which he gave his liabilities as $1,491 and his assets as $125.

Common pleas court No. 2 refused a preliminary injunction in the suit of the E. J. Detrick Company against Robert H. Conway and others. This is a suit growing out of labor disputes at the Wabash depot.

Attorney William A. Golden secured a verdict of $442 against the Pittsburgh Railways Company, for refusing to honor a transfer, after the superior court ordered a new trial.

Nicholas Roman, arrested on a capias issued in the suit of Nellie H. Argast for damages, gave a $750 bond and was released.

Charters were granted as follows: United Swiss Brothers, Swedish Singing society and F. O. E. of Braddock, Aerie 1097.

## PIRATES REACH THE MOUND CITY

### Pass Through Snow Covered Localities, but Expect Moderate Temperature Later.

### NINE PLAYERS JOIN THE GANG

ST. LOUIS, March 13.(Special.)—When the train conveying the Pirates to St. Louis stopped at a station in Indiana early this morning, several members of the party lighted cigarets and stepped out upon the platform to fill their lungs with the invigorating air. They were enjoying their smoke entirely oblivious of the fact that there is a drastic Indiana law which all but hangs a man found guilty of smoking cigarets. When the quick eye of Barney Dreyfuss, looking through a car window, detected a constable approaching them at a distance of about 50 yards, he took in the situation at a glance and quickly warned the innocent violators of the law, who hurriedly climbed back into their Pullman just in time to avoid complications which might have proved very embarrassing. During the remainder of the journey through the Hoosier state the devotees of the weed in cigaret form did their smoking inside the car.

No unusual incident occurred during the long and tiresome ride to this city. A game of "penny dute" was in progress, with "the rail" outnumbering the players about three to one, and in another corner of the sleeper Hans Wagner raked in 20 cents as the result of injudicious acceptances of his sweeping challenge to play all comers best three in five games of checkers for a nickel a side. The big fellow amused himself by inquiring at all Ohio stations concerning the quantity, quality and variety of game abounding in those sections.

President Dreyfuss received a telegram from Fred Clarke, sent from a station in Kansas, notifying him that he would arrive at Hot Springs Monday morning. George B. Dovey, president of the St. Louis Car Company, who was a fellow player with Barney Dreyfuss on the Paducah team of 1881, was the first man to greet the Pirate president here this afternoon. He will accompany the team to Hot Springs as the guest of Mr. Dreyfuss.

The following-named Pittsburgh players reported here and augmented the party that left on the Hot Springs "flyer" tonight: Arthur E. Meyer, Robert G. Caniey, A. P. Liefield, Fred Carisch, Clarence Beaumont, Homer Hillebrand, Charles Case, Sam Leever and Harry Newmeyer. All these men are in good shape and eager for the fray.

The journey thus far has been through white fields and snow-covered towns, but the temperature is moderating and the players look forward to warm sunshine and balmy breezes when their destination is reached.

## NO POOL SELLING IN NEW HAMPSHIRE

CONCORD, N. H., March 13.—That the making of books and pool selling at the new race course of the New England Breeders' club at Salem, N. H., would be a violation of the law and punishable by criminal as well as civil action, is the decision of the supreme judicial court returned today in reply to inquiries submitted to it by Gov. John McLane and counsel in reference to possible gambling at horse races.

It was the general opinion here tonight that races will be held without pool selling or bookmaking. The decision of the New Hampshire supreme court on two sections of the act incorporating the club, which were copied from the New York race track law, is opposed to the opinion of the New York supreme court, which passed upon these sections some years ago. The president and manager of the club is Andrew Miller of New York.

The race track is said to have cost upwards of $1,000,000.

## POPPENBERG EASILY DEFEATS HIS OPPONENT

CHICAGO, March 13.—J. Ferdinand Poggenberg of New York won the second game in the national amateur class A billiard tournament today, defeating Charles B. Norris of New York by a score of 300 to 231. Poggenberg played a steady game throughout, showing splendid form. Although Norris made 50, the high run of the game, he was somewhat erratic and could not hold the balls together. In the ninth inning Norris made a series of long round-the-table shots and took the lead, but several blanks in the next few innings and three runs of over 40 by Poggenberg put the latter in the lead, which he retained during the remainder of the game. It took Poggenberg 31 innings to run out the game. Summary:

| | Total. | High Run. | Average. |
|---|---|---|---|
| Poggenberg | 300 | 44 | 9 21-31 |
| Norris | 231 | 50 | 7 21-50 |

## WIND UP IN HOCKEY LEAGUE

The Shadyside academy and Pittsburgh college prep teams will meet in the wind up of the Interscholastic Hockey League championship series this afternoon at Duquesne garden. The winner will retain second place while the loser will fall back to fourth place. Each team will play its regular line up. Clarence Overend will be the referee and Dunning Ross and Wilford Thounhurst of Wilkinsburg will be the goal judges.

There is more internal troubles in the W. U. P. athletic affairs. The condition is said to be worse than the feud of one year ago, and it is hinted that the whole affair will be aired in the courts.

At Gettysburg college nearly 30 candidates for the baseball team are practicing. With two exceptions all of last year's squad is at school: Infielders, Lantz, Sieber, Kauffman, James, Brumbaugh and Charles Lantz; outfielders, Himes, Hill, Poffinberger and Baumgardner. Several new men are also showing up very well, among them being Elliott, a first baseman, and Row, a catcher.

Attention is turning baseballward at Pittsburgh college, and Manager Duffy and Capt. Keating predict a better season, even than last year's. A call for candidates was issued yesterday and 17 candidates responded, as follows: Catchers, White, Dashbach, King; pitchers, Kummer, Eongel, McKnight; first base, C. Duffy; second base, Rutledge, Lawles, O'Donnell; third base, Cain, McMorris; shortstop, Harrell; left field, Keating (captain); center field, Howe; right field, Neilan, Schmeldt, White, King. The material is all good, though not all equally well seasoned. Keating, Kummer, Duffy, Harrell, Eongel and Neilan were on last year's nine. Manager Duffy announced that he had arranged games with the following college, independent and minor league teams: Braddock, Steubenville, New Castle, Vandergrift, Beaver Falls (Decoration day, two games), California, Indiana and Slippery Rock Normal schools (two with each), W. W. P. Medics, Bethany (2), Westminster (2), Waynesburg. Deals are on with Carnegie Techincal and Allegheny college for two games. West Virginia university will likely be on the schedule again, if the managers agree on dates.

NEW YORK, March 13.—(Special.)—There was an athletic feast served up tonight in Madison Square garden, when the New York Athletic club celebrated its annual indoor meeting.

Zest was added to the occasion by the fact that nine of the teams selected to represent the Stars and Stripes at the olympic games at Athens were billed to appear. Besides these luminaries, there was an abundance of high class material.

As regards the "olympians," Valentine, Bacon and Sullivan were seen in the two-mile relay race. The first named was palpably out of condition and was unmercifully treated by Melvin W. Shepard in the last half mile. Harry Hillman won his heat in the sixty-yard handicap sprint and just failed to qualify in the sixty-yard hurdle handicap. In the weight throwing line neither James Mitchell nor Robert Sheldon were able to give the handicaps they were called upon to concede, while Ellory S. Clark was unplaced in his heat in the hurdles.

One of the features was the two-mile relay. The race was between the Irishmen A. C. and the Mercury Footflyers. As a result Shepard won for the Irish combination, with thirty yards to spare in 7 minutes 58 seconds.

J. F. O'Connell of Villa Nova college and the New York A. C., cleverly won the sixty-yard dash from the two-yard mark in a fifth of a second outside even time.

The half relay for grammar schools was won by public school 24, of Manhattan.

L. V. Hare of Yale with nine feet from scratch, accounted for the sixty-yard hurdles; L. T. Ashburner of Cornell, conceding five feet, just failing to catch the New Haven man.

The Boys' High school of Brooklyn quartet won the mile relay for high and preparatory schools by 12 yards from the Centenary college combination in 3 minutes 40 seconds.

"Big" Schulte, a Michigan star, has been declared ineligible for the eleven next fall. Before entering Michigan he played on the Washington university team.

## ENTRIES FOR THE DOG SHOW

Prospective exhibitors at the coming bench show of the Duquesne Kennel club, Duquesne Garden, April 4, 5, 6 and 7, are rushing their entries in now and the corps of clerks in Dr. J. Stewart Lecock's office in the Lewis block are kept on the jump. Exhibitors are admonished. The date for closing, March 22, is close at hand and they are taking no chances. The outlook is most gratifying to the management for it is now practically assured that this Greater Pittsburgh show will rank with the more important ever held in this country.

The number of entries received from Pittsburgh and nearby points is very pleasing to the management.

Not only have the big kennels and prominent exhibitors all over the country made extensive entries, but this year the competition will be so warm that they are sending only their topnotchers. Such big exhibitors as the Valley Farm Kennels whose exhibit at the New York show was the feature, will reproduce that display here. Champion Bistri of Perchina, the finest wolfhound in the world, will be among the number. This finest specimen of its breed comes from the kennels of Grand Duke Nicholas of Russia.

A pleasing feature of the coming Pittsburgh show will be that the judging will be done at the front entrance of the arena, and the work of the judges will be in full view of the boxes. The usual crowding about the show ring which only permits view to those who are right up against the wire fence will be avoided.

## SHILOHS CAPTURE TWO OUT OF THREE

### Defeat the Southern Team in a Championship Match in the South Pittsburgh League.

In the South Pittsburgh League last night, on the Mt. Washington alleys, the Shilohs won two games from the strong Southern team. The second game was a tie and in the roll off the Shilohs won, 101 to 82. Some credible scores were hung up all around and in the last game the Southerns chalked up the good score of 915. Charles was the star bowler with high score of 211, and an equal average with Zimmerman, both registering the good average of 185 2-3. Touhey and Yound also did good work for their respective teams. The bowlers who will go to Louisville will leave at 2:30 o'clock on Sunday morning. All who desire berths in the sleeping car should communicate with George Metzgar, Federal alley, 1 Federal street, Allegheny.

Bloomfield people have invented a pin-setting machine, which they will exhibit at Louisville. Hergenaroeder will be the spokesman of the crowd.

The Glenwood team is ready to play the Hazelwood team for any money, from $25 to $100. Call up 2929 Glenwood.

The Royal Duckpin team cannot go to Wilkinsburg on Thursday, and wishes to roll the game next Monday.

Capt. Thomas of the St. Anthonys, is requested to call up 4000 Court and ask for advertising department, between 12 and 1 o'clock today. Ask for Milfeit.

Harry Votel defeated William Seng in a close match last night.

The Unity and Ungers of the Pittsburgh section of the County league will bowl off the tie immediately. The first match will be played on the Wylie avenue alleys on tomorrow night, and the next on the St. Joseph alleys on Tuesday. In the toss-up Capt. Silber won and chose the home alleys for the first game. All Unity players are requested to report early on the Wylie avenue alleys Thursday night for practice.

On the Hazelwood alleys last night the Hazelwoods won two out of three games from Adam's Colts. Good scores were chalked up all around. The team scores are, Hazelwood, 457, 473, 478; Adams Colts, 435, 475, 456.

Braddock will be at Wilkinsburg on Thursday night, not on Friday.

Captain Koerner of the Havard's requests the following players to report tomorrow evening at 7:30 o'clock: White, Brennen, Alberts, Miller, Soost and Koerner. They will go to Knoxville to bowl on Adam's alleys.

Thaddus Kappeler is requested by Captain Silber to call him up by phone today.

The Unity team can not play the East Liverpool team a return match as it is engaged for the next couple of weeks. Captain Silber will consider the proposition at a later date.

Games scheduled between Meadow and Hillside for Thursday night have been postponed until a later date.

The Pittsburgh Lyceum Ducklets will play the Brunswick on the Wylie avenue alleys Thursday night. All players take notice.

The Royals cannot play the Casino Ducklets Thursday night, but will do so next Monday night.

Dr. Buts and B. Maratta had an interesting game of ten pins on the Fifth avenue alleys last night. The first game resulted in a tie, 183 a piece, and in the second contest Maratta won by one pin, 191 to 190. Thursday night the contest will be renewed for $25 a side.

The bowling craze has struck the Allegheny market house and several teams have been organized and some exciting matches have been rolled among the butchers and other employes, but what promises to be one of the best matches will be rolled tonight on the Federal alleys between the W. C. Burry Baking Company employes and McBride Brothers' waiters. After the game a banquet will be served at McBride Brothers restaurant. Next Tuesday Dollman's butchers will roll Burry's employes.

## WILL PROCEED AGAINST THE PENNSYLVANIA

HARRISBURG, PA., March 13.—(Special.)—Attorney General Carson is not yet ready to proceed against the Pennsylvania Railroad Company to abolish the practice of collecting a rebate of $10 on each $20 mileage book sold. He is determined to bring action against the company, but for reasons which he declines to disclose he is not ready to say what will be the nature of the proceedings or when and where they will be instituted.

## BATTLING NELSON IS THE FAVORITE

### He Is Quoted at 2 to 1 and 4 to 1 Against McGovern in Their Fight Tonight.

PHILADELPHIA, March 13.—(Special.)—Prices offered for tickets for the McGovern-Nelson battle here tomorrow night are breaking all records ever heard of for a sporting event in this country. The speculators have so few of them and the demand is so great that almost fabulous prices are being offered. One speculator at the Bellevue-Stratford today received the high water price when he disposed of six tickets for $300, making a profit of $249 on what cost him $60. The tickets call for seats in the third row from the ring. The purchaser is reported to be John W. Gates, the well-known broker and sportsman.

What has sent the price of seats up so suddenly and to such a height is the fact that sportsmen arrived here today from all sections of the country. Not expecting any difficulty, they failed to order their tickets in advance. Now that they are on the ground and fight talk is in the very air they are willing to go broke, but that they see the Battler and Terry in the ring.

It was hoped by the spectators who went to see Nelson today that he would put on the gloves, but this his manager considered too risky at this stage. After being again rubbed down, Nelson went on the scales and weighed 130 pounds. It had been intended by Nolan to break camp this afternoon and bring Nelson to this city. When it was learned at the camp that there were so many fight followers in this city, it was thought best to keep the Battler in seclusion. He will do road work tomorrow morning and then will rest up until it is time for him to come to this city for the bout.

Nelson's father, Nels Nelson, arrived here this evening from his home at Hegewish, Ill.

Manager Nolan announced tonight that George Gardner would also be in Battling's corner tomorrow night. Which one of the seconds he will designate to hold the watch for him he has not yet announced.

Very little betting has been indulged in, so far as is known. Some small bets are reported from New York and a few small bets in this city at odds ranging from 2 to 1 to 4 to 1 on Nelson, but betting money seems very tight.

McGovern will come over from New York, where he has been training, some time tomorrow morning.

## PITTSBURGH HIGH SCHOOL GIRLS CAPTURE GAME

Yesterday afternoon on the Pittsburgh High school floor the girls basketball team of that school defeated the Allegheny High school team in a swift, clean game, 6 to 2. From the start Pittsburgh showed its superiority. Especially notable was the guarding of Miss Kingsbacker and Miss Ray. The lineup:

| P. H. S.—6. | | A. H. S.—2. |
|---|---|---|
| Lafferty | F. | Lea |
| Lambie | F. | Fendrick |
| Moorhead | C. | Richardson |
| Carson | C. | Levinson |
| Ray | G. | Gilg |
| Kingsbacker (capt.) | G. | Owens |

Referee—Harton Shelton. Field goals—Lambie, Lafferty. Foul goals—Carson 2, Richardson 2. Time—15 and 20 minute halves. Substitutions—Richardson for Frederick.

### Athletics Win in the South.

MONTGOMERY, ALA., March 13.—The Philadelphia American league team today defeated the Montgomery Southern league team by a score of 6 to 1.

### AMONG THE BOXERS.

Arrangements are being made for Frank Morgan to meet a first-class man here about March 26.

Rube Ferns and Mike Donovan will be the star attraction at the Armory on Saturday. Joe Alton will meet Jimmy Dunn and Joe's host of friends will back him into a standstill.

Al Martin, the Warren, Pa., boy, who has been fighting well of late, is down to meet a tough customer in Al Grandes of Philadelphia on March 21 at Ridgeway for 10 rounds at 130 pounds, weigh in at 3 o'clock the day of the fight. The men are training and count it as an important go, as both have a forfeit up for weight and appearance.

Jagg McFadden and Sonny Lynch are to meet at East Pittsburgh March 26, and a fast go is expected. These two have been trying to meet for a long time, and will try to end matters as quickly as possible.

### BASKETBALL NOTES.

The Perrysville Reserves and the Sycamore Reserves begin a series of three games on Saturday evening for the championship of Allegheny county.

The Perrysville Reserves defeated the East End Athletics 22 to 16.

St. John's Lyceum second team desires a game with a good 15-year-old team for Thursday evening on their floor. Address J. H. Falkenhagen, 231 Thirty-eighth street, city, or call 241 Fisk, Bell 'phone.

The Clayton-Irving club desires games with all 17-year-old teams. Address James C. Morton, 5725 Howe street, city.

Tonight at Zion hall the Zion Council team will play the Homestead team. In the preliminary the Zionist Council 11 will play the Young American Juniors for the championship of the junior class.

## RAISE FIREMEN'S WAGES.

### Braddock Council Is in Generous Mood and Many Men Benefit.

Braddock council yesterday increased the wages of the firemen from $4.50 to $5 a month. The fire chief will receive $85 a month, an increase of $5, and the captain will receive $80, an increase of $5, while the other firemen will receive $2.50 a day, an increase of 15 cents a day.

The day desk sergeant of the police force was increased from $2 to $2.25 a day, the night sergeant from $50 a month to $2 a day and the ordinance officer from $2.50 to $2.60 a day.

### Delegates Are Just Waiting.

ALGECIRAS, SPAIN, March 13.—The French and German delegates to the Moroccan conference are awaiting further instructions. In the meantime no further progress is being made toward an adjustment of the details on the police and the bank questions.

## INDEPENDENT STARS TO PLAY COLLEGE BALL

Jimmy Canier, the Waynesburg middlefielder, is in Pittsburgh. He says he will play for the Waynesburg college nine this spring and that Ben. Montgomery will catch.

Pitcher George Upp, the left hander, has signed with the Lancaster (O.) club.

Charlie Starr is at Mt. Clemens, Mich., getting in shape. He writes that he is almost to playing weight. He has signed with Harrisburg and will play the infield for the Tri-State leaguers. The St. Louis Americans had sold him to St. Paul.

Enough has leaked out in Lancaster to give Lancaster a line on the possible make-up of the Tri-State team for the coming season. The team will be headed by Manager Fred Crollus, an outfielder, who was with Norwich, Conn., last year, and batted at .347 and fielded at .978. Other members of the team will be Altizer, shortstop, whose percentages at Springfield, Mass., last year were .244 and .850; "Chic" Hartley, pitcher, .217 and .931; Rencenter, catcher, .279 and .984; McAndrews, second base, who was with Meriden, Conn., .278 and .867; Deal, first base, .266 and .979; Moffman, outfielder, .251 and .938; Lennox, third base, .250 and .914; Hodge, Barger and McCrane, pitchers. Pitcher O'Hara, a former Villanova player; catchers, Barber and Thackera; infielder, McAndrews, from New England league; outfielders, Tate and Melchor.

YOUNGSTOWN, O., March 13.—(Special.)—Billy Phyle has received official notice from President Kavanaugh of the Southern league of his reinstatement and the erasure of his name from the blacklist. Before he can play organized ball again, though, he must receive the sanction of the national league.

### Geneva Loses Hot Game.

BEAVER, PA., March 13.—(Special.)—With the first half ending with a score of 7 to 7, and the second half ending 16 to 16, it required four minutes' extra play to decide the basketball game between the Beaver gymnasium team and the Geneva college five tonight. It was finally won by Beaver, 18 to 17. Line up:

| Geneva—17. | | Beaver—18. |
|---|---|---|
| McClurkin | F. | Hineman |
| Hawk | F. | Beaver |
| Thompson | C. | Pierson |
| Russell | G. | West |
| George | G. | Morrow |

Substitution—Hamilton for Morrow. Field goals—McClurkin, Thompson, Russell, George 2, Beaver 4, West, Morrow, Hamilton. Foul goals—McClurkin 7, Beaver 4. Referee—West. Time of halves—20 minutes, and four minutes extra time.

### Homestead Is Defeated.

EAST LIVERPOOL, O., March 13.—(Special.)—Homestead was beaten tonight by East Liverpool, 46 to 35, in an interesting game. The first half was close, finishing 19 to 17 in favor of the locals. Line up:

| East Liverpool—46. | | Homestead—35. |
|---|---|---|
| E. Powell | F. | Luppold |
| Smith | F. | Steele |
| Keenan | C. | Wohlfarth |
| Bloor | G. | Jones |

Clubs and Cafes always serve the best rye — Guckenheimer. Next time ask the waiter for Good old GUCKENHEIMER Rye and note especially its distinctive, fine flavor which is due to its absolute purity and age. Guckenheimer is not an ordinary whiskey—it's "Bottled in Bond" with U. S. Gov't. stamp over cork.

Third race, 1 mile—Luretta, 95, (Radtke), 5 to 2, won; San Primo, 97, (Cherry), 6 to 1, second; Thistle Do, 105, (Hildebrand), 8 to 1, third. Time—1:42. La Pucelle also ran.

Fourth race, 6½ furlongs—Etrena, 99, (Cherry), 2 to 1, won; Fruit, 110, (Heiegsen), 6 to 1, second; Kate Zitt, 110, (Sewell), 3 to 1, third. Time—1:22 3-5. Tyrolian, Economist, I. Samelson and Alma Bay also ran.

Fifth race, 5½ furlongs—Tres Joli, (Sewell), 15 to 1, won; Alma's Pet, 105, (Cherry), 8 to 1, second; Miss Martha, 110, (Hilderbrand), 5 to 1, third. Time—:42 3-5. Jocomo, Dr. Root and Margaret Morris also ran.

Sixth race, 1 mile and 20 yards—Dave Stahl, 98, (Garwood), 15 to 1, won; Arsenal, 107, (Hildebrand), 2 to 1, second; Dave Sommers, 102, (Radtke), 2 to 1, third. Time—1:46. Pickles, Mabel Simms, Athena and Lilly Brook also ran.

### Four Favorites Win at Ascot.

LOS ANGELES, CAL., March 13.—Chimney Sweep, the favorite, closing at 3 to 2, won the feature event at Ascot today, a free handicap for three-year-olds and upward at 1 mile and 50 yards. The other races were all selling events. Four favorites won. Gentle Harry won the fifth race at 11 to 1, the longest shot of the day. Weather cloudy; track slow. Summary:

First, 4 furlongs—Commida, 110 (Miller), 9 to 10, won; Joan of Arc, 110 (Harris), 8 to 5, second; Induna, 105 (Horner), 4 to 1, third. Time—:50¼. Hot Cakes, Marie Esher, Yellow Top and Arcadia Belle ran.

Second, mile—Pleasant Days, 106, (Seder), 5 to 2, won; Young Marlow, 107 (Miller), 7 to 1, second; Swedish Lady, 105 (Harris), 5 to 1, third. Time—1:44¼. Moor, Des Magnes, Jingler, The Pride, McKee, Nuptial, James J. Corbett, Oralo, Col. Jewell and Yellow Kid ran.

Third, 7 furlongs—King of Mist, 112 (Bonner), 11 to 5, won; Belasco, 112 (McDaniel), 9 to 2, second; Evelyn Griffin, 101 (Horner), 3 to 2, third. Time—1:29¾. Ureston Boy, Salina, Turkeyfoot, Seedcake, Adalmo and Helen S. ran.

### Exciting Race by Bonaventure.

SAN FRANCISCO, March 13.—Favorites lost the first three races at Oakland today, the events being captured by Menden, Batidor and Shady Lad, all of which stood at 6 to 1 in the betting. As the 2-year-olds were on the way to the post in the first race, the favorite, Bonaventure, threw Jockey Dugan and jumped the fence. He was caught and Dugan remounted. Menden beat the barrier when it went up, and assumed the lead, but as he turned for home, he was caught by the favorite, but managed to win by a nose. Weather cloudy; track sloppy. Summaries:

First race, three and a half furlongs—Menden, 112, Knapp, 6 to 1, won; Bonaventure, 112, Dugan, 6 to 5, second; Lassen, 112, Brussel, 10 to 1, third. Time, :44. Charley Paine, Komo, Yankee Jim, Palemon, Dominus Arvil, Ramiro, Banker and Sam Sidman also ran.

Second race, 5½ furlongs—Batidor, 107, Wright, 6 to 1, won; Bath Beach, 110, Rice, 15 to 1, second; Princess Wheeler, 105, B. Powell, 13 to 5, third. Time, 1:10½. Robert Mitchell, Dottie Crews, Galice, Marie H., Sir Christopher, Bear Hunter, Bill Bohmanson and Optimo also ran.

Third race, 5½ furlongs—Shady Lad, 107, Rice, 6 to 1, won; Price Magnet, 110, Fountain, 5 to 1, second; Blumenthal, 108, Knapp, even, third. Time, 1:09. Lansdown, Titus II., E. M. Fraitzin, Dan Collins and Tam O'Shanter also ran.

Fourth race, 1 mile—Quick Rich, 102, Robinson, 9 to 10, won; Pentagon, 106, Brussel, 8 to 1, second; Fred Brent, 108, Clark, 7 to 1, third. Time, 1:46. Merry-Go-Round, Jake Moose, Frank Flittner, Pepper Pod, Rosarie and Sizz also ran.

Fifth race, 1⅛ mile—Wenrick, 105, Minder, 9 to 5, won; Miss Farnum, 107, Brussel, 9 to 1, second; Canejo, 98, Rettig, 10 to 1, third. Time, 1:57¾. Chablis, Major Tenny, Jerry Hunt, Tarrigan, Langford James and Duke of Richelieu also ran.

Sixth race, Futurity course—David Boland, 96, Graham, 7 to 1, won; Ralbert, 94, Brussel, 8 to 20, second; St. Francis, 89, Schade, 11 to 1, third. Time, 1:12¼. The Mist, Mentanus, Maxey and Prof. Blatz also ran.

# HERBERT DUPUY BUYS FINE CORNER

## Secures the Samuel Hamilton Lot in Penn Avenue for $240,000.

## NINE HOUSES BRING $61,200

Herbert DuPuy has added to his extensive downtown holdings by the purchase of the Samuel Hamilton lot, 40x111 feet, at the southeast corner of Penn avenue and Barkers alley. The deal was made through the Samuel W. Black Company. The consideration was not announced, but it is understood to have been $240,000, or $6,000 a front foot. Two weeks ago Mr. DePuy secured the J. D. Verner holdings, 80 feet of frontage adjoining in Penn avenue, for $400,000, or $5,000 a foot. This gives him a site practically 120 feet square at one of the best corners on Penn avenue. One-half of the site abuts on a private alley, which adds much to its value. The buildings on the Hamilton lot are two old brick houses which are now rented for $7,200 a year, one of them being occupied by the McKenzie Pharmaceutical Company and the other by the Pittsburgh Artificial Limb Company. The agency of both properties has been turned over to C. C. Wagner, manager of the rent department of the John K. Ewing Company, and it was announced that they will be leased for another year, which puts a quietus to the report that the corner was to be improved at once. Mr. Hamilton sold the corner lot to Dr. R. H. M. McKenzie in 1903, and last year bought it back at sheriff's sale for $204,000.

### Nine Lockhart Houses Bring $61,200.

Through the agency of Keck & Hile nine more of the former Lockhart houses in Dinwiddie street have been disposed of for $61,200, or $6,800 each, the highest price that any of the houses have sold for to date. They belonged to W. P. Reynolds and F. C. Robbins of Birmingham, Ala., and the buyers are Isaac Sachs and Samuel Tauber of this city. This group of houses, which extends from No. 239 to No. 255 inclusive, is much the best lot in the Lockhart row and is just above Colwell street. They stand on 181x100 feet and are stone front brick dwellings of nine rooms each, well finished and provided with all modern improvements. The rental is $50 a month each. The original Lockhart row included 50 houses, 41 of which were bought about two years ago by Charles H. Dixon of the Real Estate Trust Company and later sold to individual buyers.

P. N. French is the buyer of the residence of A. J. Kelly, Jr., in Dahlia street, Twentieth ward, the sale of which, through the Real Estate Trust Company for $45,500, was announced last week. The purchase was made for a home, as Mr. French is reported to have sold his own residence at the east corner of Stratford and Friendship avenues for about $23,000. The latter is a 12-room house on 50x100 feet.

Elizabeth B. O'Neil, who has built a large number of houses in the Ben Avon district, is having plans prepared for 15 houses to be built this spring in Ben Avon and Emsworth. They will stand on 30x180 feet each, facing in Forest place and Lowry avenue. The houses will be six-room frame dwellings, to cost about $2,300 each, and will be handled by the Ben Avon Realty Company.

E. Myers has abandoned the idea of adding three more stories to his packing house in Oliver avenue below Wood street and is having bids taken by Architect E. L. Currier for a new store front and general alterations to make the building suitable for store and office purposes.

B. F. Brown has been awarded the contract for building the St. Paul's Evangelical church at Montgomery avenue and Sandusky street, Allegheny.

Architects Rutan & Russell have plans for extensive alterations to the residence at Fifth avenue and Ivy street, which Joseph Lockhart recently purchased.

Architects E. J. Carlisle & Co. have been chosen to design the $15,000 brick school house to be built this summer in West Liberty borough.

Plans are being prepared by Architect Arthur Vernon for a three-story flat building for Nathan Goldstein in East Pittsburgh.

The Hilltop Independent Volunteer Fire Company will erect a two-story brick dwelling to serve the combined purpose of an engine house and club house. It will cost $6,000 and will stand in Southern avenue, near Summit street.

### Plans a $50,000 Apartment.

A $50,000 apartment house will result from the purchase yesterday by William Kelly of 100x100 feet at the northeast corner of Hays and Beatty streets, Nineteenth ward, for $14,000 through the office of J. A. Young & Co. The property belonged to Gibson Brothers, and the new owner will have plans prepared at once for a three-story pressed brick building to be divided into six-room suites.

Center avenue: The Aronson-Friedman Company sold for Morris Aronson to Harry M. Stein in 1535 Center avenue, a three-story brick store building on 20x72 feet, for $9,000, making the third time the company has sold the property within a month.

Sewickley: A. Z. Byers & Co. sold for Dr. Thomas H. Grimes to M. S. Robinson 60x160 feet on the north side of Beaver street, Second ward, Sewickley, for $4,000, subject to rigid building restrictions. A fine residence will be built on the lot.

Arco plan: The Aronson Realty Company sold to A. F. Huesman of Etna lot 196 in the Arco plan at McKees Rocks for $350.

Mellon street: William Curry sold to George F. Osler an improved lot, 25x107 feet, on the east side of Mellon street, near Jackson street, Nineteenth ward, for $5,000.

Walnut street: L. E. Edwards sold to Olivia Love an improved lot, 25x135 feet, on the south side of Walnut street, Twentieth ward, for $6,200.

St. Clair street: G. Golob sold to Lena Stein an improved lot, 20x111 feet, on the north side of St. Clair street, near Hays street, Nineteenth ward, for $7,000.

Center avenue: Myer Lichtenstein sold to Nellie S. Mahler 43x110 feet at the northeast corner of Center avenue and Wandless street for $7,500.

Euclid avenue: George B. Huffman sold to Alberta Black 29x100 feet on the west side of Euclid avenue, Nineteenth ward, for $7,000.

G. A. KAMMERER.

Prominent among the South Side realty brokers is G. A. Kammerer, whose offices are 1411 Carson street. Mr. Kammerer has been in the business six years and makes a specialty of South Side and suburban properties and auctioneering. He will shortly open a branch office in Mt. Oliver.

Llewellyn street: E. W. Houston sold to Samuel M. O. Grant and James L. McClintock 65x56 feet on the south side of Llewellyn street, Twenty-first ward, for $2,200.

The following building permits have been issued in Allegheny: Humboldt Insurance Company, for a three-story brick office and apartment building on Beaver and Pennsylvania avenues, to cost $14,000; Henry Richert, two-story and attic frame dwelling on East street, near Main, $2,800; Fred Thomas, two two-story brick dwellings on Market street, $2,500 each.

### Contract for Exhibit Buildings.

NORFOLK, VA., March 13.—The Jamestown Exposition Company has awarded contracts for erecting its two main exhibit buildings. Each of these buildings will be over 600 feet in length and 250 feet in width, and will have approximately 160,000 feet of floor space exclusive of galleries.

## THE THREE RIVERS

The stage of water at Davis Island dam at 9 o'clock last night was 6.1 feet and the river was stationary.

CINCINNATI, O., March 13.—(Special.)—At 6 p. m. the Ohio river was 17.4 feet and falling. Some of the packets are moving in and out on good time. Peters Lee arrived this afternoon from the lower waters and will return Wednesday. The flag on the levee was at half mast today in memory of Capt. R. B. Stephenson, the river editor who was well and favorably known from Pittsburgh to New Orleans. Snow, rain, slush and thawing.

LOUISVILLE—Falling. In canal 7.2; on falls, 5; below locks, 17.2. Rain.

WARREN—One foot 2 inches. Fair and cold.

STEUBENVILLE—Seven feet 2 inches and falling. Snowing, cold. Up—Queen City, Darling, Frank Gilmore, C. C. White.

GREENSBORO—Eight feet 8 inches and rising. Snow and cold.

WHEELING—Seven feet 7 inches and falling. Departed—Ben Hur, Pittsburgh, 1 a. m.; Keystone State, Cincinnati, 6 a. m.; Queen City, Pittsburgh, 6 a. m.; H. K. Bedford, Parkersburgh, 11 a. m.

MARIETTA—Eight and one-half feet, stationary. Snow. Keystone State down, 4 p. m.; Ben Hur up, 5 p. m.

GALLIPOLIS—Seven feet 5 inches and falling. Raining and cold.

PARKERSBURG—Nine feet and stationary. Cool with snow turning to rain. The Valley Belle left at noon for Middleport, the French for Creston, the Ben Hur for Pittsburgh, the Keystone State for Cincinnati.

POINT PLEASANT—Nine feet 4 inches and falling. Raining. Up—Robert P. Gillham, Sam Brown, Greenland, Winifred. Down—Henry M. Stanley.

MORGANTOWN—Eight feet 6 inches and stationary. Snowy.

OIL CITY—One foot 8 inches and falling. Cloudy and cold.

### RIVERS ARE STATIONARY.

#### Few Movements Among the Packets or Pool Boats.

According to the prediction sent out by the weather bureau, the three rivers will remain stationary for a while. The rivermen are predicting a large amount of water as soon as the snow melts and fills the upper tributaries.

The Kanawha, Captain Rhoe, left for Charleston at 4 p. m. yesterday. A good load of freight was carried down and also a number of passengers.

The Queen City arrived from Cincinnati last evening and will depart this afternoon at 4 o'clock. The big boat was considerably delayed on account of snow storms, but, considering all things, she made very good time. There is a large amount of freight on the wharf boat to be taken down river.

Capt. John Moren is confined to his home by illness.

### Memorial to Miss Anthony.

Resolutions were adopted yesterday and regret for the death of Miss Susan B. Anthony recorded in the minutes of more than one meeting of women. A resolution introduced by Miss Helen Grimes was adopted by the Congress of Women's clubs in Allegheny county on the anniversary day of her birth, congratulating her on the completion of 86 years. Yesterday afternoon the following tribute to her memory was written by Mrs. J. Ludwig Koethen, Jr., a leading champion of the cause of woman's suffrage in Pittsburgh. Mrs. Koethen wrote:

A sweet and gentle woman
Has gone unto her rest,
And left the world in sorrow,
A world that she had blest.

The ages' war for liberty
Ne'er knew a truer knight,
A braver soul in all the world
Ne'er battled for the right.

We bow our hearts in sorrow,
But we lift our souls in might;
We, too, may tread the path she trod
In battle for the right.

Her clear voice ever will be heard
Where still the battle's fought.
She never knew defeat, and we
Need be dismayed at naught.

Such faith as her's can never die,
Though the skies seem overcast.
We, too, can have her faith in God

### A Petticoat Government in America?

The true qualities of American women were considered yesterday afternoon by the members of the Travelers' club after being shown the caricature of their sex written by Dr. Emil Reik in a current magazine. The discussion was provoked by Mrs. M. Catherine Norwood, who was leader for the day and introduced Dr. Reik's article, which characterizes American women as unwomanly, the American government as a petticoat government and winds up with a statement to the effect that there has never been a man in America since Christopher Columbus. There was no time for general discussion, but the women bristled with indignation as the leader presented the picture of themselves as others see them.

The Travelers' club has at last concluded its revision of its constitution and by-laws. The most important changes will be the appointment of a nominating committee and the system of rotation in office. Only one paper was given in the program yesterday, Mrs. Alfred E. Clark describing the architecture of Japan and its temples and shrines. Recorded on the minutes of the meeting is a motion adopted expressing the deep regret of the Travelers' club at the death of Miss Susan B. Anthony. Mrs. William Macrum, chairman of the civic committee, reported the starting of the sewing school 10 days ago in the Good Hope Mission of the United Presbyterian church, Penn avenue and Twenty-fourth street. The music for the afternoon consisted of a trio of songs by Miss Schreiner. They included "Snowflake," by Ruifrok, a plantation melody by Clutsam and "A May Morning," by Danza.

### J. Boyd Duff Addresses the Boys.

A delightful entertainment was given last evening for the Tuesday Night Boys' club in the Soho baths settlement house in Fifth avenue. The assembly room was filled with boys and young men and a talk was given by J. Boyd Duff, a member of the board of managers of the Soho public baths. The new portrait of Washington, which the Welcome club of girls last week presented to the settlement house, occupied a place of prominence on the walls and furnished the inspiration for Mr. Boyd's impromptu address. The music was exceptionally enjoyable, being given by the Delta Sigma Delta quartet of young men, who sang song after song to the great delight of their audience. The quartet is composed of B. Richard and E. S. Doutt, tenors; E. H. Beynon and D. A. Rogers, bassos. The Tuesday Night club for boys is under the direction of Mr. Banks, who organized it a couple of months ago. A number of the members of the settlement house committee were in atendance last evening, including Mrs. George Porter, chairman, and Mrs. J. D. Arnold, secretary.

### All-Day Sewing for Newsboys.

An all-day sewing will be held on Friday in Syria temple by the members of the Wimodausis club, who will sew for the Newsboys' home. With the money from the benefit euchre given several weeks ago in the Elks club house, material has been purchased, and the women on Friday will make sheets, pillow cases and tablecloths for the home. Several sewing machines will be taken to the temple for that day, and the members of the club expect to make rapid progress in their work. They will gather at 10 o'cock in the morning and lunch will be served at noon. In the afternoon they will resume their sewing, and by 5 o'clock expect to have completed all the work laid out. The all-day sewing was decided upon yesterday afternoon at the regular monthly meeting of the club. The greater part of the afternoon was taken up with the first reading of the revision of the by-laws and routine business. The club is planning for its spring entertainment.

### G. A. R. Dinners Next Week.

The Ladies of the G. A. R. have arranged for their annual dinners which this year will be served in the banquet room in the chapel of the Fourth Avenue Baptist church next Wednesday and Thursday. A chicken dinner will be served each day from 11 a. m. until 2 p. m. There will also be a bazar with booths for the sale of fancy and commonsense articles and candy, a golden goose and an orange tree. It has been the custom for the Ladies of the G. A. R. to hold their annual dinners in Old City hall and arrangements had already been made for the dinners there this year, the tickets even having been printed naming Old City hall, when the hall burned several weeks ago. After the fire the banquet room of the Fourth Avenue Baptist church was secured.

### Entertained the Mitten Club.

Mrs. P. A. Bonebrake entertained the Mitten club yesterday afternoon at luncheon. Mrs. Bonebrake has been spending the winter with her sister, Mrs. Mattie Patterson, in Center avenue, and the luncheon was served at Mrs. Patterson's home. Covers were laid for 12 and the decorations were in green and white, with the shamrock very much in evidence. The club yesterday discussed plans for raising money to replenish its treasury and proposes giving some entertainment, which will not take the form of a card party, after Easter. This winter the Mitten club furnished the parlors in the Working Girls' home in Duquesne way, and has given liberally to St. John's hospital, at the same time assisting in other philanthropic efforts. The next meeting will be held in the home of Mrs. Bockstoce in Sheridan.

### Catholic Women Establish Kindergarten.

A kindergarten and sewing school equipped for the accommodation of 60 children have been started in the basement of St. Peter's church, Webster avenue. They were inaugurated for the benefit of the Italians in St. Peter's parish. The report of this missionary work among the foreigners was received with great enthusiasm at the meeting of the Catholic Women's league in the Lyceum, in Washington street, on Sunday afternoon. The kindergarten and sewing school have been established under the auspices of the league, which will extend this mission work to other congested portions of the city as soon as possible. An address was also delivered by the Rev. E. P. Griffin of the Pittsburgh apostolate.

### A Recent Visitor in Russia.

Mrs. Eunice Detweiler gave a most interesting talk on Russia yesterday afternoon before the Pittsburgh Colony of New England Women. The meeting of the colony was held in the home of the president, Mrs. David Kirk, in Fifth avenue. Mrs. Detweiler spent several years in Russia with her daughter, Mrs. Frederick Park, living in St. Petersburg. Yesterday she gave many graphic pictures of scenes in the Russian capital, illustrating her talk with photographs, examples of the art and lace work, and exhibiting the icons worshiped in that country.

### Kindergarten Matinee Benefit Today.

The managers are pleased with the sale of tickets for the matinee which will be given in the Nixon theater this afternoon for the benefit of the Pitsburgh and Allegheny Free Kindergarten association. The boxes have all been taken. The matinee will be preceded by luncheons at the Duquesne club, the Schenley and the Union club for a number of the box parties and the larger theater parties which will occupy seats in the parquet or the dress circle. Miss Viola Allen will appear in her latest play, "The Toast of the Town."

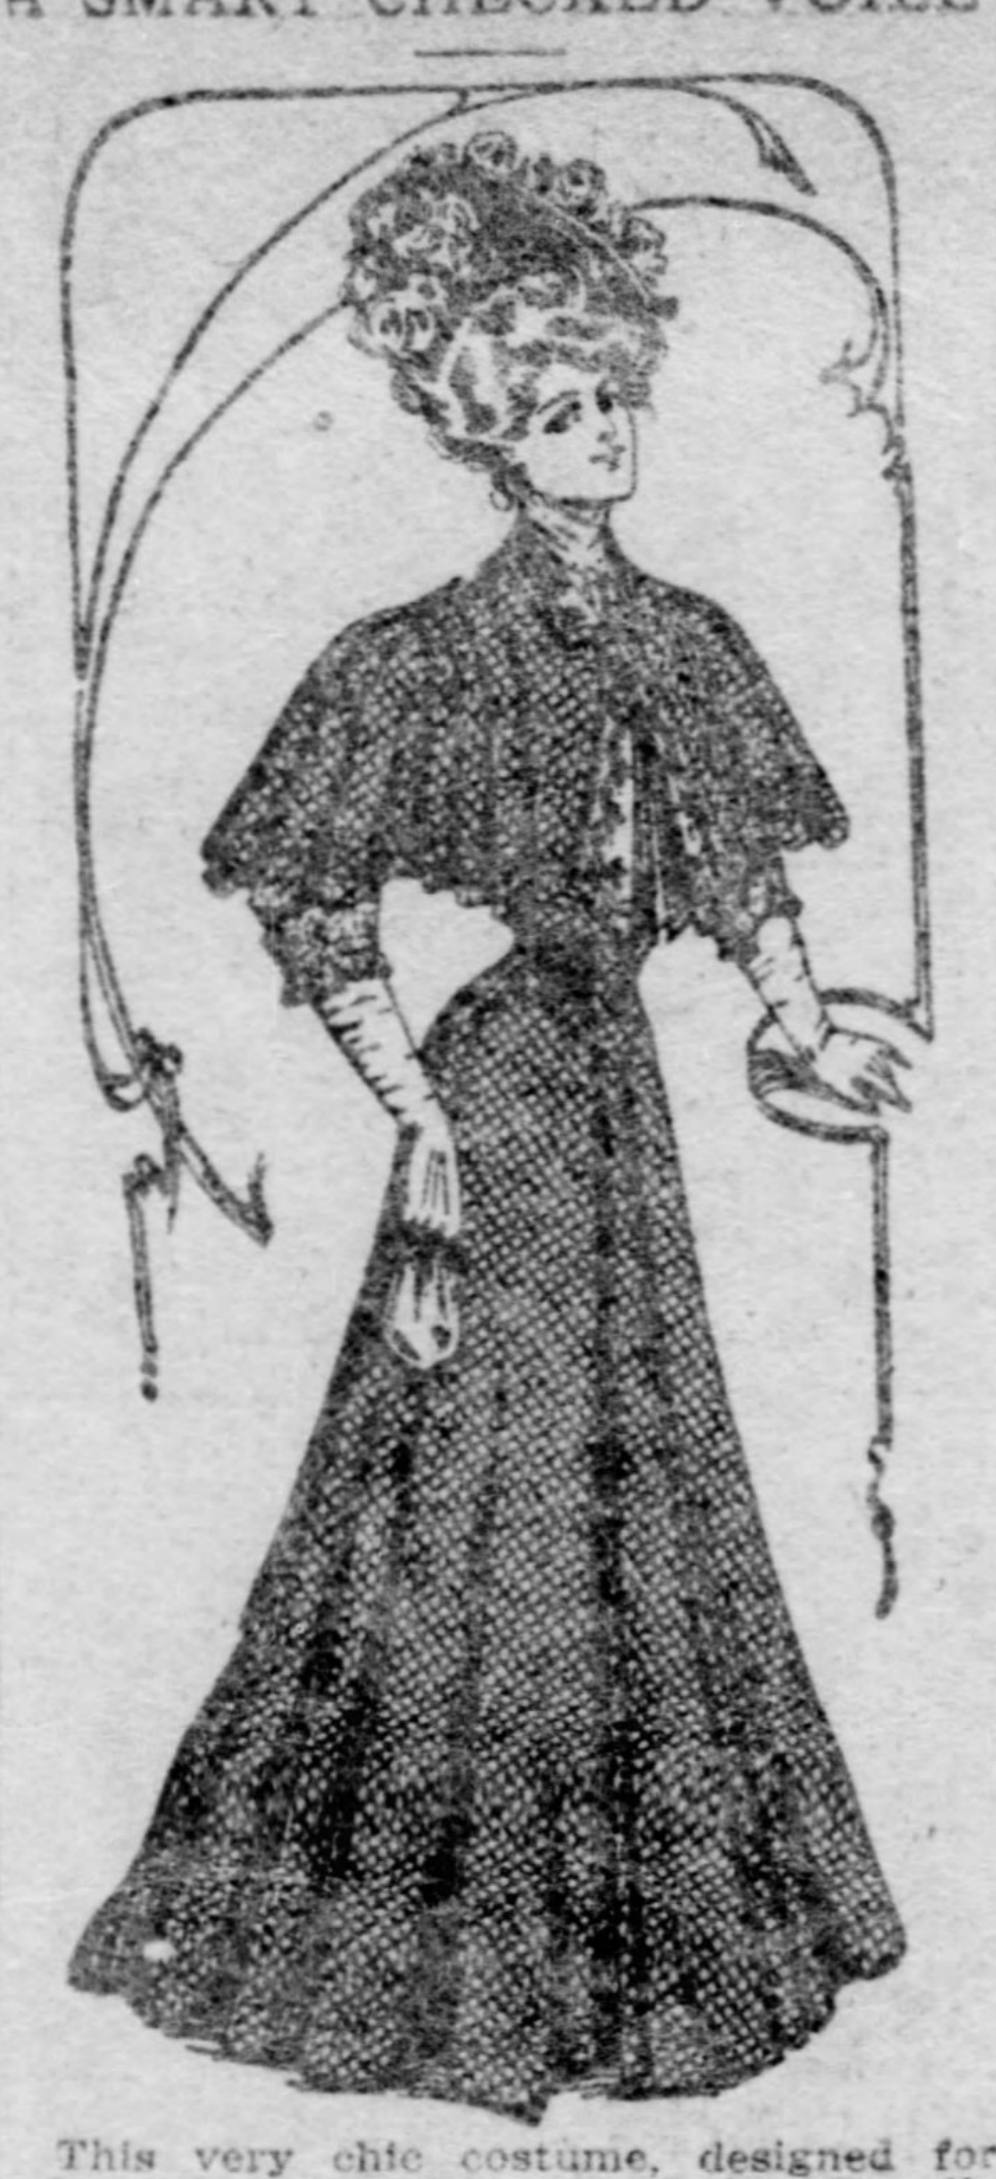
### Shall Immigration Be Restricted?

A debate on the subject, "Shall Immigration be Restricted?" will be conducted this afternoon by the New Era club in the assembly room of the Central Young Women's Christian Association. Mrs. Franklin P. Iams will take the negative and Mrs. Mattie Patterson the affirmative, three or four speakers taking up the cudgels in defense of each side after the opening question by the leaders. Five judges will be appointed to determine the merit of the opposing arguments.

### Ben Avon Women Study Chemistry.

The Woman's club of Ben Avon met yesterday afternoon in the home of Mrs. D. L. McKeel in Ridge avenue. The meeting was devoted to ceramics. An interesting paper on "The Stained Glass Industry" was read by Mrs. A. W. Renwick, and the hostess read a paper on "American Potteries." The next meeting will be held in the home of Mrs. Francis Phillips next Tuesday, when Prof. Phillips of the Western university faculty, will speak on "The Chemistry of Foods."

### A SMART CHECKED VOILE



This very chic costume, designed for afternoon wear, is in crushed rose voile checked with satin hairlines in two shades of the same color, making an unusually effective color scheme. The skirt is fashioned after the approved circular designs of the season, with plaited front. A deep corsage-girdle of fuschia red moire lends to the design the effect of a princess skirt, and is met by a bewitching little eton of the voile, stitched with narrow silk braid. Revers of white satin embroidered with Persian braid turn back from a vest of moire to match the girdle. The turn-over collar combines the trimmings introduced for the revers and vest and leaves sufficient space at the throat to disclose a stock of soft yellow lace. Elbow sleeves are finished with cuffs of embroidered satin and lace, while a tilted hat of rose colored chip banked with pink silk bridesmaids' roses completes the costume.

### Woman's Club of Wilkinsburg Meets.

Mrs. W. A. Lindsay was the leader at the meeting of the Woman's club of Wilkinsburg yesterday afternoon. "Modern Germany" was the topic discussed. Mrs. Frank Waddell read a paper on the "System of Education," and "German Industries" were discussed by Mrs. John A. Wilson. Mrs. J. D. Arnold accompanied by Mrs. C. P. Nachod, sang three numbers, "Mine" by Max Bendix, "Chestnuts" and "Daddy" by Bebrand.

### Lecture on Art Glass Work.

John L. Arbogast will talk before the Teachers' Art club this afternoon in the High school building in Fifth avenue, at 3:45 o'clock. His subject will be art glass and he will have some novel color effects in art glass to exhibit.

### Notes of the Clubs.

Miss Horne gave an interesting program of music and readings last evening for the benefit of the joint committee of women's clubs and benevolent societies for philanthropy in Wilkinsburg.

"Modern Germany" was the subject taken up at the regular meeting of the Woman's club of Wilkinsburg yesterday afternoon under the direction of Mrs. W. I. Mitchell.

A meeting of the Soho baths settlement house committee will be held this morning.

### What the Business Woman Needs.

The chief requisite to success in business is self-confidence. Not cocksureness, not vanity, but vanity regulated and controlled. It is better to think too well of yourself than too modestly. Often the world takes you at your own estimate and that modesty that used to so become a woman will be set down as faint heartedness. Do not discredit your own achievements. Have your own opinion of them if need be in the bottom of your heart, but be sure that you keep it there. Few there are who do not know just how well or ill the task has been accomplished. If your compeers judge you higher than you have judged yourself, let it go at that. It harms no one and may do you some good.

In short, believe in yourself, in your possibilities, in the worthiness of your plans and purposes. Do not wait for some one to carry out a plan before you think it worth while. You will find yourself way back in the race of life if you timidly confide your ideas to others and allow them to push them through to execution. Go ahead. Try, and if your judgment has been in fault, you are the better prepared for the next effort.

The sooner women look their estimate of themselves fairly in the face, the sooner will they possess the calmness and judgment necessary to business success.

# SOCIETY

Contributions to this department must bear the name and address of the writer to insure attention.

Mrs. William G. Park and her daughter, Miss Mary S. Park, of Western avenue, Allegheny, left last evening for New York, to remain in the metropolis for a week. Although the exact date of Miss Park's wedding to Midshipman Raymond Robert Neilson has not been set, the event will take place sime time during Easter week. It will be one of the most brilliant of the several ultra-fashionable nuptial events scheduled for the days immediately following Easter, that of Miss Madelaine Frances Laughlin and the Rev. Dr. Maitland Alexander, and that of Miss Eleanor Humbird and Southard Hay having also been set for Easter week. The former is on Tuesday and the latter on Saturday. The Park-Neilson marriage will be solemnized in Trinity Protestant Episcopal church and will be followed by a small reception at the family residence on the North Side.

### Mrs. Frank Celebrates.

Mrs. Fanny Frank of Sumerlea street was informally at home to her friends yesterday afternoon and evening, in celebration of her 71st birthday anniversary. Mrs. Frank was assisted by her children, Miss Rachael Frank, Julius Frank, Phillip Frank and Gerson Frank. Her two grandchildren, Louis and Arthur Frank, were also present. A number of beautiful gifts were received by the hostess, among them several floral pieces, which were placed about the different rooms as decorations. Mrs. Frank was born in Germany and came to America when she was 17 years of age. She has lived in Pittsburgh and Allegheny for half a century, and it was in the former city that she married Louis Frank in 1851. Mr. Frank died 21 years ago.

### Wedding to Be Quiet.

The marriage of Miss Cordelia Smith and Harry Edwards will be solemnized at noon today at the residence of the officiant, the Rev. Dr. W. S. Fulton, pastor of the Point Breeze Presbyterian church. There will be no attendants, and immediately after the ceremony the couple will leave for an extended trip through the northern part of New York state. Mr. Edwards and his bride will live in New York city at the conclusion of their trip. The bride is a daughter of the late Mr. and Mrs. Edmund Smith, and is now making her home with her sister, Miss Alice Smith, in Meadow stdeet, East End.

### Date for Wedding Changed.

Miss Alice Scott and Dr. Clarke M. George have changed the day for their wedding from April 25 to April 24, the first date having conflicted with that selected for the toy dog show at the Hotel Schenley. The wedding will take place in the Sixth United Presbyterian church and will be followed by a large reception at the Schenley. In addition to the ushers already announced, the bridal party will include William Costin of the East End. Dr. George and his bride have taken a house in North Negley avenue, where they will be at home after their wedding trip.

### Hostess at Smart Affair.

Mrs. James Dickson of South Highland avenue, entertained a few of her most intimate friends at tea yesterday afternoon. The affair although small was most enjoyable. The guests were asked to meet Mrs. Frank Milton Hunter, who is a bride of last July. Jonquils and other spring blossoms formed a very simple decorative scheme. Among the assistants were Mrs. Charles P. Orr, Mrs. William McKelvey, Mrs. Thomas Alexander Mellon, Mrs. John G. Bennett and Mrs. E. P. Logan.

### Wedding Day Is Chosen.

The wedding of Miss Edna L. Kahle, daughter of Mr. and Mrs. B. T. Kahle of Bellefonte street, and Walter L. Brown of Muncie, Ind., has been set for Wednesday, April 11. The engagement was announced a couple of years ago at a luncheon which Mrs. Porter Sawyer Kier gave for the girls who had attended her as bridesmaids, Miss Kahle having been one of the maids.

### Pittsburgh Girl in Japan.

The Rev. Mr. and Mrs. A. J. Bonsall of Irwin avenue, Allegheny, received a cablegram a few days ago from their daughter, Miss Marion Bonsall, stating that she had reached Japan in safety and was delighted with her first glimpse of the country. Miss Bonsall arrived in Tokyo last Monday. She expects to remain in Japan until the latter part of June.

### Abels Leave on Friday.

Mr. and Mrs. William Fleming Abel, formerly of Murtland avenue, Homewood, who expects to make their home in Cleveland, will leave Pittsburgh for that city on Friday evening. A number of informal social affairs are being given as farewell entertainments for Mr. and Mrs. Abel.

### Song-Cycle Concert.

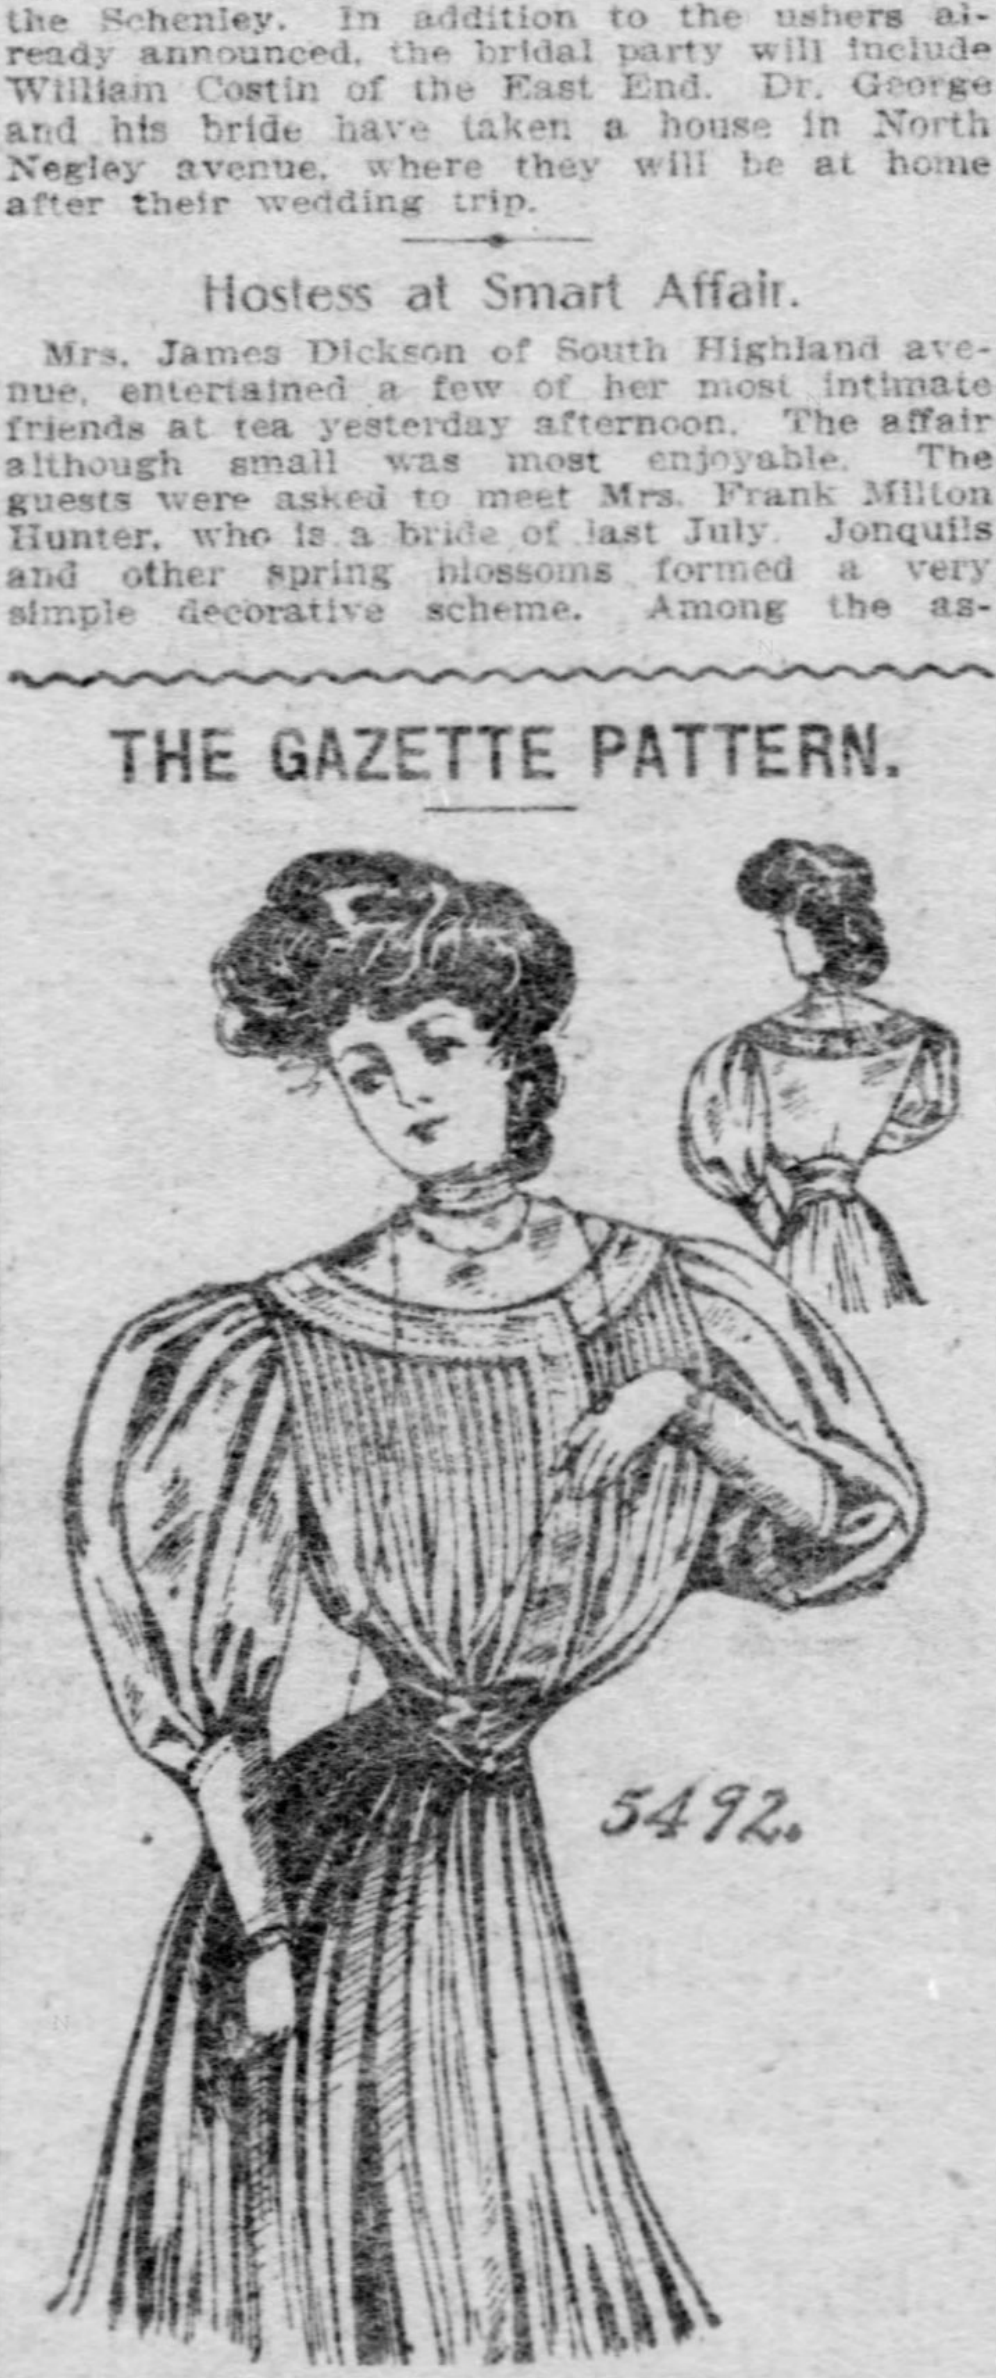
Over 1,700 people attend the Song-Cycle concert in Carnegie hall last night. The concert was given by the artist-pupils of James Stephen Martin. Among the numbers rendered was the Puck's song, Queen Mab and the Song of the Water Nixies.

### Notes of Society.

Mrs. T. M. Jenkins of Baum street gave an informal little dinner of a dozen covers last evening. The honors of the affair were shared by Mrs. Jenkins' house guests, the Rev. Mr. and Mrs W. A. Edie of Connellsville, who are spending this week in Pittsburgh.

Mrs. W. H. Morton of Rippey street has formally announced the engagement of her daughter, Lulu Morton Grove, and William E. Hill of Wilkinsburg. Although the date for the wedding has not been finally set, it will probably be an event of the early fall.

### THE GAZETTE PATTERN.



(No. 5492.) Ladies' Fancy Shirtwaist.

Shirtwaists having a separate guimpe are shown among the season's dressier modes, and a pleasing example is here pictured, made of dark blue peau de soie. The fronts are laid in fine tucks, and the closing is concealed under the trimming band that extends down the front. The sleeves are full in the upper part, finished by deep pointed cuffs. The guimpe may be made of the silk or of some contrasting material as preferred. The medium size will require 3⅜ yards of 36-inch material.

Ladies' fancy shirtwaist No. 5492: Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

WHY ARE
The Bellefield Dwellings
The Best Apartments
In the City?

BECAUSE they afford more of the COMFORTS of LIVING than any other apartments. Newspaper space is too expensive to tell you one-half of the luxurious comforts of these ideal modern homes. Besides, you would not be convinced by mere READING. But you will be by SEEING. That's why we invite you to a personal inspection of the Perfect Bellefield Dwellings a few suites of which will be vacant April 1.

# MARKET TURNED STRONG IN THE LATE DEALINGS

## The Majority of New York Stocks Closed Higher for the Day—Crucible Dividend Increased and the Stock Advanced.

By JOHN O. BAGLIN, Financial Editor.

Nearly half the session passed in New York yesterday before the market got its bearings and displayed any decided tone. Then it turned strong, and in the majority of instances closing prices showed net gains for the day. There was also a slight increase in dealings, the sales footing up 879,000 shares.

There was no news to account for the change which appeared in the late dealings, and it was set down to an oversold market. This view was partly confirmed by the borrowing demand for the more active issues. It seems probable that the increasing probability of a coal strike and the failure of the market to respond to the beginning of gold imports induced professional traders to increase their short sales. The public is neither buying nor selling on an extensive scale, and it would require comparatively little short selling to produce an oversold market under prevailing conditions.

The cross-currents which appeared in different parts of the list made an irregular market during the early part of the session. The weakest stock on the list was Chicago Union Traction. This stock sold off sharply on Monday following the United States supreme court decision affecting its charter rights, and yesterday the common broke to 7¾ and the preferred to 30, the latter a net loss of 16 points compared with the close on Monday.

At the opening a little drive was made against the copper stocks, but the weakness did not extend to the remainder of the list. All the loss was recovered in the afternoon and Anaconda closed 1 and Amalgamated ⅞ per cent higher. American Smelting was strong throughout and closed 1¼ higher, while National Lead closed ⅜ higher.

The iron and steel stocks scored moderate gains. Part of the buying of United States Steel common was said to be for London account, and the stock closed ¾ per cent higher. The preferred closed only ⅛ higher.

Among the specialties the active features were Southern Railway, Louisville & Nashville, Big Four, Nickel Plate and Brooklyn Rapid Transit. The last named crossed 85 and closed with a net rise of 1⅛ per cent. Louisville & Nashville closed 2½ per cent higher and Southern Railway 1⅛ higher. Wall street had a rumor that Mr. Frick was a large buyer of Southern Railway, and that London was a buyer of the stock yesterday on a rather extensive scale. Cynical observers of the movement, however, recalled the fact that Southern Railway is shortly to issue some bonds, and they credited Morgan interests with stimulating the activity for its effect upon financial operations to come.

The regular railroad list made good rallies, under the leadership of Reading and Union Pacific. Without exception the railroad stocks closed higher.

Call loan rates ranged between 4 and 4½ per cent. It was reported that an additional engagement of gold had been made in London for shipment to New York, but the amount was not stated. In London discounts were firmer, ascribed to the American demand for gold, and in New York there was a rise in sterling exchange rates which for the time being seemed to postpone further imports of the metal.

---

More than one-half the total dealings on the Pittsburgh stock exchange consisted of Crucible Steel stocks. Early in the day it was announced that the directors had declared a dividend of 1½ per cent on the preferred stock, which was an increase of ½ per cent over the rate paid in December. The stock opened at 79¾ and advanced to 81, the highest price for quotable lots since the resumption of dividends. Nearly 3,000 shares changed hands, and the market closed at a net advance of ⅞. The common stock was also active and firmer and closed fractionally higher. The only feature of the coal stocks was the activity in River preferred, nearly 1,000 shares changing hands at 23. A small lot of Pittsburgh Coal preferred sold at 56, a decline of 1 per cent. The Brewing stocks were less active but steady. Independent Brewing bonds were in good demand at 107⅜. National Fire Proofing common sold unchanged at 8½, and the preferred closed a shade lower at 25¾. The Westinghouse stocks were dull and without quotable change. There was a decided falling off in activity in the mining department and prices closed lower, with the exception of United Copper, which rallied to and closed at 72½. Tonopah Extension declined from 13⅝ to 13.

## NOTES AND COMMENT.

From the action of the market, it may be taken for granted that the Crucible Steel directors more than fulfilled expectations when they declared a dividend of 1½ per cent yesterday on the preferred stock, payable March 30, to stock of record March 19. When dividends were resumed last December the directors declared 1 per cent. Inasmuch as the earnings for the past three months were between $850,000 and $900,000, and the amount required to pay the full quarterly dividend of 1¾ per cent on the preferred is $437,000, some of the more sanguine bulls on the stock looked for the full rate to be restored yesterday. The majority, however, did not look for more than 1¼ per cent, and the most conservative would not have been disappointed if only 1 per cent had been declared. According to street gossip there was some difference of opinion in the board over the rate, and the 1½ per cent is looked upon as a compromise. If present prosperous conditions are maintained, it is reasonably certain that the full rate will be declared in June. The back dividends on the stock amount to 15 per cent, or a little less than $4,000,000. It is said that if there had been any assurance that no coal strike will occur, the full rate of dividend would have been restored yesterday. The stock market quickly responded to the dividend declaration, the preferred advancing to 81 and the common to 15½.

J. S. McKelvey sold 500 shares Crucible common and 500 shares of the preferred, and J. D. Armstrong & Co., Carothers & Co. and Darr, Luke & Moore were also sellers. Hooker and Scully, Painter & Beech were large buyers.

Lawrence & Co. offered a block of $50,000 Independent Brewing 6s at 107½, but was a buyer of the bonds at 107⅜.

Harry M. Willis has transferred his membership in the Pittsburgh stock exchange contingent upon the election of Frank H. Clark to membership. Mr. Willis is connected with the office of Humphries Miller.

Dealings in Ohio Tonopah were smaller yesterday than for any day for several weeks. The sales of Tonopah Extension amounted to less than 400 shares, and in the curb market dealings were smaller than usual of late.

Merchants Savings & Trust sold at 52½, an advance of 2½.

American Window Glass preferred sold at 30, an advance of 5 per cent. Pittsburgh Plate Glass sold unchanged at 115.

The governing committee of the Baltimore stock exchange has ruled that a member having a New York office must charge ¼ of 1 per cent commission on bonds in accordance with its rules, instead of ⅛ of 1 per cent, as charged by New York houses. As a consequence of this ruling a prominent member of the Baltimore stock exchange has disposed of its seat in that institution.

A special meeting of the stockholders of the Allegheny Valley Railway Company will be held in Philadelphia today for the approval or disapproval of the stockholders of the sale to and acquisition by the Pennsylvania Railroad Company of all the franchises corporate property, rights and credits of the Allegheny Valley Railway Company. The actual merger of the company will not be completed until the acquisition agreement is duly filed in the office of the secretary of the commonwealth.

In the New York senate yesterday the bill requiring trust companies to maintain a reserve was ordered to third reading.

The report that the common stock of National Lead is to be retired by an issue of American Smelters Securities Company. Stock is authoritatively denied. The American Smelting and Refining Company or the American Smelters Securities Company as corporations do not figure at all in the lead merger negotiations.

Republican Iron and Steel preferred will sell ex-dividend of 3¾ per cent, which includes the regular quarterly dividend of 1¾ per cent and the 2 per cent on deferred payments, March 15. A representative of the company says all the departments are in active operation and that earnings are running far in excess of the figures of a year ago. Orders are said to be coming in in excess of production.

Gross earnings for the first week in March: Southern railway increased $70,747, St. Louis & Southwestern increased $22,447, Western Maryland increased $15,466.

The Sloss-Sheffield Company's surplus after the payment of regular dividends was equal to 7.36 per cent on the common stock now outstanding.

The annual meeting of the Union Switch and Signal Company yesterday the following were re-elected: George Westinghouse; directors, George Westinghouse, Robert Pitcairn, William McConway, George C. Smith, Thomas Rodd, Henry G. Prout and John B. Jackson. The company has at present over 2,100 employes on its payroll. Of this number, about 1,500 are occupied in the Swissvale shops, while the others are scattered over the country among construction corps installing railroad safety appliances.

Otis Elevator directors have declared the regular quarterly dividend of 1½ per cent on the preferred stock and the annual dividend of 2 per cent on the common stock—dividends on both common and preferred are payable April 16th to stockholders of record March 31.

The United Copper Company has declared a quarterly dividend of 1½ per cent, and an extra dividend of ½ per cent on its common stock, or the same as was declared in the previous quarter. The usual semi-annual dividend of 3 per cent also was declared on the preferred stock. The dividends are payable April 30 on the common stock, and May 15 on the preferred. The directors voted to sell to the Butte Coalition Company the $2,500,000 of bonds in the treasury of the United Copper Company which has never been issued, but which covered some properties recently sold to the Butte Coalition interests. This makes the direct cash received by the United Copper Company in the Montana copper settlement about $14,000,000.

The regular dividend of 1¼ per cent on the preferred stock of the C. C. C. & St. L. railway will be paid on April 20 to holders of record March 21.

The National Sugar Refining Company has declared the regular quarterly dividend of 1½ per cent on the preferred stock, payable April 2.

The Mergenthaler Linotype Company has declared the regular quarterly dividend of 2½ per cent, payable March 31.

The United Fruit Company has declared the regular quarterly dividend of 1¾ per cent, payable April 14, to stockholders of record at the close of business March 31.

Rates both for call and time loans were quotably lower in Wall street, but the response to this condition in the foreign exchange market was a strong recovery. Discount rates hardened in London and sterling exchange rates fell back at Paris and Berlin. Paris sold mining securities in London, and Berlin was said to be meeting a requirement for Russian payments on account of Japanese charges for care of prisoners of war. Russian loan prospects are believed to be hanging over any future relaxation of foreign money markets.

Of this amount, $32,839 had been deposited at San Francisco and $271 at Seattle. Total thus paid since Friday, $36,617, against $135,275 for the same period a week ago. Total payment by government to New York banks for the day, $3,728,000. Payment by banks to government, $4,758,000. Balance on the day's transactions, $1,031,000 paid by banks to government. Total net payment by banks to government since Friday, $301,000 against $1,890,000 similarly paid for the corresponding period a week ago, and $1,745,000 paid by banks to government a year ago.

### Foreign Financial.

LONDON, March 13.—Consols for money, 90¼; consols for account, 90⅜; bar silver steady at 29 3-16d per ounce; money 3½@4 per cent; for short bills, 3⅝ per cent; for three months' bills, 3 9-16@3⅝ per cent. Money was in good demand in the market today and supplies were scarce. Discounts were firm on the monetary outlook, chiefly in view of the purchase of bar gold for New York. But it is not anticipated that the demand will be serious, though the supplies are insufficient. Kaffirs were heavy on the attitude of Paris. Japanese imperial 6s of 1904 were quoted at 104⅛.

PARIS, March 13.—Three per cent rentes, 99 francs 52½ centimes for the account. Exchange on London, 25 francs 14½ centimes for checks.

### New York Money Market.

NEW YORK, March 13.—Money on call, steady at 3½@4½ per cent. Ruling rate, 4 per cent; closing bid, 3½ per cent; offered at 4½ per cent. Time loans easier; sixty days, 5@5¼ per cent; ninety days, six months, 4¾@5 per cent. Prime mercantile paper, 5@5½ per cent. Sterling exchange strong with actual business in bankers' bills at $485.55@485.60 for demand and at $82.40@48245 for 60-day bills. Posted rates, $4.83@4.83½ and $4.86½@4.87. Commercial bills, $4.82¼. Bar silver, 63⅛c; Mexican dollars, 48⅜c. Government bonds steady. Railroad bonds heavy.

### Receipts and Expenditures.

WASHINGTON, March 13.—National bank notes received today for redemption, $903,647; government receipts from internal revenue, $420,859; customs, $1,101,993; miscellaneous, $88,152; expenditures, $1,870,000.

### The Wool Market.

BOSTON, March 13.—A feature of the wool market had the unsuccessful effort to contract for wools in the west. Montana and Wyoming growers are reported as placing prices at prohibitive figures. The market shows a firm outlook. There is a small supply of territories on hand. For fine medium, 66@68c is being paid. There is a moderately steady call in pulled wools for fine As and A supers. Foreign grades are steady. Leading quotations follow: Ohio and Pennsylvania XX and above, 35@35½c; X, 33@34c; No. 1, 38@39c; No. 2, 35@40c; fine unwashed, 26@26½c; ¼-blood, unwashed, 32@32½c; ⅜-blood, 33@34c; half-blood, 33@33½c; unwashed delaine, 28@29c; fine washed delaine, 36½@37c. Michigan fine unwashed, 24@25c; ¼-blood, unwashed, 31½@32c; ⅜-blood, 33@33½c; half-blood, 32½@33c; unwashed delaine, 27@28c.

Kentucky, Indiana, etc., ⅜ and ¼-blood, 32@33c. Territory, Idaho, fine, 22@23c; heavy fine, 19@20c; fine medium, 22@23c; medium, 26@27c; low medium, 26@27c. Wyoming, fine, 21@22c; heavy fine, 19@20c; fine medium, 22@23c; medium, 26@27c; low medium, 26@27c. Utah and Nevada, fine, 22@23c; heavy fine, 19@20c; fine medium, 22@23c; medium, 26@27c; low medium, 26@27c. Dakota, fine, 22@23c; fine medium, 22@23c; medium, 27@28c; low medium, 26@27c. Montana, fine choice, 24@25c; fine average, 23@24c; fine medium choice, 24@25c; average, 23@24c; staple, 27@28c; medium choice, 27@28c; average, 26@27c.

LONDON, March 13.—The second series of wool auction sales opened today, with a large attendance. There was strong demand for all offerings, and merinos sold 5 per cent and cross-breds 7½ to 10 per cent over the last sales. Most of the offerings were taken by home buyers. Americans bought suitable parcels of medium greasies at an advance of 5 per cent. Following are sales in detail: New South Wales, 300 bales, scoured, 1s@1s 10d; greasy, 6¾d@1s 1½d. Queensland, 1,700 bales, scoured, 1s 2d@1s 11½d; greasy, 9d@1s 2½d. Victoria, 900 bales, scoured, 1s@1s 6d; greasy, 9d@1s 3½d. South Australia, 200 bales, greasy, 6¾d@1s ½d. West Australia, 500 bales, scoured, 1s 4d; greasy, 7½d@1s 2d. New Zealand, 3,700 bales, greasy, 6¾d@1s 2½d. Cape of Good Hope, and Natal, 400 bales, greasy, 7d@11½d. River Plate, 200 bales, greasy, 8½d@1s 3d.

# NO PUBLIC ATTENTION TO THE STOCK MARKET

## Trading Is Highly Professional and Manipulation Causes Some Short Covering.

[By Private Wire to The Gazette.]

NEW YORK, March 14.—The Herald this (Wednesday) morning says: Stocks were highly irregular yesterday in a narrow and professional market. The early trading was practically a continuance of the reactionary tendency manifested at Monday's close, and practically all issues dipped lower. Prices hardened around midday, and at the close, many of them had recovered the losses of the preceding day, while a few pool and clique specialties showed trifling advances.

There was no mistaking the character of the market. It was highly professional, with no signs of public participation in it. When left to themselves stocks simply stagnated or sagged off. Manipulation furnished the sole motive power. The "churning" influenced some short covering. The bond division of the market was intensely dull, and though some banking houses held that there was a shade of improvement in the "counter business," this view was not general, and bond dealers reported very little buying demand from investors or investing institutions. Money rates were still too high, and the future not yet clear enough for investment buying, they said.

An easier tendency was reported in the money market and rates of domestic exchange at interior points moved slightly in favor of New York, leading bankers to hope that some currency would flow their way. As against this, sterling exchange advanced sharply, and discounts in London, making even "special" gold imports out of the question. In addition to this, the sub-treasury began to draw again from the banks and customs collections were larger, indicating the resumption of the treasury drain. In the absence of important news developments Wall street gave consideration to the features of the preceding day, the probability of an anthracite coal strike, the adverse supreme court decisions, impending investigations of railroad and individual corporations and the like. Only one of the supreme court decisions was effective on the stock market—that directed against the Chicago traction companies—which was followed by a violent collapse in the traction shares of that city. Western weather advices were favorable, and even influential in depressing the price of wheat.

# OIL REPORT CAUSES COMMENT

## Present Rate of Decrease Will Exhaust Entire Stock in Less Than Two Years.

OIL CITY, PA., March 13.—The report of the pipe line companies showing the statistical situation in the eastern oil fields has caused much comment among producers in the older regions. During 1905 there was a decline of over 40 per cent in the stocks above ground in the Pennsylvania and Lima oil regions.

December 31 there were about 16,000,000 barrels, the smallest on record since June, 1900. Since the first of the year there has been a further decrease of nearly 1,000,000 barrels, and on February 28 the total stock in both regions amounted to only 15,110,698 barrels. At the rate of decrease during the last month it is said the stocks will be entirely exhausted in less than two years.

### Condition of the Treasury.

WASHINGTON, March 13.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve, shows: Available cash balance, $152,262,069; gold coin and bullion, $77,722,891; gold certificates, $45,930,680; silver coin and bullion, $15,020,743; silver certificates, $4,573,873; United States notes, $9,800,527; treasury notes of 1890, $46,104; national bank notes, $13,459,642; total receipts this month, $20,533,302; total receipts this year, $416,376,875; total expenditures this month, $21,430,000; total expenditures this year, $416,172,269.

### Turpentine and Rosin.

AT TONOPAH
"The Desert of Gold"

Mr. Albert H. Scott, Secy. and Treas. of the Pittsburgh Tonopah Gold Mining Company, a very capable and able mining engineer, arrived in Tonopah to inspect the company's mining properties in behalf of the Stockholders and his own interest, which is quite large. After inspecting the mines—wired the following message:

Tonopah, Nev., March 12, 1906.
Mr. Robert Y. Slater,
1203 Peoples Savings Bank Bldg.,
Pittsburgh, Pa.

Have examined mines. Recent development of mines fully justified. Opinion, a valuable mine. Believe there is a great future for the properties. Will push the development work as fast as possible. Shaft has been sunk to a depth of 60 feet. Samples will be sent as soon as possible.
(Signed) A. H. SCOTT.

Stock now selling at 45 cts. per share, as development work progresses, should advance much higher. Par value, $1.00 per share. Full paid and non-assessable. Entire issue nearly sold—write for our booklet, "THE DESERT OF GOLD," application blank and full information at once. Wire or phone in your order at our expense, or call in person.

BANKERS AND BROKERS. BANKERS AND BROKERS.

A FEW FACTS

For the past year we have been and are still advising the purchase of the better class of Nevada Mining Stocks; that is, the LISTED STOCKS that are quoted on Exchanges where they can always be bought and sold, as we believe that now there is an opportunity to reap profits that is seldom offered to the public.

To those who are not familiar with the TONOPAH, BULLFROG and MANHATTAN stocks, we will be pleased to have them call or write and we will endeavor to point out in our opinion the best producing mines, and best located prospects which will offer the greatest chances for increased values. The prices of these stocks range from a few cents to several dollars per share.

When we advise the purchase of these stocks, we mean the purchase outright, that is, FOR INVESTMENT.

Again WE PREDICT that the present legitimate market in this city will increase until we have a legitimate market of one-half million shares or more daily, and during this time there will be opportunities for both large and small investors.

This, of course, will also offer opportunities and chances to the promoter with his "WILD CAT" and worthless securities, and we take occasion to remark right here that the utmost care should be taken in selecting your broker. The honest broker will oftimes make mistakes, but these he immediately rectifies; the dishonest broker or promoter has no one's success at heart but his own, and never intends spending any of the money he receives for his worthless stocks in developing his property.

While there is room for more legitimate mining brokers in this city, there are enough honest ones to take care of the present orders, and we believe, if properly warned, that the man who has sagacity and intelligence enough to accumulate money to invest will in future spend a little time investigating the worth of the investment he is about to make.

We are not in favor of a boom, and while we must predict a boom, judging from present conditions, we would like to see a healthy market for these stocks in Pittsburgh, as we believe that the addition of $20,000,000.00 or more in GOLD during the coming year to the Nation's wealth is bound to reflect itself in Pittsburgh brokers receiving part of the orders in these stocks, and when these orders begin to arrive we would like to see them properly taken care of, for both our own and our fellow brokers' sakes who are spending their money and time in trying to give Pittsburgh something it has never had heretofore—A LEGITIMATE MINING MARKET.

Hoping to be entrusted with all or part of your business, we are, Yours, very truly,
O. F. JONASSON & COMPANY,
Brokers.

# CABBAGE TAKES A JUMP AND DEMAND IS STRONG

## Highest Quotations of the Season on German Seed Stock. Celery Is Wanted.

Produce markets were rather quiet yesterday. A strong market was maintained in cabbage of all grades. There was an advance during the day, both on street and yard quotations, and the merchants are predicting an extremely firm market in this line. The receipts are rather light and the demand is good, consequently the prices are being easily obtained. German seed stock is now selling in the yards at $38, and a further advance would not be surprising.

The strong market which has been maintained by celery for several weeks continues, and even at the full late quotations not enough goods is obtainable to fill the demand and premiums are often obtained from an anxious buyer. The Ohio and New York state stock are off the market and California and Florida grades are the only ones to be seen.

There is no noticeable change in the egg market, with the possible exception that fresh stock is slightly weaker and there has been a reduction in the quotations from those of last week. Storage eggs are still being sold in small quantities, but not many merchants are quoting them. The boats are bringing large shipments of fresh stock.

The butter market is ruling rather firm, with light receipts of fancy fresh creamery stock and a good demand for the same. Under grades do not show much change and it is not likely there will be a change in any of the quotations one way or the other during the remainder of the week.

Buyers of groceries are not taking out flour in very large quantities, and consequently the market is in rather an unsettled condition at the present time.

### HAY AND GRAIN.

#### RECEIPTS.

Receipts bulletined yesterday were: Pennsylvania, 15 cars oats, 17 hay, 3 straw, 2 corn, 1 rye. Baltimore & Ohio, 1 car hay, 1 oats. Pittsburgh & Lake Erie, 4 cars hay, 2 oats, 1 corn, 2 feed.

The receipts were light yesterday and easily cleaned up. No stock has been carried over for some time and the market has a steady and firm appearance. An advance is looked for in hay today and possibly there will be changes in the quotations all down the line.

### Coffee and Sugar.

NEW YORK, March 13.—The market for coffee futures opened steady at an advance of 5@10 points in response to steady European cables, rumors that part of the Antwerp stock had been injured in a flood, and bullish private cables from Brazil claiming damage to the coming crop. There was not much buying power, however, in spite of the bullish average of the early news, and the market ruled generally fair, with prices barely holding their initial gain. Toward the close a cable was received claiming that rains had benefited the crop, and predicting a larger movement with the return of dry weather. The market was finally steady at an advance of 5 points. Sales were reported of 25,250 bags, including March at 6.75c, April at 6.80c, May at 6.90c, July at 7.05c, September at 7.25c, December at 7.50@7.55c, February at 7.60@7.65c. Spot Rio steady; mild steady; Cordova 9¼@12¾c. Sugar—Raw strong; fair refining, 2 15-16@3c; centrifugal, 96 degrees test, 3 15-32@3½c. Molasses sugar, 2 11-16@2¾c. Refined firm.

# WEATHER AFFECTS PRICE OF WHEAT

## Reports of Additional Snow in Winter Section Causes a Break in Market.

[By Associated Press to The Gazette.]

CHICAGO, March 13.—The wheat market was slightly easier at the opening, initial quotations on the May option being off ⅛ to ⅜ to ½c at 77⅞ to 78¼c. The weakness was caused by the selling by traders who were influenced by the weather bureau reports of snow in many parts of the winter wheat territory, and predictions for still more snow tonight. During the first part of the session the offerings from local traders were eagerly absorbed by commission houses and the May delivery advanced to 78¼@78⅜c. Later, however, the market broke sharply on increased selling by pit traders who were influenced by the closing prices at Liverpool, which showed a considerable decline. Lower prices for cash wheat and the absence of any export demand also weakened values. For May the lowest point of the day was reached at 76¾c. The market closed weak with May at 76⅞@77c. The July option sold between 77 and 77⅜c, and closed at 77⅛c. Clearances of wheat and flour were equal to 155,000 bushels. The world's visible supply as shown by Bradstreets increased 296,000 bushels. Primary receipts were 301,000 bushels against 451,000 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 265 cars against 319 cars last week, and 347 cars one year ago.

Small receipts of corn induced fairly active buying by cash houses and resulted in a steady market. Pit traders who were bearishly inclined because of colder weather throughout the corn belt were the chief sellers. Late in the session the market became easier in sympathy with the break in wheat. The close was rather weak with prices at the lowest point of the day. May opened ⅛@¼c lower, at 42⅞@43c, sold at 43⅛c and declined to 42⅝@42¾c, where it closed. Local receipts were 237 cars, with six of contract grade.

Oats were steady all day. There was some liquidation by local longs but offerings were readily absorbed by pit traders who had sold short yesterday. May opened unchanged to a shade lower at 29¼@29⅛c, sold between 29@29¼c and 29¼c, and closed at 29⅛c. Local receipts were 170 cars.

Provisions were firm, because of a fair demand by packers and a scarcity of offerings. A 5c advance in the price of live hogs strengthened prices. At the close, May pork was up 5@7½c at $15 72½. Lard was 2½@5c higher at $7 77½@7 80. Ribs were up 10c at $8 30@8 32½.

Estimated receipts for tomorrow: Wheat 24 cars; corn, 161 cars; oats, 94 cars; hogs, 33,000 head.

Keystone-Nevada Mining Company

INCORPORATED UNDER THE LAWS OF NEVADA.

Location and Description of Mines

The mines of the company are located at Olinghouse, Nevada, in the White Horse district, 30 miles east of Reno, 18 miles from Virginia City and 6 miles from the Southern Pacific railway.

They cover an area of 240 acres, and are traversed by eight true fissure veins, trending northeasterly and southwesterly, with widths varying from one to thirteen feet.

These veins are named "South Rhyolite," "Rhyolite," "Norris," "Proctor," "Harvey," "South," "Middle" and "Wonder."

Extent of Development Work:

The "South Rhyolite" vein is exposed by surface cut and incline and by outcrop a distance of 100 feet, the dip being 75 degrees. Width varies from one to six feet and average value is $10 per ton in free gold.

The "Rhyolite" vein is exposed a length of 400 feet by two shafts, three open cuts and outcrop, width of vein varying from one to eight feet, assays running as high as $309 having been received.

The "Norris" vein is exposed on surface 50 feet by incline and shaft, and in No. 3 tunnel there is a vast quantity of ore carrying good values.

The "Harvey" vein is exposed for 300 feet by two shafts, crosscut and tunnels, and also in a "raise" from No. 2 tunnel to the surface. Some very rich ore has been exposed in No. 2 tunnel and in the "raise," a large quantity of it carrying good values.

The "South" vein is exposed for a length of 250 feet by shaft-incline and south drift of No. 4 level, and is exceptionally well defined, workings now proving up a large body of ore.

The "Middle" vein is exposed a length of 500 feet by incline shaft, the north drift of No. 4 tunnel, No. 5 tunnel, and winze, with a drift from bottom of winze and also by two shafts.

The "Wonder" vein runs through the entire length of the Wonder claim, but has not been developed.

Ore Bodies in the Workings.

No. 3 tunnel is a crosscut for nearly 300 feet, from which a "raise" is made to surface on dip of "Harvey" vein. All of the "raise" is an ore shoot, the vein being from 1.5 to 5 feet wide, but shoot is at least 75 feet in length.

On dump No. 3 tunnel there are 2,200 tons of ore running $6.50 in free gold.

No. 3 tunnel and winze levels Nos. 1 and 2, as well as winzes between them, all show ore with average thickness of 5 feet; or an ore body 200 feet long, 5 feet wide and 40 feet deep, equivalent to 2,000 tons in sight, carrying high values.

Ore body in No. 2 tunnel is 75 feet long, 100 feet in height and 2 feet thick; equivalent to 700 tons above No. 3 level, exceptionally rich. There are also about 200 tons of ore on the dump taken from this tunnel, some of which is known to be very rich.

In No. 5 tunnel the ore body is developed a length of about 75 feet, a depth of 50 feet by a winze, and vein has average width of 2½ feet.

There are large amounts of ore exposed in the other workings, and altogether, with present development, more than sufficient to justify the immediate erection of a 20-stamp mill, the average value of ore being estimated at $75.00 a ton.

Stock Is Offered at $1 Per Share,

PAR VALUE.

The camp of Olinghouse is of andesite formation with dykes of rhyolite and phonolite, and covering of malapi in places showing it to be of volcanic origin like Tonopah and Goldfield, and as it is located in the same range of mountains as is the famous Comstock lode, only 18 miles distant therefrom northeasterly—the same direction in which that great lode trended—the possibilities of the camp when depth is attained are at least encouraging.

No subscription taken for less than 100 shares, and no discount whatever on large blocks. For maps, prospectus, etc., address, or send orders accompanied by remittance, before price is advanced, to

# WAREHOUSES FOR POINT DISTRICT

## P. R. R. and Wabash to Give Direct Freight Service—Canadian Officers Here.

## CLUB DINNER TO BE APRIL 20

Pittsburgh's Point district will be completely changed within the next two years. The change will be brought about by two roads constructing new lines into the district—the Pennsylvania's Duquesne way elevated line and the Wabash and its line toward the Allegheny river. Instead of old ramshackle dwellings, now used either as dwellings or as stores, there will be practically an entire new block from Fifth street to Third street, between Liberty avenue and the Allegheny river.

No denial has been made of the Pennsylvania's proposition to have an elevated line in Cecil alley from its Duquesne way elevated line to the Jenkins warehouse in Penn and Liberty avenues, with service also for carload freight to the Horne and McElveen buildings. This spur may become a reality sooner than expected, and a number of such spurs into new warehouses and wholesale buildings below Fifth street is the prediction for the near future.

### Glenwood-Hazelwood Station Rumor.

The Baltimore & Ohio Railroad Company is reported to have bought the property of St. Stephen's Roman Catholic church at the northwest corner of Second avenue and Elizabeth street, Twenty-third ward, for $100,000. Some time ago it was announced that the railroad's agents were negotiating for the property, and a well-founded rumor has it that the deal was closed yesterday. The lot measures 135x174 feet and has erected on it the old St. Stephen's brick church, parish school house and parsonage. The church was located on this corner for more than 30 years, but was abandoned two years ago when the congregation built its $80,000 church on the corner diagonally opposite. Last night the Rev. Father James Devlin, pastor of the church, admitted that there had been some dealing for the property, but said that the deal had not been closed finally.

The property is two squares above the present Baltimore & Ohio station at Hazelwood avenue, and is on the boundary line between Hazelwood and Glenwood. The Baltimore & Ohio has contemplated the erection of a big joint station in this district for Hazelwood and Glenwood for some time, and it is said that the site just secured will be improved with one of the largest and most handsome suburban stations around Pittsburgh.

Superintendent Duer and Engineer Maintenance of Way Temple of the Baltimore & Ohio denied knowledge of the deal last evening. General Superintendent Finney could not be found.

### Railroaders' Eyes on Pittsburgh.

One might almost say that the eyes of the entire official railroad personnel of American roads are turning toward Pittsburgh just now, for a notable event like the annual dinner of the Traffic club of Pittsburgh is a strong drawing card. For four years these annual gatherings have been held, each year eclipsing former occasions in the matter of interest and attendance of out-of-town railroad men. They have come from all over America, and have carried home with them new ideas of Pittsburgh as a world's tonnage originating center. One visit was not enough, however, and many have expressed themselves recently as being desirous of attending the Traffic club's dinner this spring.

Announcement was made yesterday that Friday, April 20, will be Traffic club day in Pittsburgh. After a day of inspection over Pittsburgh's terminal roads, probably 600 railroad and industrial men will gather about the festal board at the Hotel Schenley. Arrangements are progressing in excellent shape and the speakers' names will likely be announced soon. The dinner committeemen are S. S. Bridgers, chairman; L. H. Constans, W. B. Everest, H. A. Jaggard, E. C. Sattley, L. C. Bihler and W. A. Terry.

### New Line to Muskoka Lakes.

Canadian Pacific railway officials were here yesterday conferring with District Freight and Passenger Agent Frederick W. Salsbury of that road, and with other local traffic men. The direct object of their visit was to look up conditions with reference to Muskoka lake travel during the coming summer season. E. V. Skinner, assistant traffic manager, of New York, announced that the Canadian Pacific will open its new line from Toronto into the Muskoka lake region within a few days, and that through car service will be established from Pittsburgh to the end of the new road. This line opens a new district.

Especially attractive propositions are to be made to Pittsburgh clubs to spend hot summer days along the new route. Hotels, bathing and boating facilities and everything in the way of equipment for caring for vacationists' wants are being provided.

Accompanying Mr. Skinner were C. E. E. Ussher, general passenger agent of the road's eastern lines, of Montreal, and W. E. Stevenson, eastern freight agent, of New York.

### Increased Sale on 2-Cent Rate.

Travel has already been stimulated in Ohio by the 2-cent passenger rate in that state. Ticket sales at a number of the smaller stations are reported larger than for a long time, while the purchases at interchange points are more than twice as large because of passengers traveling on tickets instead of mileage. The baggage rechecking has given a great deal of trouble, traveling men's sample cases sometimes being thrown off the train and left at the station to which the ticket read, while the traveling men themselves went on to further points. Passengers are endeavoring to take advantage of the 2-cent rate for interstate traveling. Stimulation of travel was predicted, but the rush has been greater than was expected.

### Railroad Notes.

David Peck of the Anchor line at Cleveland was in Pittsburgh on business yesterday.

The Wabash is reported to have ordered 20 switching engines from the American Locomotive Company.

Harry Metcalf, chief clerk to Freight Agent W. H. Rowe of the Pennsylvania lines at Canton, O., was a visitor among local traffic men.

Secretary C. W. Woolford of the Baltimore & Ohio spent several hours in Pittsburgh yesterday on his way from Cleveland to Baltimore.

Chief Motive Power Clerk Wilt of the Ft. Wayne route was in Pittsburgh from Ft. Wayne yesterday, conferring with officers of the Pennsylvania lines west.

Shop men have had their hours reduced on the Pennsylvania's West Penn and River divisions from 60 to 55 hours a week, Saturday being a half holiday without pay.

A kitchen shower will be a social event at the Buffalo & Allegheny Valley division of the Y. M. C. A. tomorrow night. A full kitchen outfit has been provided, and this will be sold to those who attend the social, with the understanding that the purchase be donated to the association.

# FORCES HIS GUESTS OUT.

## Proprietor of Donora Hotel Saves Several from Burning to Death—Carl Williams Almost Suffocated.

Had not the proprietor of the Irondale hotel at Donora rushed his guests out into the snow in their night clothes yesterday at 5 a. m. there would have been a great loss of life. A fire started from a heater and the 150 persons in the hotel were in grave danger. Men and women wanted to wait to save some belongings, but the proprietor and the hotel help [illegible] to leave the building, and [illegible] refuge in the neighboring [illegible]. Before the firemen could get to work the interior of the hotel was [illegible] well burned out. The damage amounts to $5,000.

The house occupied by Mrs. Lena Farrell, 139 Enterprise street, was damaged $500 by fire yesterday. Mrs. Farrell was in Steubenville. Carl Williams was sleeping on the second floor. He was awakened, almost suffocated by smoke, and got out with difficulty. In his bare feet he ran through the snow several blocks to the police station. When the firemen arrived the rooms on the second floor were afire.

# BRILLIANT CLOSING PROGRAM.

## End of Pittsburgh Orchestra's Eleventh Season Will Be Specially Marked.

Conductor Emil Paur and the Pittsburgh orchestra return this morning from Cleveland where last evening the orchestra made its sixth concert appearance in that city this season under the auspices of the Tuesday Musical club. On this occasion the program consisted of Gounod's "Faust" music in conjunction with the Rubinstein and Singers' clubs of that city.

The home concerts this week, Friday evening and Saturday afternoon, will mark the close of the eleventh season, the second one under Mr. Paur. The program chosen is a brilliant and appropriate one. Two numbers have place owing to many requests—the symphony, which is Tschaikowsky's "Pathetic," and Wagner's "Tannhauser" overture. No symphony has taken greater hold of Pittsburghers than this great emotional work of Tschaikowsky's, and whenever a request program is played it is sure to have place.

Tickets for these concerts are now on sale at Hamilton's, and there is a good choice at 50c to $1.50, for the evening, while all the seats for the afternoon are reserved at 10c and 75c.

# POINT PLEASANT PRODUCER IS NOT UP TO EXPECTATIONS

The new producer on Point Pleasant creek, Ellsworth district, Tyler county, is not as large as was predicted when drilled into the Keener pay. It has now been drilled through the Keener formation and is good for 75 barrels a day natural. This test is on the M. L. Workman farm and is owned by the Lincoln Oil Company. East of this well 500 feet the Southern Oil Company's No. 1 on the R. A. Workman farm is still holding up at 325 barrels a day.

On the Little Kanawha river, in the Yellow creek district, Calhoun county, the South Penn Oil Company, after giving its second test on the I. N. McConaughy farm a thorough test in the salt sand, has found it was not a paying producer and pulled it out and is now drilling to the lower sands. In the same district D. R. Cumming has drilled his test on the Ira Haverty farm through the salt sand and will have a very light pumper. This is 350 feet northwest of the Carter Oil Company's test on the Hartman tract.

In the Fairview district, Marion county, the South Penn has at last completed its No. 5 on the M. E. Brookover farm. From the time this well was started till completion, the time was longer than any other well ever drilled in West Virginia. The well was started in April, 1903, and one fishing job after another followed. Then the hole was plugged and abandoned, a new one started and more fishing jobs followed to meet the same fate. Finally the contractor threw up the contract, having lost enough money to bankrupt him. Then the South Penn Company put a crew of its own to work on the well and it has now been drilled into the fifth sand and the well produced 65 barrels the first 15 hours after it was drilled into the pay. From the time the well was started to full completion, almost three years will have expired. On Silver run, Grant district, Ritchie county, the South Penn has drilled its second test on the P. M. McGinnis farm into the salt sand and has a show for a 60-barrel producer from that level. This is the best showing made by any of the late completions in that district. On Rock run, Clay district, Ritchie county, near the Pleasants county line, Ellsworth, Davis & Trees have drilled their No. 5 on the M. L. Gorrell farm through the Keener sand and have a producer good for 50 barrels a day. On Goose creek, Grant district, the Southern Oil Company has drilled in a second test on the C. & R. Templeton farm and have a show for a 20-barrel producer in the salt sand.

In the Folsom district, Wetzel county, the South Penn has drilled its No. 60 on the Genina Robinson tract 45 feet into the stray sand and has a show for a light well. In the Wallace district, Harrison county, the same company has drilled No. 6 on the M. P. Dye farm 47 feet into the stray and has developed a light gas pressure. In the same district, No. 8 on the E. A. Hall farm has been shot and filled up 500 feet with fluid from the Gordon. It will make a very light pumper. In Clay district, Monongahela county, the Chartiers Oil Company has drilled its test on the R. S. Lemley farm into the Big Injun and has a show for a producer. It will be tubed and tested.

Northeast of Woodsfield, on the Ohio side in Monroe county, the Unity Oil Company has drilled its No. 6 on the J. T. Benbow farm through the sand and has a 20-barrel producer.

In the Nineveh district, Greene county, Pa., the South Penn Oil Company has completed its No. 4 on the Thomas Hineman farm and has a show for a 20-barrel producer.

# NEWS FROM THE MINES.

The Butte and London Copper Mining Company has been taken over by the Venture Company of London. This is the first appearance of the big London company in the Montana mining camp, although it owns big properties in other western states, especially Colorado, California and Mexico. The Butte and London owns 113 acres of ground just east of and adjoining North Butte and it is the opinion of mining men that the North Butte veins run through its ground.

The mining profits of the Atlantic Mining Company for the year 1905 were $79,958. The surplus on December 31, 1905, was $365,220.

Copper exports for the month of February from all ports were 15,501 tons, against 17,608 a year ago.

The Horn Silver Mining Company declared a dividend of 5 cents a share, payable March 31.

A Goldfield dispatch says:

Malcolm L. Macdonald, who was instrumental in bringing about the Montgomery-Shoshone Consolidated Company merger under the leadership of Charles M. Schwab, has given out the details of the plans for the development and equipment of the Schwab properties.

"We will begin immediately to ship ore of milling grade in 25-ton lots for experimental treatment," said Mr. Macdonald. "We have practically decided on a process, but we want to try one or two other processes before we fully decide. In the meantime, we are preparing plans for the big mill, which will be delivered at the mine soon after the completion of the railroad. The mill will be large enough to treat all of our ores and all custom ores that we can get. We will leave one end of the mill open, so that we can add to the batteries whenever it becomes necessary.

"C. O. Whittemore, vice president of the Las Vegas and Tonopah Railroad Company and chief counsel for the San Pedro route, accompanied us on our recent trip to Bullfrog to arrange for a terminal, and it will depend entirely on his decision as to where we will construct the mill.

"It was decided while we were in Bullfrog that Beatty shall be the terminus until the line is extended to Goldfield and Tonopah, and arrangements were made for yards at Beatty. From Beatty spurs will be extended to the various mines. The location of the mill, therefore, will be governed very largely by the final decision of Mr. Whittemore.

"Mr. Schwab while at Los Angeles consulted with J. Ross Clark of the Clark road in regard to rates for hauling ores. I believe that Mr. Clark, and possibly his brother, the senator, will come up from Tonopah during the present month. We have every reason to believe that Mr. Schwab's conference with the Clarks will result in our securing very satisfactory rates.

"When the new mill is in operation it will be possible for the miners of Bullfrog to mine $10 ore at a profit. It is part of Mr. Schwab's great plan to make it possible for miners to bring $10 or $15 ore to the mill and have it reduced at a profit."

A report just received from the Keystone-Nevada mines at Olinghouse, Nev., states that another big ore body has been broken into in the face of No. 2 tunnel, the ore showing free gold all through it. It is in this tunnel, according to authorized statements, that the richest ore in the mines exists awaiting the erection of the projected mill, pannings from a body 75 feet long, 160 feet high and two feet thick showing values as high as $4,000 to the ton. The superintendent and engineer in charge are enthusiastic over the outlook of the mines.

### The Metal Market.

NEW YORK, March 13.—There was a further advance in the London tin market, with spot closing at £166 and futures at £164 7s. Locally the market was also firm and higher with spot quoted at $36 25@36 35. Copper was lower abroad, closing at £79 17s 6d for spot and £78 2s 6d for futures. Locally the market showed a firmer tone and inside prices were quoted at a shade higher. Lake is now held at $18 50@18 75; electrolytic at $18 25@18 50, and casting at $18 00@18 25. Lead was unchanged at $5 35@5 45 in the local market, but was higher at £15 17s 6d in London. Smelter was unchanged at £24 10s in London and at $6 20@6 30 locally. Iron was higher abroad with standard foundry closing at 48s 6d and Cleveland warrants at 48s 7½d. Locally no change was reported. No. 1 foundry northern is quoted at $18 25@19 35; No. 2 foundry northern at $17 75@18 85; No. 1 foundry southern, $18 25@18 75 and No. 2 foundry southern $17 75@18 25.

BOSTON, March 13.—A sharp break in Boston Cons. was the principal feature of interest in our market today. The selling came principally from one house which has been largely interested in the development of the property and from New York sources. The only explanation of the weakness was a rumor that there is a hitch in the consolidation plan. We hear bullish talk on Utah Cons., Osceola is being quietly picked up and the stock is scarce. On its merits it ought to sell 20 points higher. This is still a traders market, however, and should be sold on all strong spots.

# TAX LIENS TO BE REVIVED BY COUNTY COMMISSIONERS

The county commissioners and Controller Booth, after conferring with County Solicitor Hay, have decided to revive all tax liens in accord with the act of 1901. They will begin soon to revive the liens of the year following the act becoming effective and will continue until the whole number, about 5,000, are revived. As it costs $1 25 to revive each lien, it looks like a big expense to the county, but it is not, now the fee systems are no longer in vogue, for the money finds its way into the treasury again, and it only costs clerk hire to accomplish this.

Tonsiline Prevents Diphtheria

Diphtheria is the most dreaded disease of childhood, because it is so often fatal. It is invariably preceded by Sore Throat—nature's danger signal.

At the appearance of Sore Throat the first thought should be its instant cure. Don't regard it lightly—don't think it may be gone tomorrow. An hour's delay may bring fatal results.

What good doctor in his practice now advises delay or thinks lightly of any Sore Throat, especially in children?

Modern medication wisely endeavors to quickly control and cure the simpler forms of disease—it's so much easier and so much safer than waiting for the graver diseases to follow.

It is right here and in this way that TONSILINE has its greatest value.

Tonsiline will positively cure the Sore Throat and thereby prevent the dread disease—Diphtheria.

Tonsiline is the one remedy, sold largely throughout the United States, exclusively for the cure of Sore Throats. Its field is limited but it does its whole duty every time. We know of no case where it has failed during its years of use in thousands of homes.

Buy a bottle today and have it ready for instant use.

Tonsiline is the stitch in time. 25c and 50c at all druggists.

OUR PREMIUMS ARE OUR SALESMEN

You Can Furnish Your Home FREE With Walker Premiums!

The Walker Plan of Household Economy.

This is a Factory-to-Consumer Plan. Walker Products are not on sale at stores. You pay the same price for Walker Products that the dealers ask for similar goods. But, the difference is, *we make you a present of Premiums equal to the full value of your purchase.*

The Premium represents the profit that goes to jobbers, wholesalers, retailers and other middlemen, when you buy goods at the stores.

If the Goods and Premiums should not be found satisfactory by the end of 30 days after receipt, we will take them back and refund the money received therefor. We will make no charge for quantity used in a reasonable trial. The transaction will therefore cost the customer nothing. This is the most liberal guarantee in the history of modern merchandising.

**Walker Products** The business of the Walker Factories is divided into two great Departments, one of which is devoted to the manufacturing of Walker Products, and embraces over 200 of the everyday necessities of the home, such as you buy from the grocer, the druggist and the department stores, including **Laundry Soap, Laundry Supplies, Toilet Soap, Toilet Articles, Teas, Coffee, Cocoa, Chocolate, Baked Beans, Ketchup, Baking Powder, Spices, Flavoring Extracts, Perfumery, Polishes, Medicinal Remedies**—articles used every day in the Home.

**Walker Premiums** The other Department is devoted to the purchasing and distribution of Walker Premiums, 1100 different kinds—embracing almost everything you can think of in the way of **Parlor Furniture, Library Furniture, Dining Room Furniture, Baby Carriages, Mirrors, Davenports, Desks, Kitchen Cabinets, Ranges, Washing Machines, Refrigerators, Sewing Machines, Sofa Beds, Rugs, Lace Curtains, Draperies, Sideboards, Morris Chairs, Morris Rockers** and 1100 other articles that go to ornament and furnish a home.

**The Walker Plan** The plan on which we conduct this business, enables us to do away with the costly method of dealing through the jobber, the wholesaler and the retailer, in order to get the goods into the hands of the consumer. We deal direct with our customers, giving them the full benefit of our economic plan of manufacturing and selling.

Housewives can buy their necessities from us at the same prices they pay for goods elsewhere, and they can receive **FREE** Premiums that are worth the full amount paid for Walker Products.

**Folding and Reclining Go-Cart No. 426.**

This is a very desirable premium. The body is made of closely woven reed; reed bottom, cane fitting with No. 8 auto rubber tire; steel wheels; extra strong gear. Latest appliances for reclining back and baskets. A strong and handsome go-cart. Can be folded, making it convenient to carry or store in travelling. *Satisfaction guaranteed. Given free with $10 worth of Walker's Goods of your own selection* or Given Free for 5 Certificates.

**Why Not Organize a Walker Club?**

For convenience in ordering Products and Premiums, 10 members may form a Walker Club, the necessary blanks and instructions being furnished by us, **FREE.** A valuable Premium is given with each weekly Order, and the Club Secretary receives a Special Premium for her work. Already, over a million women in all sections of the United States have formed themselves into Walker Clubs, and buy Goods regularly on the Walker Plan of Household Economy.

Every lady who reads this should write or call for our **FREE** Premium Catalogue and full instructions for organizing a Club.

**Visit Our Display Rooms** Obliging clerks to show you the Goods and Premiums and give you full information. Come and bring several of your lady friends!

**How to Reach the Walker Factories** Take a Millvale or Etna car and tell the conductor to let you off at Walker's Bridge. If not convenient for you to call, write for our big **FREE** Catalogue, illustrating and describing Walker Products and Premiums and fully explaining our Plan of Household Economy.
